### S.P.S. STUDENTS' JAUNT.

200 of Them Pay Visit to Falls and Buffalo.

In charge of Prof. C. H. C. Wright, two hundred students of the School of Practical Science made a trip to the Falls Saturday by special train. The train made a good run, and before noon the big power plant was over-run by interested students.

Prof. A. P. Coleman chartered a car and took a party of his biology class down the river, for an examination of the whirlpool rapids, rock formation, etc.

Not a few of the men spent the day in Buffalo, leaving in time to catch the special back, which reached the city at midnight.

Prof. Gubraire and Prof. W. C. Ellis accompanied the students.

### Social Evening and Presentation.

Many of the officers and workers and friends of the West End Gospel Temperance Society met on Saturday evening for a social evening. J. Baker, one of the oldest members, occupied the chair. After an interesting program and refreshments, Mrs. Baker and Miss Toke, on behalf of the society, presented the retiring president, William Munns with an address and a handsome piece of silver, and the retiring president, Mrs. Saunders, with an address and a handsome piece of silver.

Trailing present of a secretary, Susan Lauder, were made by the recipients.

The West End Gospel Temperance Society was organized upwards of 30 years ago, in the days of D. I. K. Rine, and held meetings every Sunday afternoon. William Robb of the R. T. or T. is the present president.

## SPOONFUL MADE HIM DRUNK

### CONSTABLE "TIMED" EFFECT

### Hotelmen Charged With Breaches of the Law Under Rather Amusing Circumstances.

Winchester, Nov. 3.—(Special.)—The village of Mountain Station were early afoot on Friday morning, and were soon heading for Winchester, many being called there as witnesses against Fred Hyslop, the village hotel-keeper, and Fred Hudson, who keeps the corner grocery, the charges being for selling liquor without a license in that local option village.

Witness after witness in the three charges against Hyslop swore they had not bought intoxicating liquor on the premises, nor had they seen any bought or consumed. Hyslop said he had had no liquor on the premises since Aug. 1, when local option came into effect, and his wife corroborated his testimony.

Two constables, Hiltman and Haynes, searched the premises under a warrant and found in the cellar two bottles labeled Black Cherry Wine, each containing a spoonful and a half. Hiltman took a half spoonful, which he declared to be intoxicating. It affected him for two hours, and his watch. Haynes had not tasted whiskey for 35 years, and he tasted from both bottles and when he came down, he said he had been hit by the wine, but would have been if he had taken enough, he said.

One of the witnesses, "Barney" Leonard, became unmanageable under the examination of the counsel for the prosecution and was liberated by the magistrate. Three charges for selling on Oct. 1, 6 and 18, were dismissed and an application to amend the charges to keeping for sale was refused, there being no evidence to support the charge.

Hudson's case was then taken up. It appeared from the evidence that a fire had broken out in the village on the 16th inst., and Hudson's premises were in danger of destruction; his neighbors came to his assistance and saved the property. Hudson sent a glass bottle to the roof of his building, where O. H. Blake, a manfully beating off the flames, water and glory, gave him and another drink, with some of the other local flame-fighters. This case also was dismissed, the evidence it appeared that the "thirsty" were supplied by bottles and kegs from the adjoining village of Kempsville.

Mr. Reveler of Winchester, and Mr. Hiltman of Mountain Station, appeared for the defense. Mr. Hiltman, K.C., conducted the defense.

### SUBMIT BRIEFS TO TAFT.

Niagara Electrical Power Companies Forward Request to Washington.

Washington, Nov. 3.—Briefs were today submitted to the United States war department on behalf of the electrical power and transmission companies affected by the order of the department limiting the amount of water which they might take from the Niagara River for power purposes, as well as the horse power that might be conveyed into the United States from the Canadian side of the river.

These briefs are to form the basis of a hearing which was to have taken place before Secretary Taft in Washington, Nov. 12 next, but owing to the secretary's absence, it is expected that the date will be postponed to the 19th inst.

Canon Dixie, president of the Niagara, Lake Ontario and Ontario Power Co., and jointly by that company and the Ontario Power Co., a separate organization, asking permission for the transfer of power from 90,000 horse power to meet the existing contracts, and for a revocable permit for an additional 90,000 horse power to meet future needs.

Grant, an S. P. S. student, who was clubbed on the head, and whose injuries were at first thought to be serious, was confined to his room on Robert-street, and a serious charge may be laid on account of this.

The University Literary Society on Friday night passed a unanimous resolution requesting the authorities to demand full reparation.

### BULLETS IN N.Y. STRIKE.

Chauffeurs Attacked Street Car and Private Detectives Fired.

New York, Nov. 3.—Augustus Lambie, a striking chauffeur, 31 years of age, was shot thru the neck and critically wounded to-night, when a strike broke out in the city, in which four strike-breakers and an equal number of private detectives were riding, was mobbed.

Police officers, who had been summoned by a car from three stations, dispersed the mob after the rioting had continued for a half hour. Lambie was taken to a hospital and the strike-breakers and detectives arrested. The rioters escaped.

Strike-breakers and officers boarded the car near the garage of the New York Transportation Co., where electric car chauffeurs are on strike. Strikers and sympathizers followed the car, pelting it with missiles. The mob smashed the car with windows and attempted to reach its occupants. Then the detectives began firing and Lambie went down. The men arrested are charged with being suspicious persons.

### DR. WOOD'S NORWAY PINE SYRUP

Always Stops the Cough

It combines the potent healing virtues of the pine tree with other laborious, expectorant and soothing medicines of recognized worth, is absolutely harmless, prompt and safe.

A cough is caused by the presence of phlegm in the throat and lungs, and continued coughing is liable to distend the bronchial tubes, congest the lungs and produce inflammation or hemorrhage.

A neglected cough can have but one result. It leaves either the throat or lungs, or both, affected.

A single dose of

Dr. Wood's Norway Pine Syrup

will stop the cough, soothe the throat and clear the lungs.

Read what Miss Nettie A. Seeley, Ashland, N.B., says: "I take much pleasure in recommending Dr. Wood's Norway Pine Syrup, for I have found it a very valuable remedy for coughs. My mother has used it in our family for a long time and whenever any of them get a cough, mother will say: 'I will have you get some Dr. Wood's Norway Pine Syrup for I know it is good, and always stops the Cough when nothing else will.'"

Inaist on getting Dr. Wood's as it is the genuine, put up in yellow wrapper. Price 25 cents at all dealers. 3 pine trees the trade mark.

### POLICE SAY THEY WERE STONED

Conflicting Stories of Halloween Affair Which Enquiry Should Clear.

While the enquiry instituted by President Hutton into the Halloween affair was quietly continued on Saturday afternoon, only one or two points remained to be ascertained, and the complete evidence, with the charges against the police and their numbers, will be laid before the police commissioners this morning.

Chief of Police Graesset said Saturday: "The report I have received from Inspector Stephen doesn't confirm the reports published in the papers. It appears the students stoned the police, and the police dispersed the mob. There doesn't appear to have been any force used, the officers in charge of the men did not see any batons used. Three constables were hit by stones, one of them twice."

If there is any complaint it will be fully investigated. I am going to get the report of the special constable, whom I recommended to the university people, and go fully into the matter."

"Where the jurisdiction of the university authorities begins and that of the police ends, I suppose, at the street line, but the police have never been prevented from going on those grounds, and if there is a disturbance I think the police are fully justified in going there."

The University interferes with the students, but have allowed people or students seek sanctuary in the grounds they won't be respected by the police. Constable Christie denies that the students were throwing stones at the police, but that on the contrary the police were the ones who were stoned.

Grant, an S. P. S. student, who was clubbed on the head, and whose injuries were at first thought to be serious, was confined to his room on Robert-street, and a serious charge may be laid on account of this.

The University Literary Society on Friday night passed a unanimous resolution requesting the authorities to demand full reparation.

### BOILER EXPLOSION'S HAVOC.

Man's Body Cut to Shreds When Wall is Blown Out.

Buffalo, N. Y., Nov. 3.—Two men were killed and two were badly injured this afternoon by the explosion of the boiler at the American Palace Steam Laundry, on Fargo-avenue. A score of girls, who were working in a room 20 feet from the boiler house, escaped uninjured.

Joseph Schweitzer, a driver, and Eliza Simpson, watchman, were instantly killed.

A. J. Smith, driver, and Thomas McClellan, watchman, were terribly cut and bruised.

The building used for laundry purposes surrounds the boiler house in a semi-circle. A narrow alleyway separates them. Schweitzer and Smith were in the alleyway loading their wagons with laundry when the explosion occurred. The sides of the boiler house were blown out and the men and horses, with debris from the broken wall, were hurled against the side of the main building.

Schweitzer's body was cut to shreds. Fireman McClellan was broken beneath a pile of bricks and broken timbers from the place where he was standing when the explosion occurred.

### CONTRACT AWARDED.

Montreal, Nov. 4.—(Special.)—M. J. O'Brien and J. P. Muller have been awarded a contract for 48 miles of road in the Quebec, Montreal and Southern Railway Company's territory, from Sorel, and Ste. Philomene. There are several heavy bridges, and the contract price is said to be around \$1,000,000.

This is the system being constructed between Montreal and Quebec by the Delaware and Hudson. The rails are to be laid on a four-fourths of an inch to the mile.

### Happiness in a Tablet

Perfect Health for Every One Prescribed at Small Cost.

How many times have you sat down at your meals absolutely disgusted at the thought or sight of anything to eat?

How many times have you felt a queer, unsatisfied, "stomach-hungry" feeling in your stomach, even after you were through eating?

How many times have you felt that "stomach trouble" was the cause of your eating, whether your meal was well cooked or not?

And how many times have you suffered a whole lot of other things from your stomach that you could not explain, but that made you grouchy, miserable, out-of-sorts and generally sour on everybody and everything?

It is safe to say you couldn't tell. You don't keep track of those things, of course, but you know you've suffered from it. You probably have had them for so long that they've become a habit with you, and you have come to the conclusion that your fate is to suffer them indefinitely and perhaps forever.

And so, men like horses, stand, unwhipped at the hitching post, thinking they're tied, and so their habit makes them prisoners.

But no one need have those things from your stomach. They've become a habit with you, and you have come to the conclusion that your fate is to suffer them indefinitely and perhaps forever.

### TREATY SIGNED.

Radio-Telegraph Conference Brought to Successful Finish.

Berlin, Nov. 3.—The details contained in the semi-official summary of the radio telegraph treaty signed to-day agree with synopsis contained in the Associated Press dispatch of November 1. The representatives of all the powers signed the document, but Great Britain, Italy, Japan, Mexico, Persia and Portugal did not join in the special article containing the United States' proposal that inter-communication be obligatory between ship and ship.

Great Britain, Italy, Japan, France, Spain, Denmark, Persia, Portugal and Turkey did not sign the renunciation provision, thus excepting from the provisions of the treaty such stations as these governments might select. All the other powers agree to free ship to shore inter-communication with all stations open to the public, naval and military stations excepted.

The period for the ratification of the treaty ends July 1, 1908. The next conference will take place in 1911.
