

## THE PRESBYTERY CHOOSES LONDON

Hamilton and London Synod to  
Gather at St. Andrew's  
Next March.

Chatham, April 30.—The Hamilton and London Synod of the Presbyterian Church today decided upon London as the next meeting-place. After a prolonged debate it was decided that in future the last Monday in March would be the date for the annual gathering. St. Andrew's Church will be the meeting place.

In the afternoon Prof. Kilpatrick, of Knox College, Toronto, spoke on "The Christian Salvation." He treated his subject historically, showing that the salvation of the Old Testament in a sense refers chiefly to the nation, and in the course of time came to apply more particularly to the individual. He traced the connection between the work of Christ and the moral welfare of man, pointing out the necessity of the atonement in order that salvation might begin at all. He also gave a masterful statement of the death of Christ. He spoke of the great and dangerous unrest which prevails in the minds of laymen and young preachers caused by books of criticism and higher thoughts. He thought it the duty of the minister to read all such books and advance arguments to meet this criticism wherever it is found.

Rev. Mr. Ross, of Guelph, a member of the assembly's committee on augmentation, addressed the synod and asked them to put forth a stronger effort in raising money for this purpose. The amount raised last year was \$3,842. This year \$11,273 will have to be raised.

Rev. Mr. Horne, of Watford, reported on the Sunday school work. He asked for a grant of \$500 from the General Assembly for the establishment of summer schools and extending teachers' institutes.

Mr. Horne regretted the indifference in Sunday school work exhibited by boys and young men.

Rev. J. McDuncan, of Toronto, addressed the synod on the work being done by the Sunday schools by the General Assembly committee.

Rev. J. A. MacDonald, of Toronto, concluded the session with an address upon the present movement among the laymen of the churches.

### G. T. P. IN THE EAST

Work to Start at Edmunston at Once  
Heading Towards Quebec.

St. John, N. B., April 30.—Within a very few days the work of active construction of the eastern division of the Grand Trunk Pacific, extending diagonally through New Brunswick, from the Quebec boundary to Moncton, will be commenced.

Two principal contracts have been awarded. One of these, from the Quebec boundary to Grand Falls, a distance of 61 miles, will be in charge of J. J. Lyons, C. E. The other, from Chipman to Moncton, 50 miles in length, was first awarded to the Grand Trunk Pacific Construction Company, but has since been sublet to the Westinghouse Construction Company, and Mr. J. J. Lyons will represent the contractors in New Brunswick.

It is understood that there will be no question about securing supplies, but some difficulty may arise in engaging a sufficient number of men to work on these two important jobs; it is anticipated that the greater number of men required for the railroad construction will have to be brought in from outside points. Some three thousand in all will be needed, fifteen hundred to each contract. The whole engineering staff on this contract will be in charge of Mr. M. M. Balcom. On the Quebec-Grand Falls section Mr. Harris Longley will assume control, having under him six surveying parties.

At the present time four land commissioners are gathering the proposed lines and purchasing lands for right-of-way. On the Grand Falls-Quebec section work will be commenced at Edmunston, probably before the end of the present month, and the lines will be built, for the present, only in a westerly direction. The most important part of the eastern division is yet to be contracted for.

### THE STRONG CASE SETTLED

\$70,000 Estate Signed Over to Wife  
Frees Man From Asylum.

Hamilton, April 30.—The famous action of Strong vs. Strong was settled this morning. William Strong, a wealthy real estate man, sued his wife to recover possession of his property. A couple of years ago Strong became a spiritualist, and his actions became so strange that his wife had him confined in an asylum. He even went to the length of taking a medium to his house and placing her in charge, telling his wife that she would have to get out or be the medium's slave. He also traveled about the country with the medium, whose name was Mrs. Harris, and spent money lavishly on her. It was not until he was released from the asylum that the terms of the settlement were not made public. In giving his evidence at the trial yesterday, Mr. Strong accused the attendants at the asylum of brutally treating patients, but his statements were denied by the superintendent and doctors. The estate over which the trouble arose is valued at \$70,000.

We always have on hand a large assortment of used Square and Upright Pianos at \$20 to \$150, payable 50 cents per week. Holman & Co., 217 Dundas, corner Clarence.

A COUGH is often the forerunner of serious pulmonary affections, yet there is a simple cure within the reach of all in Bickel's Anti-Consumptive Syrup, an old time and widely recognized remedy, which, if resorted to at the inception of a cold, will invariably give relief, and by overcoming the trouble guard the system from any serious consequences. Price, 25 cents, at all dealers.

The Chicago Hot Carriers' Union has its own labor temple, which cost \$75,000.

## DISASTROUS FIRE IN DON BREWERY

Part Used as Storage Warehouse  
Gutted—Firemen Could  
Not Save.

Toronto, April 30.—Fire broke out in one of the Davies Brewery Company's buildings, which is used as a storage warehouse by the Ontario Storage Company, near the corner of Queen and River streets, at 12:30 this morning. The building is a large one, filled with flour, sugar, wool and all sorts of merchandise, and the fire reached such proportions that a big conflagration was feared. All of the eastern and downtown sections of the brigade were called out, and two engines were put to work at once.

The building, which 125 feet by 150 feet, and three stories in height, is almost surrounded by adjoining buildings, and the firemen found great difficulty in getting at it. The inflammable nature of the contents made it impossible to go inside it, and as the water could only reach the fire through the roof, the fire burned itself out. The merchandise is owned by a number of firms, and the loss on it will be at least \$25,000.

At a later hour, the collapse of the east wall placed several adjoining factory and warehouse buildings in danger. Among those which will be slightly damaged is the Distillers' Method Company, Limited; the Smart, Bag Company, the Crown Bottling Works, and the Don Brewing Company. At 2:30 the fire was under control.

### CHOSE A CANADIAN

Nova Scotian to Head Arts and Sciences  
at Cornwall University.

Ithaca, April 30.—The executive committee of the Board of trustees ratified the election of Albert Ross Hill as dean of the college of arts and sciences, to take the place of Walter F. Wilcox, whose resignation takes effect in June. Professor Hill is the new professor of the philosophy of education, elected last Saturday. Dean Wilcox's resignation was due to pressure of his work as a federal statistician, and he will retain his professorship.

Dean Hill was born in Nova Scotia in 1869, and received his A. B. degree from Dalhousie in 1892, and his Ph. D. from Cornell in 1898. After studying at Berlin and Heidelberg, he taught in the state normal school at Oshkosh, Wis., the University of Nebraska, and the University of Missouri, at which latter place he was dean of the teachers' college.

In paying dividends on Government stocks the British Government takes no account of fractions of a penny. In this way it makes about \$7,500 a year out of the investors in public funds.

### MAKES NEW BLOOD

That is How Dr. Williams' Pink Pills  
Cure the Common Ailments of Life.

Making new blood. That is just what Dr. Williams' Pink Pills are always doing—actually making new blood. This new blood strengthens every organ in the body, and strikes straight at the root of anemia, and the common ailments of life which have their origin in poor, weak, watery blood. Mrs. A. H. Sealey, of Stirling, Ont., tells what Dr. Williams' Pink Pills did for her fourteen-year-old sister, Miss Annie Sager, after other treatment had failed. She says: "For some years Annie had not been well. She would take spells of dizziness and headaches that would last for several days, and her whole body would become dry and hot as though she was burning up with fever. Her lips would swell until near the bursting points, and then when the fever would leave her the outer skin of the lips would peel off. She doctored with two different doctors, but they did not succeed in curing her, and the trouble seemed gradually to be growing worse. Then we began giving her Dr. Williams' Pink Pills, and under this treatment she has recovered her health. The headaches and dizziness have gone; her color is improved, her appetite better, and she has had no further attacks of the fever which baffled the doctors. We are greatly pleased with what Dr. Williams' Pink Pills have done for her, and recommend them to other sufferers."

It was the rich red blood Dr. Williams' Pink Pills actually made which cured Miss Sager. That is why these pills cure all common ailments like anemia and debility, headaches and backaches, indigestion, rheumatism, neuralgia, St. Vitus dance and the special ailments that prey on the health and happiness of girls and women of all ages. Get the genuine Dr. Williams' Pink Pills for Pale People, with the full name on the wrapper around each box. Sold by all medicine dealers for by mail at 50 cents a box, or six boxes for \$2.50, from the Dr. Williams' Medicine Company, Brockville, Ont.

# LARDER LAKE

## THE GOLDEN NORTH

### GOLDEN OPPORTUNITY.

The cry is now, "On to Larder Lake!"  
A great stampede has set in!  
Thousands are on the way! They are now beating the  
northern trails!

What will undoubtedly prove to be the greatest stampede  
that has ever been known into a new gold country is now on!

The Larder Lake district is believed to be the richest gold  
country ever known, and it is just now being opened up. Soon  
will commence the most tremendous outpouring of gold known  
to civilization since the days that King Solomon's mines paved  
the floors and walled his temple with that precious metal!

People of Toronto, People of Ontario, People of Canada—  
do you realize the great mineral wealth and riches that are now  
being opened up in Northern Ontario right before our very  
eyes? Do you understand that you have the richest and most  
wonderful gold and silver camps, rapidly developing, and that  
the values are increasing tremendously from day to day?

Do you realize that investments of a hundred or a thousand  
will grow rapidly into hundreds and thousands and millions  
of dollars? The over-conservative and skeptical will smile—  
they will laugh at these predictions, some will even consider  
this a joke—but remember COBALT, if you please, two or  
three years ago! Then it was a "vision," it was a "dream,"  
"a flash of the pan," a "bubble," somebody was "crazy,"  
but now it is different. These crazy men are now classed  
among the smartest and keenest business men of the day. The  
actual value of a few mines are worth at the present date more  
than one hundred millions of dollars. These are facts.

Larder Lake is the opportunity of a lifetime!

Are you going to let this golden opportunity pass?

Are you going to get in now, in time, at Larder Lake?

You can now get in at ground-floor prices on inside properties,  
make big profits and lots of money. Or will you wait three  
or four months or a year, and then fall all over yourself in an  
irresistible desire to get in anywhere or at any price?

Don't wait! Be wise! Act NOW! NOW IS THE  
TIME! Here is an opportunity that exceeds that which you  
had two or three years ago at Cobalt. Perhaps you will say,  
as you did then: "How do we know they have got any silver  
up there?" Perhaps you say now: "How do you know  
there is any gold at Larder Lake?"

We say to you: Do not be so skeptical that you lose faith  
and confidence in all mankind.

Do you imagine for a moment that men will endure the  
blast, the snows and frosts of the Northern winters for fun or  
pleasure?

Do you think there is any fun in living, cooking and sleep-  
ing day after day, night after night, weeks and months, upon  
the ice and snows of the frozen North?

Do you think there is any great pleasure in a man trudg-  
ing along unbroken trails with a pack of 30 to 50 pounds on  
his back when the air is clear, full of frost, and so cold and  
still that the creaking of every step upon the snow can be heard  
for a mile away?

All the last winter men at Larder Lake have had to go to  
the railway station, some 12 to 15 miles away, to obtain the  
necessities of life. They would shoulder a pack weighing from  
30 to 50 pounds and carry it back to their tent on their snow-  
covered gold claims.

We ask again, Can there be any pleasure in this? Is  
there pleasure or fun in frozen faces, frozen hands or frozen  
feet? If you think there is, you are certainly entitled to an-  
other thing.

No, no! The thousands of strong men who braved the  
north winds last winter around Larder Lake, who lived in  
their little tents upon the claims they staked, and watched and  
guarded as they would their lives, knew full well the treasures  
they were guarding! This endurance was not for pleasure,  
but for gold, GOLD, GOLD!

Many a tired sleeper in those cold tent houses had bright  
and happy dreams of the future—days of happiness and plenty  
that were sure to come to their wives and children, sweet-  
hearts, fathers and mothers, sisters and brothers—all from the  
gold he had found! The gold he was guarding. Gold—pure,  
virgin gold! Gold that had never been bartered or used as  
exchange—gold that had never bought man's honor or wo-  
man's virtue. UNTAINTED GOLD.

The hardships that have been endured by the prospectors  
of the Larder Lake district should impress the most skeptical  
that there must be something there worth while.

We were loath to believe at first. But we have gone fur-  
ther. We have had our own mining engineer making examina-  
tions. We have made personal observations and can say with-  
out fear of contradiction that the gold discoveries around Lar-  
der Lake in Northern Ontario are indeed the most wonderful  
imaginable. The profits from investments in that district will  
amount to hundreds of millions.

NOW is the accepted time to place money there. Values  
are already increasing at a remarkable rate. In our estimates  
of Larder Lake gold district we have not taken the items from  
the newspaper or hearsay reports as our basis; we have sent  
our own engineers and have gone there ourselves and made  
personal investigations. We are satisfied beyond question,  
from our engineer's reports and our own personal observation,  
that the reports from that country are not exaggerated. The  
discoveries and conditions are as reported. Millions upon mil-  
lions of gold will be produced from that district, and the out-  
pour of the precious metal will astound the world! All busi-  
ness and trades of Canada, especially Ontario, will be greatly  
benefited therefrom and thereby. Toronto will be benefited,  
even more so than were St. Paul, Minneapolis, Winnipeg,  
Seattle, and Vancouver benefited by the opening up of the great  
gold fields of the Klondike and Alaska. It remains to be seen,  
however, whether the investing public and people of Ontario  
and Canada grasp the situation and take advantage of this  
exceptional opportunity—truly a golden opportunity—to reap  
the millions upon millions of honest, legitimate profits that  
only await the employment of their capital.

The wise, alert investor will reap the quickest and greatest  
returns.

Northern Ontario is immensely rich in gold and silver—  
probably the richest in the world. It is just now being opened  
up. It is now in its infancy. You can now, as the saying goes,  
invest your money and get in on the ground floor. We hereby  
extend to investors an invitation to join us and participate in  
the profits and benefits that are sure to come to all who be-

come interested in the Blue Bell Gold Mines, Limited. This  
Company owns, free of indebtedness, and with no incumbrance  
of any kind, 27 well-selected gold claims of this wonderful  
district. These claims were staked by miners—men who know  
a gold claim when they see it. Being identified with the Cobalt  
district, they were in the neighborhood of Cobalt and New  
Liskeard when the first strike was made. They had the pick  
of the district. They took their time and prospecting, and se-  
lected with care the best there was in the field. Every claim  
has brought a fine showing of values. Assays showing values  
running as high as \$15,000 to the ton have been taken right  
from the surface, or you might say the very grass roots. The  
titles are perfect, the samples and specimens taken from the  
various claims show not only high values in gold, but also high  
values in silver and copper.

The men identified with the Blue Bell Gold Mines, Limited,  
have been identified with the rise and success of Cobalt. They  
would not be identified with any proposition that was not legiti-  
mate, straightforward, honest and upright in every particular.

Proposition Plainly Stated.

The Underwriters' Syndicate will consist of and include  
all investors who join with Law and Company in subscribing  
for the 2,500,000 shares at Ten Cents per share.

No application to the Underwriters' Syndicate will be ac-  
cepted for less than one membership (1,000 shares), which  
will cost \$100.

As soon as the Underwriters' Syndicate is closed, which  
will be on or before May 15th, 1907, The Blue Bell Gold Mines,  
Limited, will at once place upon the market, through Law and  
Company, the first allotment of the Treasury shares of the  
Company at 50 cents per share.

Law & Company will advertise the Blue Bell shares throughout  
the Provinces of Canada and the United States in their customary  
vigorous manner by display advertising, they having already closed  
contracts with their advertising agents for large display advertising  
for this special flotation. This includes all the principal daily news-  
papers of Canada—72 in number—and 221 in the United States.

Shares will be issued proportionately share for share from the  
Underwriters' and Treasury shares at the price of Fifty Cents per  
share until all members of the syndicate have received the return  
of their investment therein.

Law & Company will receive the usual brokerage flotation com-  
mission of 25 per cent. for all shares sold by them, whether it be  
Underwriters' syndicate shares or Treasury shares.

All moneys due the Company from shares sold out of the Treas-  
ury will be placed to the Company's credit with their Bankers.

All moneys due the Underwriters' Syndicate from shares sold  
out of syndicate shares will be deposited with The Trusts and Guar-  
antee Company, 14 King St. W., Toronto, Ont., and will be divided  
proportionately and in accordance with each respective interest  
therein.

Each member of the Underwriters' Syndicate will be upon  
identically the same basis.

There will be no favors shown one over another. The large  
investor will have no advantage over the small. The only difference  
will be that the larger investor will make the larger amount of profit  
according to the amount invested.

The Underwriters' Syndicate will be conducted upon a sound,  
straightforward, business principle, and every representation made  
herein will be fully carried out.

Those who join us will be interested with the Organizers and  
Promoters in a ground-floor proposition, and will actually be the  
original first sellers of shares to the stock-buying public, realizing  
therefrom big profits.

The Blue Bell Company will install twelve stamp mills and all  
additional machinery without delay. The Company expects to be  
sending out gold and paying dividends within three or four months.

Our Engineers advise us that they believe the Company will be  
able to ship out gold in quantities to pay dividends sufficient to make  
the shares of the Company go to Ten Dollars per share.

It should be borne in mind that the Blue Bell occupies the same  
relative position at Larder Lake that Nipissing does at Cobalt. Its  
properties are in the very heart of the district, are of large acreage,  
and very rich in Gold and Silver.

Blue Bell will undoubtedly be the greatest shipper this summer  
from Larder Lake.

In conclusion, we desire to say to our friends and clients: "Join  
us in this ground-floor proposition; it is a good one, and we believe  
it will make you lots of money." Our advice is—TAKE AS MANY  
MEMBERSHIPS AS YOU POSSIBLY CAN.

## EXAMPLE.

Showing Cost of and Estimated Results From One Membership

Cost of One Membership consisting of 1,000 shares ..... \$100  
All memberships will be pooled for six months, and will be held by  
the Trusts and Guarantee Company, Limited, who will act as Trustees  
for the Underwriters' Syndicate during which period 267 shares out of  
which will amount to ..... \$100  
Law & Company's commission ..... \$125.50  
for selling the 267 shares at 60 cents per share, deducted from \$125.50,  
\$125.50 leaves to the owner of the membership the full amount of his  
investment or cost of his membership ..... \$125.50  
In addition to the return of \$100 he will have 733 fully-paid  
and forever non-assessable shares of the Company, there having been  
sold 267 shares from his 1,000-share membership.  
The 733 shares will be the result of each membership, will  
be worth at the advertised market price \$266.50. We believe, however,  
that the dividends which will be paid upon the shares of the Blue Bell  
Gold Mines, Limited, during the coming summer will make the shares  
worth many times that amount.  
Applications for membership will be received up to May 15th, 1907,  
unless the total number of memberships are sooner subscribed. Appli-  
cations arriving too late to participate will be returned with the full  
amount of remittance.  
Bankers, Manufacturers, Merchants and Business Men of all classes  
are subscribing liberally to these memberships.  
The Trusts and Guarantee Company, Limited, of 14 King Street West,  
Toronto, will act as Trustees for the Underwriters' Syndicate. The dis-  
tribution of all money and shares to the owners of memberships will be  
made at the time the membership pool is dissolved, which will be  
some time within six months from May 15th, 1907.  
The Trusts and Guarantee Company, Limited, will issue receipts to  
all applicants or holders of memberships, showing or indicating their  
respective interests.

APPLICATION FOR MEMBERSHIP.

To the LARDER LAKE UNDERWRITERS' SYNDICATE,  
Law & Co., 728-729-730-731-732 Traders Bank Building,  
Toronto, Canada:

I hereby make application for ..... memberships  
in the Larder Lake Underwriters' Syndicate, and enclose herewith Draft,  
Postoffice or Express Order in favor of the Larder Lake Underwriters'  
Syndicate for ..... Dollars in payment of same.  
on the understanding that this money shall be deposited with the Trusts  
and Guarantee Company, Limited, Toronto, and be held by it until such  
time as Messrs. Law & Company, Toronto, shall deliver or cause to be  
delivered to the said Trust Company scrip representing ..... shares  
of the Blue Bell Gold Mines, Limited, issued in my name, fully  
paid up and non-assessable. Upon receipt of the shares of the said  
Blue Bell Gold Mines, Limited, issued in my name, I shall forthwith pay over to Messrs.<
