YOU HAVE YOUR CHOICE

# FOR WHICH OF THESE TWO ENVELOPES WOULD YOU RATHER WORK?

What are you -a \$10.00 a week man, or a \$30.00 a week man? You men who are getting \$10.00 a week now and want \$30.00-have \$20.00 worth of extra brains and experience to sell your employer?

As a straight question of values, if your employer were paying you \$30.00 week instead of \$10.00, have you three times the skill and knowledge to give him?

If you have nothing more to give than what you are giving now, it is hardly reasonable to expect him to give you more salary. The directors of Business Systems, Limited, constantly installing new

estems throughout the Dominion, are asked frequently to recommend men or women for higher office positions.

In order that they may be in touch with men of whom they know enough to recommend for high class positions, they have caused to be started Business Systems Commercial School, a new commercial school different from any existing "business" college.

Students of Business Systems Commercial School, when they enter a business house, don't have to go in as juniors to learn the work, for if they are not sufficiently practical to step in and take charge of any office they are no good enough for our diploma-and they are not graduated.

The work taught by Business Systems Commercial School is thoroughly practical throughout and is grounded upon the methods used by the largest commercial houses in Canada.

So great is the demand for men of the right calibre, that every graduate can be placed in a good position the moment he has finished his course. If you really desire to equip yourself to hold down a first class office

position, write us for booklet on our courses and methods. Do it now before you forget. Fall term begins Sept. 3rd.
