

Band of H. M. S. *Indus*, comprising eighteen performers, dressed in neat white uniforms turned up with blue. Unlike our shore Bands these sailor musicians play the good old national airs,—those tunes which when once impressed on the heart can never be effaced,—the "songs of other days" which come right straight to the feelings of every person who has the good taste to appreciate them. After the Society had paid their respects, at Government-house, the Band playing the National Anthem, they finally dispersed opposite St. Mary's, after a few well-timed words from the Rev. Mr. Higginbotham, who has been mainly instrumental in resuscitating this very useful and promising association.—*Chron.*

It is pleasing to see that Mr. Arthur Moren, son of J. A. Moren, Esq., of this city, and now a student of Medicine at Edinburgh, has recently taken a prize in Botany at the University. He was educated at Windsor College.—*Jour.*

On Tuesday last, his Excellency the Lieut. Governor, attended by a brilliant staff, presented the Sardinian War Medal to Lieut. Col. Ingall, 62nd Regt. Capt. Wilkinson, 62d, Capt. Paterson, 63d Regt., and to two privates, whose names we could not hear. The presentation was made on the parade, in presence of a large body of troops and a crowd of citizens.—*Id.*

Accounts by the *Eastern State*, from Boston, represent Delhi to have fallen. General Barnard reached there on the 8th, and the city was stormed, it is said, on the 12th. One account states that 30,000 lives have been lost, men, women and children. Another that 7000 mutineers have perished, and that the insurgents were driven without the walls. The loss on the British side was some 40 or 50 men, and Adjutant General Colechester. The above may be true, but needs further confirmation ere it be implicitly relied on.

The Pic Nic of the Yacht Club at McNab's Island was a very interesting affair. The Pic Nic at Grand Lake is also spoken of as embracing a variety of attractions. In connection with the latter the exceptional conduct of the Railway Board, in reducing the fare for the occasion, has been severely commented on. We should not object, perhaps, to any extra facility being allowed to the working class of our community to enjoy themselves, or to the public to encourage a laudable undertaking—and the reduction of fare on this occasion will be excusable, if the rule is to be general and not special.

Holloway's Pills, in spite of the prejudices of medical martinetts, have found their way into the leading hospitals and dispensaries of Europe, and are now the established family medicine of all classes in the United States. Upon the Stomach and Liver, which prepare and temper the blood, upon the organs which vitalize it in the process of respiration, and upon the excretory vessels which discharge from the system the residuum not required for the purposes of nutrition, these pills operate in a most marvellous manner, regulating, invigorating, cleansing and fortifying the whole physique. In bilious disorders, dyspepsia, asthma, diarrhoea, dysentery, sick headache, constipation, general debility, and complaints peculiar to females, their effect is astonishing.
