

brethren, now held in bondage in the so-called "LAND OF LIBERTY!"

ADDRESS TO GEO. THOMPSON, ESQ., MEMBER
OF THE IMPERIAL PARLIAMENT.

"His life was gentle, and the elements so mixed in him, that NATURE
might stand up and say to all the world—THIS WAS A MAN".

Julius Caesar.

Long ages, may thy voice be sent
In anthems, loud and free,
From continent to continent; &
Across from sea to sea.

Millions of hearts adore thy worth,
Yea, many nations bless
Thy name, renown'd through all the earth
As in this wilderness.

Advance with splendour and prevail
In thy triumphant course;
And distant ages yet may hail
Thee, second Wilberforce.

Still may thy mighty eloquence
Sweep on like western waves
Till opposition's banish'd, hence,
And freedom crown the slaves.

Long may'st thou stay to make us blest;
Display thy native charms;
Toronto, Queen of (all) the West,
Will clasp thee in her arms.

We love thee, in our hearts and souls,
For all thy virtues rare;
And while Ontario's water rolls
Thou shalt be mirror'd there.

This little work, with the exception of the quotations
and a portion of the matter in the preface, is wholly
original, containing a simple narrative of unvarnished

facts, intended
