ZUKERTORT-ROSENTHAL MATCH.

Another draw, and one game each has been added to the score which now stands—Zukertort, 2; Rosenthal, 1; drawn, 7. This is indeed an extraordinary match. At the rate it is now progressing, thirty games more will have to be played to finish it. From what we gather from the English players, the play seems to be of a very high class, and is well worthy of studying. The *Field* contains the games with full and extensive notes by Mr. Steinitz, which we would gladly republish, did space permit. We can, however, only refer our readers to the *Field* at present, in the hope of being able to supply this want during the winter season.

MR. SHAW'S CORRESPONDENCE TOURNEY.

Owing to want of space in our last issue, we were compelled to omit a portion of Mr. Shaw's report. The following are the winners:

John Henderson, Montreal,	1st prize,	12 points.
A Saunders,	2nd "	11 "
W Bathwaite, Unionville,	3rd "	10½ "
Prof. W. H. Blake, Montreal	tie for 4 & 5	9 "
J W Shaw,	prizes.	9 "

We take this opportunity of congratulating Mr. Shaw upon the successful termination of his "labor of love." He has performed his duties as conductor to the entire satisfaction of all concerned, and deserves a hearty vote of thanks from one and all, for the time and labor expended and the ability and perseverance displayed in bringing the tourney to a satisfactory conclusion. In addition to the pleasure and instruction the participants derived from it, an impetus has been given to the game throughout the length and breadth of our fair Dominion, and although from want of time numbers were debarred from entering, yet the proceedings were watched with interest by large numbers of the chess playing public.
