## A History of Municipal Development.

BY EDWARD P. ALLINSON, A. M., AND BOIES PENROSE, A. B.,

OF THE PHILADELPHIA BAR.

---

While several general histories of Philadelphia have been written, there is no history of that city as a municipal corporation. Such a work is now offered, based upon the Acts of Assembly, the City Ordinances, the State Reports, and many other authorities. Numerous manuscripts in the Pennsylvania Historical Society, in Public Libraries, and in the Departments at Philadelphia and Harrisburg have also been consulted, and important facts found therein are now for the first time published.

The history of the government of the city begins with the mediæval charter of most contracted character, and ends with *the liberal provisions of the Reform Act of 1885*. It furnishes illustrations of almost every phase of municipal development. The story cannot fail to interest all those who believe that the question of better government for our great cities is one of critical importance, and who are aware of the fact that this question is already receiving widespread attention. The subject had become so serious in 1876 that Governor Hartmanft, in his message of that year, called the attention of the Legislature to it in the following succinct and forcible statement: "*There is no political problem that at the present moment occasions so much just alarm and is obtaining more anxious thought than the government of cities.*"
