

Canadian Medical Practice Office.

An Important Department of Medical Affairs and the only one in Canada managed by a Co-laborer in Medicine, Conducted for the Convenience and Protection of the Profession, for the purchase and sale of practices, the arrangement of partnerships, securing eligible openings, etc. All transactions and communications strictly confidential.

.....

Registered Buyers receive private notice of new offers, hence many practices are sold between the issues of the medical journals and never appear therein. **Intending purchasers consult their own interests** by giving this office such information and data of themselves and wants as to enable us to pilot them unto what they desire.

We try to secure reliable openings for physicians **and will offer nothing which will not stand a thorough investigation.** We obtain from prospective buyers their age, qualifications, religious persuasion, financial ability, etc., etc., and a pledge as to secrecy and honorable dealings.

Practices offered independently of this office are generally those which we have rejected as unworthy and undesirable.

We court the patronage of the profession and promise honest effort to secure your wishes, which our accumulated experience in these matters ought to enable us to do.
