He very heartily thanked them for the gifts and good-will.

AT CHAPEL GROVE.

People who gathered at Indian Point wharf yesterday morning to go to Chapel Grove, found that the regular steamer had had a rope caught in her propeller up river, where she had gone for the rescue work and was not available for the Chapel Grove run. A. J. Wheaton won the good will of the group gathered on the wharf by placing his trim vessel "Chesley" at their disposal and a good run to the Grove was enjoyed. He called for his passengers at 7 p.m. and gave them a fine run home in an hour and ten minutes.

POLICE COURT

Fawcett Case Taken Under Consideration—Story of a Horse and Rig.

In the police court this morning the case of George Fawcett, charged with stealing an automobile and a stolen battery, the property of Joseph Coughlin, from an automobile in the Red Head road, was taken up. K. A. Wilson, appearing for Fawcett, asked that the case be dismissed on the ground that there was no evidence to convict the defendant. The prisoner was remanded until the magistrate should look into the case further.

James and Charles Moore were charged with stealing a horse and rig, the property of McGuire Bros., Union street. J. H. Hickey, of 33 Sewell street, testified that he hired the horse and carriage about 2:30 o'clock on Saturday afternoon, from McGuire Bros., and drove to the Sewell street and entered the house. When he came out the horse was gone. The witness said that he had not seen the defendants before but had not seen them in Sewell street that day.

James McGuire followed it until it turned into an alley off Richmond street, and he then went and got Detective Biddiscombe and Policeman Chisholm.

Detective Biddiscombe told of the arrest. He said that he arrived at the alley in Richmond street and saw the defendants and they succeeded in capturing two of the occupants of the carriage, but a third one escaped. The detective said that on searching James Moore he found a flask of gin. He produced the flask in the court. The prisoners were remanded.

One man charged with drunkenness was remanded to jail.

MUTT AND JEFF ON THEIR HOLIDAYS

A few days ago Mutt and Jeff gave notice that in their opinion all work and no play did not make for business efficiency, and that therefore it was in the best interests of all that they should take a summer vacation. In support of their claim they contended that they had done their work nobly and well and said further that Joe Spivis and positively refused to appear again unless he was given a holiday. Their request was acceded to, and they have left for parts unknown. In their place comes Dorothy Darnit, who will do her best to fill the gap during their absence. Though of a backward and retiring disposition, Dorothy has a winning way with her and anticipates a pleasant time among St. John folk.

SAW MAN WITH GIRL IN BOAT.
A possible clue to the whereabouts of little Sadie McAuley has awakened hopes in the hearts of grief-stricken parents. Saturday evening Robert Crilly of 222 Chesley street told the McAuley family that he had seen a child being rowed out of Mable Cove by a man about 2 o'clock Tuesday afternoon, but was too far away to see them plainly. A member of the detective department visited the home of Mr. Crilly, but could learn nothing further as Mr. Crilly was out of town.

The shaft near the mill of Murray and Gregory, Ltd., was pumped dry on Saturday afternoon but revealed no trace of the child.

PRESENTATION TO JOHN C. FERGUSON

Customs and Excise Staff Say Farewell to Official Retiring With Excellent Record.

After thirty-five years of excellent service in the excise branch of the federal government service here, John C. Ferguson has retired, and on Saturday was made the recipient of a farewell address and gift of a valuable pipe and other smoking material from his fellow officials. Mr. Ferguson, as he leaves the service, takes with him the best wishes of all those with whom he worked side by side and those among whom his duties took him. As the years passed on the old friends retained their kind regard for him and new ones were added as another generation came within the influence of his genial personality.

In addition to the satisfactory performance of his duties, Mr. Ferguson gave of his talents to the service of his city as an alderman and to the pleasure of many an assemblage by his pleasing oratory, for he possesses to a degree the art of public speaking. He has also been and still is prominent in fraternal society work.

The address was read by Inspector John McDonald and the presentation was made by Miss Claire Ward. Mr. Ferguson replied graciously. The address was as follows:—

St. John, N. B., Aug. 6, 1921.
J. C. Ferguson, Esq., Officer of Customs and Excise, St. John, N. B.:
Sir—We, the inspectors of customs and excise, and the members of the staff of the excise branch of customs and excise, aware of your honorable retirement from the department of customs and excise, after your many years of faithful and most efficient service, desire to take advantage of the occasion to convey to you our most sincere regrets on your departure from amongst us.

Some of us present remember the time when, as an alderman of this city, your able advocacy of municipal rights earned you the envious title of "The silver-tongued orator of the council board"; others have listened with pleasure and profit to your admirable lectures in support of charitable institutions; but it is more particularly as a fellow-laborer, in connection with our official duties, that we have every reason to admire and esteem your constancy as a friend, your competence as an official, and your unflinching courtesy as a gentleman.

Hope that the coming years will continue to bring you health and happiness, and asking you to accept, in kind remembrance, this little souvenir, we subscribe ourselves,
John McDonald, Jr., T. H. Belyea, O. A. Gledhill, W. J. Fitzpatrick, W. A. Weeks, W. Pitts, W. P. Dawes, R. Y. Ganong, John McGowan, C. Ward, J. W. Murphy, R. C. Farmer, A. L. Law.

INSURANCE ON THE WAREHOUSES
At a meeting of the common council this morning some important business was laid aside owing to the absence of Commissioner Bullock. A letter was read from R. E. Armstrong, secretary of the board of trade, in which he enclosed the following resolution passed at a meeting of the council of the board of trade on August 4:

Resolved, that the council of the St. John board of trade is of the opinion that the insurance of \$194,000, or thereabouts, carried by the city on the warehouses on the city piers is entirely inadequate for the protection of the city and its port, and it would gain respectfully recommend to the city council that early consideration be given to the providing of further insurance protection in respect to the above.

The letter was referred to the mayor or the commissioner of harbor and fisheries.

Commissioner Jones read a letter from City R. Black petitioning the council to lay an eight-inch water main up Edith avenue, East St. John. The distance is 800 feet. He wrote that the citizens were willing to undertake the trenching and back-fill. The commissioner said that the estimated cost of this extension would be \$5,500. He moved that he be authorized to reply that the residents of Edith avenue would guarantee to pay ten per cent on \$2,625, for the cost of the pipe, material and labor of pipe laying, etc., until the revenues from the properties served equal the ten per cent, the city would undertake the work under such guarantee.

The motion passed.

Commissioner Frink read a statement by Martin McDowell of Penfield, Charlotte county, asking for damages against the city as a result of an automobile accident in Douglas avenue, as a result of which his car was damaged when it went into an excavation.

Replies, he said, cost him \$45. Commissioner Frink moved that the matter be referred to the commissioner of water and sewerage, as the excavation was made by his men. The motion carried.

Commissioner Frink read a communication from Rev. J. J. Ryan asking that the city place a concrete sidewalk in front of St. Patrick's school instead of asphalt as proposed. He said the church corporation would pay the difference in construction. Commissioner Frink moved that the application be complied with if the church corporation agreed to pay a proportion of the cost, which would amount to \$193.80.

Commissioner Thornton asked the commissioner of public works if he proposed to make any repairs to the section of Prince William street between Princess and King. In reply, Commissioner Frink said that the water main had been renewed and this work would not be undertaken by that department until after the exhibition, and that in the meanwhile he would have crushed stone placed between the rails to better condition until after the exhibition period.
