GENERAL REVIEW OF THE COAL TRADE

(Coal Trade Journal, July 25.)

Further discouraging recessions have characterized the anthracite trade of the past week. The middle of the customary summer dullness is at hand, with retailers placing only a few orders, and the situation further aggravated by delayed purchasing in all quarters. Heavy cuts in the circular are the rule, while both the individuals and large companies are reducing operations to nearly half capacity. A fair demand in the line trade, together with a large movement of the fuel to the lakes, are the only features preventing large accumulations at tide-water.

An almost complete demoralization prevails in the down east bituminous market. The situation has reached such

In St. David's church school room last evening, Miss Margaret Cummings gave an interesting lecture on the life and works of Henry Wadsworth Longfellow. Solos were sung by Mrs. A. Worcester Weeks and delighted the audience. Miss Eleanor Weeks was a very efficient accompanist. The evening was greatly enjoyed.

NATURAL HISTORY SOCIETY.
Field meeting tomorrow, Wines in a pit of soft water. Drop 2 drops daily in each eye. This is a simple, economical remedy. It is cheap and harmless and rapid in effect.

MAKE YOUR MONEY EARN YOU 50 PER CENT OR MORE.
Buy shares in The Colwell Fur Farms, Ltd., where you have a chance to win the elements of risk, loss and uncertainty, and have every prospect of securing a small investment in a most amazing percentage that are so certain in the fur farming industry.

The Colwell Fur Farms, Ltd., have sufficient business now to guarantee at least 20 per cent. of a dividend the first year to its shareholders. Is there any sense investing your money in any other company? Secure the 10, 25 or 50 shares that you would like to own at \$10 per share.—The Colwell Fur Farms, Ltd., Ritchie Bldg., St. John, N. B.

HELEN O. You are one of many who are using our hair shampoo, and I am sure it is the best. I am sure it can be easily helped. There is a preparation I am always glad to recommend. It is so reliable, cheap and easily made. And it is a splendid substitute for ordinary face powder which is a nuisance for the face and the hair. Try the fine preparation made by stirring a teaspoonful of catnip in a pint of water. It will bring out the new beauty-possibilities in your hair and prevent dandruff, and promote growth and fullness. It removes excess oil.

LILLIAN G. I don't believe your skin is so much affected, and I am sure it can be easily helped. There is a preparation I am always glad to recommend. It is so reliable, cheap and easily made. And it is a splendid substitute for ordinary face powder which is a nuisance for the face and the hair. Try the fine preparation made by stirring a teaspoonful of catnip in a pint of water. It will bring out the new beauty-possibilities in your hair and prevent dandruff, and promote growth and fullness. It removes excess oil.

A stage that a conference of the leading agencies was held at Boston to formulate a plan for rehabilitating the trade, and it was decided that the only corrective lay in a drastic curtailment programme. Other eastern distributing centres have failed to develop any features of a constructive nature, but the situation appears less acute and more along the line of the routine summer lull. There is no spot market, and the oldest operators report the dull situation in years.

The long expected improvement in the bituminous movement from the Pittsburgh district, up the lakes has failed to materialize, nor does there seem to be any immediate prospects for such. As a rule, tonnage figures are running close to those of last year, and consumers have little surpluses. Both spot and contract prices are subject to cuts. With the realization that the Ohio mines could not get under operation before Aug. 1, and even then only under a heavily curtailed capacity, a somewhat better tone has developed, particularly in the domestic grades. The lake trade has proved decidedly disappointing so far, although preparations are being made to rush a heavy tonnage into the Northwest during the balance of the season. A distinctly better tone prevails as to the future.

The improving tendency in the middle-western market is being offset to a certain extent by the rapidly increasing production, and the delay in getting the crop movement under way. The demand is slow opening up and the disappointment is general throughout the trade. The labor scarcity, due to the heavy call for men in the farming districts, is interfering with handling the coal at the large distributing centers. The high-grade fuels are holding steady as a rule, and advances in the circular are scheduled for August 1.

STEAMERS IN COLLISION; LITTLE DAMAGE DONE.
London, July 27.—The British steamship Missouri, passed Gravesend this evening with her bows damaged. She reported having been in collision with the Red Star Line steamer Zealand, the damage to which vessel was not known. New York, July 27.—With a crack four inches deep extending from rail to waterline in her starboard bow, the Red Star liner Zealand, Captain Moller, arrived here tonight, bringing a story of a collision in a dense fog in mid-ocean last Wednesday morning with the British freight steamer Missouri, of the Atlantic Transport Line, Baltimore for London.

Health and Beauty Hints

(By Mrs. Mac Martyn.)

L. S. Every woman wants to be slender nowadays, so I don't blame you and since this reliable and inexpensive home-remedy, paretos, was discovered, we may all make our figures to suit the latest mode. Paretos allows you to reduce flesh without danger or discomfort. It leaves the skin firm and unwrinkled. Simply get four ounces of paretos from your druggist, dissolve it in 1 1/2 pints hot water and strain. Take a tablespoonful three times a day. Avoid cereals. They are too starchy for each eye. This is a simple, economical remedy. It is cheap and harmless and rapid in effect.

ADA S. Your eyes are probably overtaxed and overworked. Rest the nerves, brighten the color and clear the lids of inflammation by this method. Dissolve one ounce of erythra in a pint of soft water. Drop 2 drops daily in each eye. This is a simple, economical tonic. It is cheap and harmless and rapid in effect. If troubled with dark rings or flabbiness under your eyes try saturating a cloth in the solution and laying it over the eyes while lying down. It rests the nerves and starts circulation. Both are necessary to beauty of eye.

HELEN O. You are one of many who are using our hair shampoo, and I am sure it is the best. I am sure it can be easily helped. There is a preparation I am always glad to recommend. It is so reliable, cheap and easily made. And it is a splendid substitute for ordinary face powder which is a nuisance for the face and the hair. Try the fine preparation made by stirring a teaspoonful of catnip in a pint of water. It will bring out the new beauty-possibilities in your hair and prevent dandruff, and promote growth and fullness. It removes excess oil.

LILLIAN G. I don't believe your skin is so much affected, and I am sure it can be easily helped. There is a preparation I am always glad to recommend. It is so reliable, cheap and easily made. And it is a splendid substitute for ordinary face powder which is a nuisance for the face and the hair. Try the fine preparation made by stirring a teaspoonful of catnip in a pint of water. It will bring out the new beauty-possibilities in your hair and prevent dandruff, and promote growth and fullness. It removes excess oil.

BEATRICE B. From what you write of your frequent "blues" and nervous spells I am quite sure you are run down and need a good tonic, something to sharpen your appetite and regulate your whole system. Here is a excellent blood purifier that tones up the body generally. Dissolve half a cup of sugar and one ounce brandy in half a pint alcohol (not whiskey). Add enough hot water to make a full quart of the mixture. Take a tablespoonful before each meal. You will feel benefitted right away, the whole world will look brighter and it will improve your looks too.

B. D. V. I am not surprised that your hair is falling out when you confess that you "have tried everything on the market." Scientists agree on the wonderful preparations, but they must always be made fresh. This you can do with little cost, at home. Simply dissolve one ounce of quinine (get it at any drug store) in 1/2 pint alcohol, and mix with 1/2 pint water and you have a delightful home-made tonic, that will keep the scalp healthy and give you back your "crowning glory." Use twice a week. I know nothing better to prevent baldness. —Betty Deane's Beauty Book, \$5.00.—Adv.

The Zealand was on her way from Dover and Antwerp with twenty-eight first-class and about 200 second class passengers. Captain Moller said the Zealand did not leak and that no plates were broken.

Hard-Worked Father—"I cannot see why you dislike work. Do me it's real enjoyment."

Lazy Son—"That's it. I don't think it's right for one to give one's self up wholly to pleasure."
