## Buying Advertising Space Means Buying A Market

Cautious merchants buy advertising space the same as they do merchandise or goods in trade—with a microscope in their hand.

"What do I get for the expenditure?" is the paramount question in the present day merchant's mind. Stunts, schemes, fictitious and proof lacking circulation claims have no attraction for the keen space buyer. That's why the Daily Telegraph and The Evening Times-Star represent solid and steady growth in advertising volume -because they can satisfy the most exacting demands made by local or national space users as to the real condition of their circulation.

The membership in the Audit Bureau of Circulations—the A. B. C. of The Telegraph and Times-Star ensures accurate and trustworthy circulation statements.

## The A.B.C. is Your Saseguard

The A.B.C. is a non-profit organization made up of concerted advertising interestspublishers, advertisers and advertising agents; and the object is to produce verified and authentic act figures of circulation.

All local newspapers were invited to become members.

The Telegraph and The Times-Star were the only two in New Bounswick to accept.
