In accordance with the resolutions passed by the Boards of School Commissioners for the Districts of Lunenburg and New Dublin, requesting a union of the said District, in terms of Section 13th of the *Act to amend the Existing Laws relating to Education, 1869*.

It is ORDERED, by the Council of Public Instruction, that the School Districts of Lunenburg and New Dublin, in the County of Lunenburg, hereafter be and constitute one School District, to be known as the School District of Lunenburg and New Dublin. The Board of School Commissioners for such district shall hold its regular semi-annual meetings as follows:—The meeting of May in each year at Bridgewater on the second Friday in the month, and the meeting of November at Lunenburg on the second Friday in the month.

December 16th, 1869.

II. School Books—Superior School Grants.

In consequence of the increased drafts required for Teachers of Common Schools, the Council finds the funds at its disposal inadequate to meet all the expenditures contemplated by the School law. At the same time the Council is desirous of resuming the supply of Books and Apparatus to the Schools at reduced rates for another year. It is therefore ordered, with the concurrence of the Superintendent of Education, that no further sums be paid to competitor for the grant to Superior Schools, and that the sum allowed by the law for that purpose be applied towards furnishing the Schools with Books and Apparatus at the rates fixed by the order of October, 1868. [This Order is not to affect the unpaid grant of the past term.]

October 15th, 1869.
