CITY HALL NOTES

Civil employees have not given up the hope of getting salary increases this year, and look with confidence to the consideration of the increases after the estimates are disposed of.

According to an announcement of Works Commissioner Harris work on a concrete pavement on St. Clair avenue, from Keele street to Cobalt avenue, will proceed this summer.

In accordance with the refreshment policy, the Canadian National Exhibition has delayed the construction of the proposed new stations at the grounds until next year. Tenders called for two buildings to cost \$25,000, of which \$25,000 was out of last year's Exhibition surplus.

The board of control yesterday considered the closing of fire stations at Wilton avenue and Queen street. Fire Chief Smith reported that to close the stations and place two engines in reserve would mean about \$4000 of about \$6000 for the balance of the year.

As the Toronto Street Railway Company has not served notice of appeal against the order requesting it to provide 200 more cars for the accommodation of the citizens it is held that the company will abide by the order. The city solicitor states that the legislation recently passed will prevent any litigation in the matter.

At the meeting of the board of control yesterday Mayor Church had a motion passed that the city engineer, architect and finance commissioner to report on what power the city has to regulate hotels, departmental stores and other large institutions where the public resort in the interest of public safety and what powers the city has in the present building by-law.

When Finance Commissioner Bradshaw and Works Commissioner Harris recommended to the board of control yesterday that the fares on the city car lines be increased to three cents, and that an increase be made in the water rates, they were strongly opposed by Mayor Church. Mr. Harris stated that water was supplied to the citizens at a price much below that of cities of like size.

RETURNED MEN ENTERTAINED.

The Returned Soldiers' Concert Co. will give their first concert in Whitby Town Hall, Thursday evening, April 12, for the benefit of the Whitby Welfare Association. The following will assist: May Harvey Keller, impersonator; Kathleen Reid, violinist; Mrs. T. E. Holt, contralto; Jean Williams, pianist; Benjamin Scovell, entertainer of the National Council, Y.M.C.A.; Capt. Ward Wright, C.O.S.; Capt. H. L. Nicholson, chaplain.

SEWER RECONSTRUCTION IS NOT NOW NEEDED

Residents on Marguerite street formed a deputation before the works committee yesterday afternoon to protest against the recommendation to reconstruct the sewer along the street from College to Bloor, which would mean cost of \$20,000. While admitting that the sewer was broken in in several places they stated that it was in fair condition. It had lately been repaired. It was contended that trucks loaded with six and seven tons were responsible for the damage. Ald. Graham stated that \$20,000 against the ratepayers unless the work was absolutely necessary. He thought the sewer was in good condition. The matter was laid over for a week.

On motion of Ald. MacGregor, the committee decided to have a report submitted regarding a new pavement to be constructed on Royce avenue, from Dundas to Lansdowne. Ald. Ryding failed to get consent for a 42-foot pavement on Annetto street, instead of 23-foot roadway, the committee defeating his motion to have the change made. Ald. McEwen and Archibald argued that more details should be obtained regarding a pavement that would provide for the laying of car tracks, if the city decided to have a line on the street.

Returned Soldiers
The Head Office of the SOLDIERS' AID COMMISSION OF ONTARIO (Incorporated by Special Act of the Legislature of Ontario), is at No. 116 College Street, Toronto.
The public are cordially invited to co-operate with us in securing suitable employment and in doing other helpful work for returned soldiers and their dependents.
Classes for the vocational re-education of returned soldiers who have been so disabled as to prevent them from resuming their former occupations have now been provided, and any man who regards his disability to be of such a nature as to entitle him to the benefit of these classes is requested to make application to Mr. W. W. Nichol, Vocational Officer for Ontario, No. 116 College Street, Toronto, when full particulars will be gladly furnished and arrangements at once made for a board to enable those entitled to obtain courses of instruction in the subjects suitable to their particular disability.
In addition to getting instruction free, the support of a soldier and his family or dependents during the period of re-training, and for one month after it is completed, is provided for, according to scale.
Cases where assistance for the families of soldiers is required are daily reported to us, and we will thankfully receive subscriptions to our "Relief Fund." Subscribers to this Fund are asked to be furnished with names and addresses of the soldiers in need of assistance, and to be furnished with a receipt for their contribution. All donations should be made payable to the order of the Soldiers' Aid Commission, and in each case an official receipt will be issued therefor.
All services are free of charge. For work particulars or for work place, please write or telephone N. 2800.

United States Government Commanders Smokeless Coal

Information from Buffalo yesterday was to the effect that the United States Government had commandeered the entire output of Pocahontas and New River coal in order to assure the navy a sufficient supply.

If this is the case it will add to the difficulties of an already acute situation and will certainly increase the heavy demands for other grades of coal, the production of which is not now equal to the demands. The two classes of coal commandeered are smokeless, and may be used without infringing the smoke by-laws of the various cities.

If it is impossible to procure smokeless coal the public schools, colleges, many apartment houses and factories will have to seek some other fuel, or else the city will have to suspend the smoke by-law until the coal production is back to normal and Pocahontas is again on the market.

Lady Aberdeen, assisted by a number of prominent women of New York, held a sale recently in the ball room of the Ritz Carlton, the proceeds of which will go to the Irish Industries Association.

LODGE NEWS

LODGE ALBION S. O. E.

At the regular meeting of Albion S. O. E. Lodge, No. 1, in the Sons of the United States Hall last night the resolution voting \$3000 for the war loan was considered.

Albert O'Neill was in the chair. Several candidates were initiated and the red and white degrees gone thru.

ELECTED DELEGATES.

Court Equity, No. 170, C. O. O. F. met last night in Foresters' Hall, and elected Brothers J. F. Thackray and H. Galt, as delegates to the high court meetings in Hamilton next June.

The perplexing question of increased lodge rates came up for discussion, but no action was taken. Chief Ranger A. Strader was in the chair.

REHOBOTH LODGE, No. 65.

Members of Rebooth Lodge, No. 65, A.F. & A.M., turned out in good numbers last night in the Temple Lodge street. The lodge was visited by members from St. John's Lodge, No. 15; Rising Sun, No. 19; From Zeta Lodge, No. 410; Corinthian Lodge, No. 481, and St. Alban's Lodge, No. 514.

After the banquet the members were given a series of humorous lantern slide cartoons of prominent members by F. E. Lockhart. He also gave some original limericks and jingles at the expense of the members.

"THE PRESS AND THE WAR."

At the regular meeting of the Maple Leaf Council, No. 867, of the Royal Arcanum, held last night at the Hotel, Dr. George Elliot, chief medical examiner for Ontario, gave an address on "The Press and the War." He pleaded for greater unification and leadership on the part of the press, so that we might achieve a more speedy victory in the war.

After the lecture, encore was played. Regent H. J. Code was chairman.

COAL MERCHANTS OFFER

TO JOIN UP WITH CITY

Propose to Store Coal to Be Held for Use Next Winter.

The coal section of the Retail Merchants' Association has drafted a letter to Mayor Church asking for a conference at which the matter of the city's fuel supply may be discussed.

The coal men have a tentative proposition which they believe would obviate the necessity of the city erecting large storage yards and the purchasing of expensive equipment. They claim that they have the necessary equipment to handle one hundred thousand tons of coal, an amount to meet the city's need during the winter months. Heretofore the dealers have been unable to procure this amount thru lack of finance.

Under present conditions they make the following proposition: "If the city will provide the funds required to purchase f.o.b. Toronto one hundred thousand tons of domestic coal by us as expeditiously as possible we will store the same in our respective yards and indemnify the city, by personal or approved guarantee bonds, to the full amount."

The coal thus bought, according to the outlined scheme, would be so bonded that it could not be sold or delivered before Jan. 1 nor later than the end of March except by the authority of the mayor.

The city by entering such an arrangement with the coal men would be financing them to secure, while it is possible, a sufficient amount of fuel to see the citizens thru next winter and would be protected from loss in any way.

The coal section ask for an interview at which the numerous details of their novel proposition, including that of price, could be discussed.
