

COMMUNICATIONS

Press rooms at Summerside and Charlottetown, P.E.I., at Quebec, and at Ottawa, will be equipped with typewriters, telephone, telegraphic, and other facilities. The location of dark rooms for photographers will be indicated, upon application, by the press officers at each city. Bilingual supervisory staff will be available in all press rooms. The rapid forwarding of press and photographic copy will be the responsibility of the press itself, although the committee will lend all assistance possible.
