

METHODIST YOUNG MEN TO LEAVE CHURCH CLUBS

Forward Movement Adopted by
General Conference—Minimum
Salary Cut to \$750.

Montreal, Sept. 26.—(Special.)—When legislators have radical measures in hand they are apt to hold their proposals to the outworn horse, and opposition is apt to leave the field unsifted.

Whether by design or not, a number of important changes, upon which it was expected considerable opposition would have been aroused, were decided upon by the Methodist general conference to-day, when the largest recorded vote was 94, and the attendance gradually fell to much less.

One of these innovations was the project of establishing young men's clubs. It was expected to be a contentious matter, but there was not even a word of comment, as the motion to adopt was put and carried.

Brotherhood Association.
A proposed department covers much the same ground as the Episcopal Church St. Andrew's Brotherhood. Under the scheme superintendents of circuits and missions may organize young men's clubs, brotherhoods, unions or manhood leagues. Each society shall be free to adopt its own constitution and bylaws, subject to the approval of the quarterly official board, but it is advised that it be organized with Christian mission, literary, athletic, and social departments. Duties to include one or more club devotional meetings, club Sunday meetings, interest in missions, recuperation, moral reform, sick visitation, co-operation with pastor, Epworth League and Sunday school, inviting to church services, neighborhood and common prayer meetings.

The president of the society shall be a member of the Methodist Church, and in any club in which a Christian manhood department is organized, he shall be a member of a quarterly official board, and shall report thereto. The societies are to be under the general supervision of the Synod, the School and Epworth League board. The authorities of the Columbian College, the Methodist College of British Columbia were instructed to co-operate in the building-up of a common provincial university there.

Principal Burwash was satisfied to co-operate with McGill, but did not wish to give that institution a monopoly of the field.

Salary Changes.
Changes in salary were made, but not in harmony with the report of the committee. The salary of the president was \$1,000, and of the secretary \$750. The salary of the general secretary was \$750, and of the general secretary of the Epworth League \$500. The salary of the general secretary of the Epworth League was \$500, and of the general secretary of the Epworth League \$500.

The platform advocates the application of the eight-hour law to the police force, and the abolition of the present scale of \$750, \$450 and \$350. Dr. White moved that the scale be \$750, \$500 and \$400, which carried in a house of about 70. These figures, however, \$100 for horse keep, will come into effect after next annual conference.

The motion to reconsider the platform report was brought up, where Dr. Langford was in the chair, during the temporary absence of the general superintendent, the first occasion when he had laid down the gavel while presiding at a conference. When he returned he had to gather up the loose strings of debate and straighten out a little tangle in the rules of order.

"Oh, my brothers, we must have some order somewhere," was a cry, with a certain pathos of its own. Principal Allison, who is a somewhat explosive speaker, was taking strong ground against the motion to reconsider the platform report, and Dr. Allison's contention bore the same relation to the matter as the flowers that bloom in the spring.

Utterly flabbergasted, the learned principal sat down, gasping, "Why not? Why not?" The motion to reconsider the platform report was brought up, where Dr. Langford was in the chair, during the temporary absence of the general superintendent, the first occasion when he had laid down the gavel while presiding at a conference. When he returned he had to gather up the loose strings of debate and straighten out a little tangle in the rules of order.

The point was the default of the eastern Bookroom to pay certain sums on behalf of the general superintendent, the Wesleyan. It was referred to the court of appeal, where Dr. Carman said it would have been easier to press it sternly and unmercifully from the first.

Impartial Ruler.
Dr. Carman is thought by some to be rather arbitrary, but his impartiality is noticeable to an outsider, and but for his vigorous rule the Methodist parliament would be a far different thing. The business is forced through by his forceful manner, with brief authoritative sentences, and a certain sardonic humor, the memory of which should last for three generations in the history of Canadian Methodism.

The young people's forward movement occupied some time. Dr. F. C. Stephenson was elected secretary and raised in rank to be an officer of conference. In place of a corresponding secretary and five local superintendents, there will be five superintendents of missions, and one senior superintendent, to which office Dr. Woodsworth is appointed, will reside at Winnipeg, and have authority over the entire field. The other four will be located in Northern Ontario, Saskatchewan, Alberta, British Columbia.

The new constitution takes effect next July. Dr. Sutherland and N. W. Rowell had arrived at perfect agreement on the relation of the two assistant or field secretaries. They carried their point that these officers' duties were to assist the secretary and not have special work assigned them.

Following are the regents of Victoria University: Dr. MacLaren, Senator Cox, James Mills, L.L.D., A. E. Ames, C. D. Massey, R. A. Reeves, C.D., E. H. Fudge, F. J. Small, N. W. Rowell, K.C. Mr. Justice Britton, Revs. Dr. Potts, Dr. Ryckman, Dr. Briggs, Dr. Withrow, Dr. Ross, Dr. Dyer, Dr. Cleaver, E. N. Baker, James Allen, Jasper Wilson, A. H. Goring, W. A. J. Irwin.

Board of Education.
The new board of education consists of Dr. Potts, secretary of education; Chancellor Burwash, Principal Spaulding, President Allison, Principal Riddell, Rev. James Allen, Rev. Alfred Lavell, G. F. Johnston, Prof. Osborne, H. H. Fudge, W. Rowell, K.C., W. J. Robertson, R. D. Keenleyside, Dr. James Mills, Principal Spaulding.

The board of managers of the general conference fund and finance are: Revs. Dr. Griffin, Dr. Spence, Messrs. R. C. Hamilton, G. H. Wood, F. W. Winter, all of Toronto.
N. W. Rowell, A. W. Briggs and Jus-

MacLaren will edit the new book of discipline. The unity of the church was illustrated by the receipt of the news of the confederation in Canterbury Church, St. John, N.B. A vote of sympathy was passed to Dr. Sprague.

An invitation from Toronto for the next general conference was referred to the general conference committee. It was announced that over 600 railway certificates had been issued for delegates and their friends.

The offer from a member of the Metropolitan Church to build a parsonage and endow it with \$25,000, the interest to be used to increase the pastor's income, was the basis of a motion adopted allowing trustees to accept special bequests.

DEMOCRATIC CONVENTION

Continued From Page 1.

minutes. John A. Dix of Washington County, a manufacturer, has also been named for governor.

The session has been marked by extreme bitterness, Mr. Hearst being arraigned and denounced roundly by a number of the speakers. The language indulged in stirred the delegates into wild demonstrations for and against the sentiments of the speakers.

The Democratic platform, first devoted several paragraphs to defining the scope of the convention or government to prevent any form of favoritism. It then denounces Republican high tariff protection, the gross impartiality which it claims to have, and the ignoring enormous crimes. It advocates placing officers of banks, trust companies and public service corporations under close and constant scrutiny, and that perpetrators of extensive robberies be given precedence in court on the road to prison.

"Graft" is denounced, but the cure is declared not to be socialism, but democracy.

Public Service.
Public service enterprises are then defined and declared to be a legitimate field for government control. The question of public ownership of such enterprises is treated in an exhaustive manner, with the conclusion that in every instance the people of each locality must settle the question.

The recent insurance investigations are condemned as inadequate and unconstitutional legislation to govern insurance companies.

Such public improvements as the Erie Canal, highways and forest preservation are advocated.

Atrocities against the Jews in Russia are deplored, and the election of United States senators by popular vote is advocated.

Bryan the Peerless.
William Jennings Bryan is hailed as a "great Democratic leader," without respect to political party; but nothing is said as to his candidacy in 1908.

The platform advocates the application of the eight-hour law to the police force, and the abolition of the present scale of \$750, \$450 and \$350. Dr. White moved that the scale be \$750, \$500 and \$400, which carried in a house of about 70.

NEW YORKER ARRESTED.

Has Been Living Gaily in and Around Toronto.

At the request of William McLaughlin, chief of the New York detective department, Detective Kennedy last night arrested Maxwell H. Byrd, who gave his address as 138 Pearl-street, New York. He is wanted there on a charge of grand larceny. The New York detective chief does not say how much Byrd is supposed to have gotten away with. When searched he had a diamond ring valued at \$400, a gold watch and \$400 in money.

Byrd has been in Toronto, and has been having a fairly good time, taking in the races, theatres, etc. He was over to the Hamilton track yesterday. Tickets which he failed to cash show that the books got about \$75 of his money.

When he went to Hamilton he took with him a young woman, whose home is in Toronto Junction. He told this girl he had \$4000 "planted" somewhere. She was detained at headquarters with her father and brother came for her.

Byrd says he will go back without fighting extradition. His home is supposed to be in New York. He also had in his possession a badge, reading, "Licensed detective, State of New York, No. 307."

ENDS LIFE WITH RAZOR.

John Sanders Cuts His Throat at 3 O'Clock in the Morning.

Dependent over the fact that he might have to undergo an operation, John D. Sanders, a barber, living at 137 Sydney-street, committed suicide early yesterday morning by slashing his throat with a razor. Sanders, who has been ill for the past nine years, recently sold his business at Queen and Grant-streets, with the intention of going west to regain his health.

About 2 o'clock in the morning his wife heard him downstairs called to him and asked him what he was doing. He told her to go back to bed. She started downstairs, but before she could get to him he had killed himself. Her screams brought an officer, who found the razor clutched in the hand of the dead man.

Upon investigation Coroner Pickering decided that an inquest was unnecessary. Sanders was very well and favorably known in Riverside.

WINNIPEG STRIKERS BACK.

Board of Arbitration Will Settle Dispute in Future.

Winnipeg, Sept. 26.—(Special.)—After sessions all day of the strikers, it was finally decided late this afternoon to call the big building strike off.

An agreement between the men and the employers was signed and four thousand workmen who have been out will resume work tomorrow morning. The men were growing very disheartened, and labor leaders were having a great deal of difficulty in keeping them from deserting the strike.

The camp has been prospering very well. The men are now working on the strike, and the employers are now working on the strike.

By the terms of the agreement, all the strikers will be taken back, while the employers will be allowed to fire the strikers. It is expected that the strike will be settled in the future, so as to avoid conflict.

VERITABLE FIRE TRAP.

No Adequate Means of Escape From Gilmour Hotel.

Ottawa, Sept. 26.—The Gilmour Hotel fire inquest was opened by Coroner Baple to-night and will probably last this week, as there are over 30 witnesses to be examined.

Some sensational testimony was given by guests of the hotel, including the Canadian Consul, Mr. Archibald Blair, who declared that the place was a veritable fire trap, without adequate means of escape.

The fire broke out in the Gilmour Hotel, Ottawa, on the night of September 25. The fire was caused by a gas leak in the kitchen, and the fire spread rapidly through the hotel.

The fire caused the death of several people, and the loss of many thousands of dollars worth of property. The fire was caused by a gas leak in the kitchen, and the fire spread rapidly through the hotel.

MORE S. A. IMMIGRANTS.

Party of 250 Women and Children Leave England.

London, Sept. 26.—A conducted party of 250 women and children, comprising the wives and children of men who went to Canada last spring, or the Salvation Army, and a number of female domestic workers, left for the Dominion of Wales yesterday. The party was led by the Army chaplain, and will arrive in the city of St. John's in October or November.

VALUE OF COBALT MINES.
Editor World: The great mines of Potash, added \$1,500,000,000 to the value of the world's resources of precious metals. The output of the mines is now in the vicinity of \$1,000,000,000. The Keweenaw Peninsula, Michigan, has been found to have the same value in copper. Then there is Butte, Montana, and the Black Range district in Arizona, both important producers. The Cobalt mine gave \$25,000,000 in gold and silver.

But Cobalt may eventually head the record. Its peculiar feature is the unbroken chain of veins, and the consequent interference of traffic after the big parade of last Wednesday had taken place. How was that? The visitors knew the parade was booked for Wednesday—they announced it as the chief attraction. They knew the parade was booked for Wednesday—they announced it as the chief attraction.

Editor World: I noticed that most of the city papers had an editorial saying that the parade was booked for Wednesday. They knew the parade was booked for Wednesday—they announced it as the chief attraction.

NEW TEAMSTERS' UNION.

Proposed to Include All Sorts of Men Who Drive.

A local joint council of the International Brotherhood of Teamsters was organized in the Labor Temple last night. At present it consists of the executive boards of Local 467 coal drivers and Local 496 truck drivers. It is their intention to take in the executives from every organization in the city that has to do with driving, including milk deliverers, cabbies and all teamsters.

The officers are: President, H. Barton; vice-president, Jasper Haigh; secretary, J. S. Robinson.

The Journeymen Horseshoers initiated eight new members into their union last night, and the parties being given. The organization has three years.

REPUDIATES CHARGE.

Mr. Marshall Denies Connection With Orwell Hotelkeeper.

St. Thomas, Sept. 26.—David Marshall, Conservative candidate in East Elgin, has issued a statement repudiating the charge of circulating or encouraging scandal. The story that he paid, or offered to pay, the hotelkeeper at Orwell a sum of money to secure his assistance in blackmailing Mr. Hepburn, ex-candidate of the Liberal party, he characterizes as false. When he heard what had taken place in the Orwell Hotel, he expressed the hope that no further scandal would be spread, and took steps to prevent it becoming more public, or the parties being brought to trial after the election.

The official nominations take place to-morrow at Aylmer.

THEORY IN NEW YORK MYSTERY

Armenian Arrested for Murder of Brother.

New York, Sept. 26.—Aaron Tashjian, aged 22 years, was arrested to-night, charged with connection with the murder of his brother, Marhar Marhar, 36 years of age.

The arrest was made on the theory that it was the brother's body which was found dismembered in an excavation of West 38th-street Sunday.

Mrs. Josephine Benes told the police to-night that the victim was her husband, Joseph.

STRUCK BY HOIST WEIGHT.

Wm. Kilner Probably Fatally Hurt at Canada Foundry.

There is but small hope for the recovery of William Kilner, aged 40, who was struck by a hoist weight at the Canada Foundry, a compound fracture of the skull.

Kilner was working at the Canada Foundry yesterday afternoon when a hoist weight fell on his head, killing him about 25 feet and struck him on the head.

Operation was performed, but at midnight he was very low.
