## HAMILTON HAPPENING

### GRAVEL PIT OWNERS BREAK CITY BYLAWS

Civic Works Committee Bent on Making Example—Serious Sleigh Riding Mishap.

HAMILTON, Feb. 6.—(Special.)—Gravel-pit owners of the city, who refuse to obey the laws in the conduct of their business, were the subject of some round criticism at the works committee meeting to-night, and it is not improbable that at least one of the pit operators, who was before the magistrate some time ago, will again be summoned to police court.

The chief complainant to-night was Controller Allan, who alleged that one pit-owner had not observed the by-law, designed for the protection of property adjacent to gravel-pits, and had even dug a foot into the city's street.

City Solicitor Waddell assured the committee that the law governing the operation of gravel-pits was not a dead-letter, and expressed the opinion that, if the offending operator were brought before the magistrate he would be heavily fined.

The application of the Armstrong Supply Co. for permission to open another pit, which application precipitated the discussion, was granted.

Chairman Wallace was absent from to-night's meeting, being out of the city, and his accustomed chair was filled by Ald. Miles.

### Stand by Fire Department.

The charge of incompetency against some of the city firemen, who, it is alleged, did not know how to turn on the water in the fire hydrants at the Duncan fire yesterday, petered out this morning when the matter was taken up by the board of control. Chief Tenby convinced the members of the board that his men knew how to perform their duties and that the hydrants which caused trouble yesterday were frozen at the time. The mayor and controllers all expressed implicit confidence in the fire department.

The evidence in the trial of J. D. Chisholm, who was convicted at the January assizes of receiving \$8000 stolen from the Canadian Express Company last September, has been transcribed by the court stenographer, and has been sent to Chief Justice Moss of the court of appeals for a new trial. It is expected that a date for hearing the appeal will be announced this week.

### Thrown Out of Cutter.

A joyous sleigh ride, in which Mrs. Workman, 135 Napier-st., was one of the participants, was suddenly terminated at the corner of James-st. and Charlton-ave. about 9 o'clock, when the cutter was upset in crossing the street car tracks. The occupants were thrown out, and Mrs. Workman was severely injured. The police ambulance took her home. The other occupants were uninjured.

Mrs. Wallace T. James, wife of First Assistant Chief James of the Hamilton fire department, died at the family residence, 12 West-ave. North, this morning, after a long illness. She was 49 years of age. Besides her husband, a son, Wallace H., and a daughter, Miss Helen, survive. She was a member of Knox Church, and did a great deal of useful work in the congregation of that church.

**A Youthful Forger.**  
Fred W. Goebel, a youth whose desire for easy money transcended his conscientious scruples, was sent to Kingston for two years, this morning, by Magistrate Jelfs, for forgery. Goebel pleaded guilty to passing two forged cheques, on which he acquired the total sum of \$14. He had a previous police record.

One peculiar result of the fire which destroyed the book-binding plant of the Robert Duncan Co. yesterday, has been the confusing of the injured concern with the Duncan Lithographing Co., by many out-of-town people. Considerable annoyance has been caused the latter company to-day, by the receipt of a large number of telegrams from their customers in other places, who thought that the Duncan Lithographing Co. was the company affected by the big fire.

The two companies have no connection with each other, and the Duncan Lithographing Co. was not affected in any manner by the fire.

## COLLEGES AND GIRLS

How Much Do Former Help the Latter? Not Much, Says One, Not At All, Another.

LOUISVILLE, Ky., Feb. 6.—Declaring that pupils of public schools from the sixth grade on up thru the high school, and even the colleges, derive no economic benefit from their instruction, Miss Edith Campbell of Cincinnati startled the conference of the national child labor committee. She cited numerous instances of college girls compelled to work for a smaller wage than women with little or no schooling.

Miss Campbell's suggestion that the educational system must be reorganized to be of practical use to the children who have early to make their living was taken up by Prof. Leavett of the University of Chicago, who declared schools of the future must provide income-yielding work, so that those who wish to help their parents, or those who must help their parents, can do so and still not be denied education.

Mrs. Millie R. Trumbull of Portland, Ore., sharply criticized the school policy of segregating pupils who enter the manual or vocational department from the pupils in the classical courses, as creating class distinctions, and declared "there is no way by which we can lift the burden from the shoulders of women and child laborers as long as we show such abject deference to the moneyed men who profit by it and who stubbornly maintain the system."

Regulation is the only thing possible at present.

"Eradication is impossible as long as we worship the dollar as we do; so long as we applaud the philanthropist who build orphan asylums and day nurseries, where the widowed mother can leave her babies while she goes to work in the philanthropist's factory."

### NOT A MINUTE LATE IN TEN LONG YEARS

Records of New York, Board of Education Show That Girl Has Made Record.

NEW YORK, Feb. 6.—Never absent a day or even late a minute during the ten years she has been a pupil in public schools in this city is the remarkable distinction earned by Miss Lillian E. Small of No. 128 East 108th-st., who enrolled to-day in the Normal College.

Miss Small, who is ambitious to be a school teacher, was graduated last week from Wadleigh High School, where she received commendation for application to study and for her unsullied record of attendance.

In Public School No. 57, in 118th-st., near Lexington-ave., and No. 103, at 109th-st. and Madison-ave., Miss Small received silver medals for punctuality.

After her graduation from No. 103 she entered Wadleigh High School, which was about a mile from her home. She walked the distance every day regardless of stormy weather.

It was said yesterday that a search of the records of the board of education had not disclosed a similar perfect record of attendance for ten years. Miss Small, who is a daughter of Mr. and Mrs. Frederick Small, returns promptly each night at 10 o'clock, after four hours devoted to the preparation of her lessons, and rises at 7 o'clock every morning. She says that "9 o'clock sickness," a malady that attacks some pupils suddenly before the bell rings and ends when it is too late to go to school, has never affected her the least little bit.

### NEW SCHOOLS NEEDED.

Two new public schools and 138 new class rooms, as additions to 15 other schools, must be built this year to have accommodations for approximately the requirements next January. This is the report given out last night by Chief Inspector J. L. Hughes.

One of the new schools is required in the Danforth-Woodbine-ave. district. It is to have 100 rooms. Another is to be north of Roden school.

### PREMIER YUAN NOW DICTATOR.

LONDON, Feb. 7.—Premier Yuan Shi Kai carries the edict in his pocket naming him as high commissioner, with absolute powers, and making him a virtual dictator, says a Pekin dispatch to The Daily Telegraph. The retention of the throne's dignities, which are carefully guarded by the capitulations, divided into three chapters of twenty articles, makes the future government a commonwealth rather than a republic.

### LECTURE AT ST. ALBAN'S.

Venerable Archdeacon Cody will lecture in the crypt of St. Alban's Cathedral at 8 o'clock to-morrow evening on "English Cathedrals." This is one of the regular course of lectures and it is expected that a large crowd will be present.

### Boarder Dies Suddenly.

Hearing an unusual noise in the room of John J. McLaughlin, the landlady at 87 Sherbourne-street rushed upstairs to find the man fallen to the floor, dead from heart failure. Coroner George B. Smith decided an inquest unnecessary. The man was employed at the car

## Girl Cured of Disfiguring Pimples

By Cuticura Ointment. Broke Out on Face when Twelve or Thirteen. Were Most Embarrassing. Had Tried Everything.

A Nova Scotia girl, Miss Mabel Morash, of Dover West, writes: "When I was about twelve or thirteen years of age, my face broke out with pimples, and I tried everything to get rid of them, but failed. The pimples were the worst on my forehead and chin. They came out in groups and developed later into sores. Being on my face they caused great disfigurement, and were most embarrassing."

### Baby's Face Like Raw Beef

"My baby boy had a large pimple come on his forehead. It burst and spread over his face which looked like a piece of raw beef, all smothered with bad pimples. It was awful to look at. The poor little thing used to scratch and cry terribly. I took him to a doctor but he only got worse until I was quite frightened that he would always be disfigured. Then I got two tins of Cuticura Ointment, together with Cuticura Soap, and in two months had quite cured him. Of course I use Cuticura Soap for all my children. (Signed) Mrs. E. Perry, 69, Waterloo Rd., Aldenhol, Eng-land, May 21, 1910."

Cuticura Soap and Ointment are sold throughout the world, but to those who have much, hot hope and are without faith in any treatment, a liberal sample of each with a 32-p. booklet on the skin and scalp will be mailed free, on application. Address: Potter Drug & Chem. Corp., 50 Columbus Ave., Boston, U. S. A.

### YOUTHFUL DESPERADOES?

Boys Under Arrest on Charge of Robbery and Shooting Photographer.

BERLIN, Feb. 6.—(Special.)—George Preuss and A. Cooper were arrested here to-night charged with the shooting affray which took place here on the 29th, when Photographer Voet was shot thru the breast when he attempted to hold at bay a would-be burglar. The young men are 16 and 17 years of age respectively and will have to face two charges when they appear in police court—that of burglarizing Wolf-Hards hardware store on Jan. 14, and shooting Voet on the 29th.

Some of the stolen property has been recovered.

### Gait Railway Franchise Renewed.

GALT, Feb. 6.—(Special.)—The Galt Council will renew the franchise of the Galt, Preston and Hespeeler Railway for a consideration of \$60 per annum.

A special meeting of the board of trade was held to appoint a delegation to join the deputation in Ottawa Thursday to interview the minister of militia and postmaster-general regarding the proposed extension of the railway establishment of free mail delivery. Members chosen are: George A. Dobie, A. M. Edwards, J. H. Hancock and J. Stauffer.

### SOME FACTS REGARDING TEA.

The flavor of tea is contained in an essential oil. With age the oil decays and the agreeable aroma and flavor of fine tea is destroyed.

Tea keeps better in sealed lead packets than it does in open chests or canisters, but it deteriorates more or less under any circumstances. The tea is as necessary to a successful tea trade as fresh butter is to a successful butter trade. No wholesaler or retailer should keep a poor grade of tea in his stock for more than two months, yet, with some, the fashion is to keep it for years, during every day of which it is deteriorating.

In Ceylon—that land of eternal summer—every bush in a tea garden is picked over every week in the year, and you always get it fresh and fragrant in the "SALADA" packages. "SALADA" does not show the dealer a large profit as other teas, but it gives him, through his customers, more satisfaction.

### WARNING TO U. S. STEEL.

WASHINGTON, Feb. 6.—(Can-Press.)—Judge Gray, in the United States Court of the Third Circuit, has issued an injunction restraining the defendants in the government's anti-trust suit against the U. S. Steel Corporation from destroying books and papers desired by the government.

The injunction was issued on a petition of the department of justice, which alleges that several thousand papers and documents, which were used in the government's criminal prosecution of the "steel pool" last fall, have been destroyed.

### Four Years for \$10,000 Theft.
