PROPOSES CONFERENCE ON RESOURCES QUESTION

Russian Minister of Agriculture to Present New Control System.

Petrograd, July 7.—Minister of Agriculture Tchernof proposed a conference of the all-Russian congress of workers and soldiers' delegates, a resolution based on the principle that the country's

minerals, water courses and forests ought properly to belong to the whole people, who should administer them through democratic institutions, while the utilization of land ought to be assured agricultural workers under conditions insuring increased means of production and development of co-operative social life.

NORWEGIAN SHIPS SUNK.
London, July 7.—The Norwegian steamers, Havbris, of 697 tons, and Bjerkio, of 1972 tons, have been sunk, a Central News report from Copenhagen says. Fourteen members of the Bjerkio crew are missing.

LAWRENCE'S Home-Made Bread

11c for
24 Ounce
Loaf

The High Cost of Living is a problem which faces every family. The staple food—the cheapest, most satisfying and most nourishing—is BREAD. Eat more bread—to the exclusion of meats, eggs, etc., especially during the summer season. For Bread that satisfies, that has a fine texture, delicious flavor and is day after day of uniform quality, and the highest quality too, get Lawrence's Bread.

CONVENTION CALL NOT AN ACCIDENT

(Continued from Page 1).

A sweeping reduction in tariff duties. They may have and probably will have their own leader from the west. Some people think it will be Premier Sifton of Alberta, but it might be T. A. Cresser, president of the Grain Growers' Grain Company of Canada. That Quebec will return sixty out of the sixty-five members upon a more or less definite policy of heretofore will be the unwavering in their devotion to Sir Wilfrid Laurier. A few out-and-out Nationalists may be elected, and it is practically certain that Henri Bourassa will be returned from his old speaking. But, generally speaking, a big group from Quebec, even bigger than the western group, will be behind Sir Wilfrid Laurier, and they will probably co-operate with and be supported by all the Liberals elected in the maritime provinces. Out in the Cold.

This will leave somewhat in the cold the patriotic pro-conscription Liberals from the Province of Ontario who will find themselves disliked by Quebec on the war issue and distrusted by the Ontario Liberals. The indications being that a majority of the members in the next house will be in the main opposed to the Borden government on the conscription issue, it is not the possibility of the Liberals getting together under some working arrangements in the next house, even if they cannot form a harmonious party.

It is pretty well known that the big western Liberals who were here last week were appealed to to work with eastern Liberals outside Quebec under some arrangement by which an eastern member would be regarded as the head of the English-speaking "win the war" Liberal party. N. W. Rowell was suggested as a good man upon whom to count, but it soon developed that Mr. Rowell is regarded as a corporation lawyer and the opponent of public ownership and was therefore unacceptable. George P. Graham proved to be even less acceptable to the westerners, while E. M. Macdonald, who came out as a tariff reformer and is said to be free to accept the western influences, might prove available. Fred F. Farde, while not entirely acceptable to the west, is a possibility. In the event of a split, the prime minister's offer of coalition is still open. The general opinion prevails that the Borden government will have to go to the country on the record of its own achievements and stand or fall with the Conservative party. It will be contended by two or three groups instead of by the old-time Liberal party, and there are many who think that if coalition comes it will come after the general election, the results of which, it is feared, will be indecisive.

DOCTORS' OPINIONS DIFFER ON CALL

(Continued from Page 1).

medical officers, for overseas service is thus very evident. The time has come also when medical officers are needed to devote their whole time to military service in Canada. The care and treatment of the many invalided soldiers returning to this country has to be carried on with a full realization of the sacrifice these men have made. The number of men invalided to Canada is steadily growing and creating urgent demands for service here.

For doctors who are not in a position to proceed overseas this affords an excellent opportunity for taking their part in this great war. Please fill in replies to the questions on the attached form, in every case with a positive answer, yes or no, and return same at your earliest convenience.

Yours faithfully,

E. S. Ryerson,

Lieut.-colonel, A.D.M.S., M.D., No. 2.

Questions for Doctors.
Accompanying the letter was the following list of questions which required a direct answer:

1. Are you prepared to proceed overseas in the Canadian Army Medical Corps? (Yes or no.)
2. Are you prepared to devote your whole time to military service in Canada? (Yes or no.)
3. Are you prepared to give one month of your time to military service in the Canadian Army Medical Corps in Canada? (Yes or no.)

In the event of your answering one of these three questions in the affirmative, full instructions as to how you will have to proceed will be sent you. Think! Idea Good.

Dr. O. A. McKillop, Carlton street, thought the idea of classification was a good one, and stated that many practitioners were in favor of the conscription of doctors to carry on the work overseas. "We all want to go," he said. "But the regulations of the medical services do not provide for us to get into active work immediately on getting overseas, and that is what we want."

That the medical profession of Toronto would prefer to be shown the necessity for mobilization before it would submit to the order was the declaration of Dr. Norman Allen. He said that doctors in this city would, individually and as a body, make every sacrifice for the cause if there was need, but that so far no need of their services had been indicated by military authorities.

"The whole point, as I understand the mind of the profession, is that physicians here do not understand the need of the order," said Dr. Allen. "There is no necessity for their services except in the ordinary medical services. I know of a physician who, after serving for years, was told that his services would no longer be required. There is no general feeling that the army needs medical men, and we have received no information to that effect. There is still open the medical profession as a body and individually would make every sacrifice necessary, but the circular contains nothing to indicate the necessity. The doctors are from Missouri and will have to be shown before there is a universal response to the order."

"I think the whole idea is very fair," said Dr. W. P. St. Charles, 166 George street. "Eventually they have to find out just how doctors in Toronto stand in regard to their service, and it's just as well to start now."

Dr. Henry Clendinning, 255 Wellesley street, presumed that the letter had been sent to ascertain how many doctors in the district were able to work in the medical services. He thought the idea was very fair as far as it went.

CHARGED WITH THEFT.

Maurice E. Lumjair was remanded in police court until the 13th by Magistrate Kingsford when he appeared charged with theft of \$1220.87 from the Toronto Electric Light Co. Lumjair was formerly employed by the company as a bookkeeper and it is alleged by the crown that the amount stolen would amount to a larger sum than the amount claimed on the warrant. Lumjair was dismissed from the company some time ago and was arrested on Friday at Camp Borden, where he was in training as a soldier with a Toronto unit.

RACING AT GRAND STARTING JULY 12

Saratoga Handicap to Be Run Twice Every Day.

For powerful, gripping and intensely interesting scenes, no photoplay ever shown in this city eclipses "The Whip." which will be presented for a special engagement of nine days at the Grand Opera House commencing Thursday, July 12, with two performances each day. The story is a combination of love and romance of the race track and shows some startling original scenes that make the audience sit at the edge of their seats for a time. There are thrills, gallop and tense situations throughout the two hours it takes to unfold the spirited story, which is a monument to the photographer's art and the director who conceived the situations and effects. There are several climaxes, each one more exciting than the last, and the real startling effect is produced when the Saratoga express running at a high rate of speed crashes into a box car cut from a train by the mad driver, splintering it to kindling wood and throwing the engine and cars over the embankment a twisted mass.

"The Whip," a race horse, is scheduled for the famous Saratoga Handicap. Enemies of the owner and a bookmaker attempt the destruction of the thoroughbred, but in spite of all their attempts, every one of which is frustrated, the Whip, with the owner's daughter on its back, runs under the wire a winner, and the villains receive their deserts.

Not the least exciting incident is a race between an automobile and a train, in which the train forges ahead for a short time, only to be headed and beaten by the big racing machine. Those who are fond of horses and dogs should see this picture. There are several packs of hounds, and a fox hunt from the start to the killing. There is a real horse show with the finest driving horses on the continent on exhibition, and a most interesting scene at the Saratoga race track.

During the entire engagement of the picture at the Grand a matinee will be given every day, with all seats twenty-five cents. The seats for the evening performances can be reserved in advance at twenty-five and fifty cents.

SUES FOR COMMISSION.

Hamilton, July 7.—Claiming \$4505 due as a commission or bonus for a system invented or perfected by him by which the cost of producing artillery trucks for the allies, which the company has been making, was reduced about half, Arthur H. White has commenced a suit for the above amount against the National Steel Car Company. White alleges that his invention saved the company thousands of dollars, out of which they agreed to pay him a commission.

STRONG BILL COMING TO THE CAFE ROYAL

Management Have Secured Excellent Cast for This Week.

One of the best known and highest priced cabaret and vaudeville companies in America, the Chicago Ideals, has been secured for a week's engagement at the Cafe Royal, and will give luncheon, program on Monday at 4.30, 6.30, 8.30, 10.30, and 12.30. The company includes four pretty and talented young ladies, Eva Horton, violinist; Erma Horton, 'cello; Helen Johns, pianist, and Naomi Gray, drums, all of whom, besides being ensemble instrumentalists, are trained vocal soloists, and a program of exceptional merit is assured. They come to the Cafe Royal direct from Chicago and a tour of the central west, and besides have filled engagements at all the leading cabaret restaurants in New York. It is an attraction well worth hearing, and that the Cafe Royal will be packed to capacity goes without saying.

FOUR PEOPLE KILLED IN MOTOR ACCIDENT

Blind River Motor Party Struck by Railway Train.

Sault Ste. Marie, Mich., July 7.—Four persons were killed and one was injured last evening when a motor car was struck by a Canadian Pacific passenger train near Blind River, Ont. The dead are: Mrs. John D. Stover, her daughter Mary, Mrs. J. W. Brooks and her daughter, all of Blind River. The injured man was Ralph Glynn. Several years ago Glynn was a famous athlete. He was a star on the Notre Dame football eleven, and later at the University of Wisconsin.
