REVIVAL OF BOXING EXPECT TO FOLLOW BILL IN NEW YORK

Considerable comment and speculation is going on among the sporting fraternity over the new boxing bill, which will permit of contests in this city without the interference of the spectators being "members of the club." Those who want to fight in the last four or five years knew that they were not really members of a club except perhaps technically for one night. This will be done away with now under the new law and boxing should be in for a big boom.

The bouts that were staged last week at the National and Twentieth Century clubs furnished good samples of just what the commission that was appointed will have to contend with. The case of "Cyclone" Thompson was a bit different, still he came in for censure from the men who support the game.

Thompson made the statement after the fight that he was in no condition to put up a good battle against "Willie" Lewis. It is that kind of thing that is not to be placed, so if any boxer were in a mood to have it out with skin tight ones there is nothing, as it appears, to prevent them from having all the weight around the wrists.

New York is to see a new lightweight within the next fortnight who is figured in his chance of the country as having as good a chance as anyone to topple Wolcott off his throne. He is "Young" Saylor, of Indianapolis, a boy who has defeated as good a man as "Matty" Baldwin and has fought a draw with "Jack" Britton, against whom "Paddy" McFarland could do no better. He is not on the trail of "Knockout" Brown, whose manager has been doing a lot of talking about besting \$10,000 that his boy can stop the champion in ten rounds. This is taken as more or less of a joke, and E. C. Mack, Saylor's manager, writes that he can get backing out in Indianapolis that Brown can't stop Saylor in ten, and for just that amount. Brown, by the way, has been picking out some soft ones, whereas if he were very eager to meet Wolcott over the ropes he might have gone out to the coast and have got close to the trail.

It will be fitted temporarily for meeting this month. A few meetings will be held at Drury Cove Saturday afternoon and a boating trip to Hunter's Creek will be a feature.

Joseph P. Merritt, of this city, while at work on a saw at Black River, in the saw mill there yesterday, had his hand badly cut at the wrist, and there is a possibility that he may lose it. Diamond Dust.

Manager Clark, of the Cincinnati Nationals, has been suspended for three days.

By defeating Boston in both games of the double-header Saturday, Pittsburg made it 11 straight victories and is now only 212 games behind the leaders.

Joseph Wood of the Boston Americans added his name to the no-hit, no-run pitcher Saturday by shutting the St. Louis Browns out without a hit or run.

The Chicago Americans are making up the ground lost by the three straight defeats at the hands of Boston and have gone up to third place in the standing at the expense of the New York Highlanders.

Outfielder Jackson of the Memphis club of the Southern League. They have also received the signed contract of Bridwell, lately secured from New York in exchange for Herzog.

The Athletics were evidently out to make up for the four straight defeats at

Tennis

St. John Man Won Twice.

Montreal, Aug. 1.—The appearance of Schwenger and McLean, the pair from Victoria (B. C.), in the first round of the open doubles was the feature of the day's play at the province of Quebec tennis championship on the Mount Royal courts today. The westerners had little difficulty in defeating Hockley and Ross, of Grandmere, 6-1, 7-5.

Tennis in Gotham.

Now that Dr. James Dwight, president of the national tennis association, has expressed himself in favor of New York City as the place for the Davis international cup preliminaries, local enthusiasts are confidently looking forward to the tennis treat. It is the chief topic of discussion in tennis circles.

Speculation is rife as to who will be chosen to represent America against the English visitors. Naturally, William A. Larned, the national champion, is the first expert mentioned, but Mr. Larned is not certain as yet whether he will be able to make the trip to Australia in the event of an American victory in the preliminaries.

Henry W. Slocom, of the Rockaway Club, who was recently appointed chairman of the National Tennis Ranking Committee, was the national champion player in 1888 and 1889.

Those who have watched the efforts of Gustave F. Touchard all season in the various metropolitan tournaments, who saw him defeat all comers for the Pele Challenge Cup, the Bronxville Challenge Cup and the Long Island title, were not greatly surprised at his splendid showing at Longwood, where he defeated M. E. McLaughlin and W. H. Long, the international champions of 1909, and others. Continual competition has kept Touchard in the best of physical trim, and has given him the suppleness he needed so much last season. Touchard was never accused of lacking much tennis skill.

Speculators unacquainted with Touchard's style usually get the impression that he is an extremely careless player. Unlike most experts, he doesn't lean forward with muscles tense or dance up and down on his toes while waiting for a service or return. He goes after a ball with a sort of languid air that gives an impression of carelessness, but is really the expression of unusual control.

Touchard's motion is always a free easy one—not forced.

Aquatic

An Interesting Race.

With the pick of the speed boats in the city entered the motor boat race for the Trout cup, which is to be held on the lake at Longwood, on the Kennebecasis river this evening should be most interesting.

The following boats have been entered: No. 32, Idler II, owned by W. C. Rothwell; No. 1, Boston, owned by Gandy; No. 8, Alert, owned by Bowman; No. 3, Keenick, owned by Byrnes; No. 11, Barton; No. 24, Silver Spray, owned by A. R. Crahan; No. 25, James F. Fairbanks, owned by T. E. Ryder; No. 37, the course will be as follows: Starting from a point in line with the club house the boats will proceed to a buoy off Sandy Point, thence to a buoy off the western end of Indian Island, thence through the western channel into Millville harbor and across the starting line, the course to be covered twice. At a meeting of the R. K. Y. C. held in their rooms German street, final arrangements for the race were made and considerable routine business was transacted.

Regatta at St. John's.

Tomorrow will be the great annual regatta at St. John's, Newfoundland, an event looked forward to by citizens with keen interest. It takes place at Quillville, near St. John's east. The number of boats entered is about twelve, the crews aggregating about sixty men. All sections of the city are represented, and all associations and clubs have boats entered for the races. Each newspaper has a crew also, and four juvenile military brigades, the Church Lads' Brigade, Catholic Cadet Corps, Highlanders, and Methodist Guards have crews entered. Among the crews entered is one by the Total Abstinence association, which has been identified with the regatta in St. John's for fifty years. There is an agitation in progress at the present time to extend the regatta all over Newfoundland so that each district will have its own local regatta, this being the means of bringing to the front many champion oarsmen, in fact its advocates in St. John's are having a petition prepared to forward to the government with the object of making the regatta day in Newfoundland a public official holiday for the country in the same manner as Dominion Day or any other nation

holiday is to Canada. The regatta this year is expected to be a great success as it is known as Coronation Regatta, and is in effect the crowning point in the great coronation festivities which were held with exceptional public enthusiasm some months ago in St. John's. This city will wish to manage every success and fine weather for the great regatta.

The Montreal Swimmers.

Montreal, Aug. 1.—At a meeting held in the Montreal Amateur Athletic Association Club house last night, it was decided to send three men to represent the association at the Canadian diving and swimming championships to be held in Halifax this month: Lawrence Earl and George Draper, will take part in the fifty and 220 yard events while Peter Cameron will enter the diving. Draper has just returned from England where he was sent to represent Canada in the empire games. George Hodgson, who won the mile championship on that occasion and who is the best mile distance man in the empire, will not attend the Halifax meet.

The Montreal Swimming Club will send two representatives, John A. Lyons, who won the championship in high diving in 1909, for the diving and Sam Silver for the breast stroke event. Bob Zimmerman, who was expected to take part and who won the Canadian championships at diving and swimming will be unable to make the trip to Halifax this month for the championships.

A record for the course of Cornell University, holder of the world's amateur one mile record, won the special one mile race of the A. C. games Saturday in 4m. 28.4s. A. K. Kivist of the I. A. A. C. was second 40 yards behind. The time was remarkably fast as the race was run on a grass track.

Yachting

Sir Maurice Wina Blue Ribbon

Coves, Isle of Wight, Aug. 1.—The king's cup, the English Amateur Swimming Association trophy, was won today by Sir Maurice Fitzgerald's boat, "Ulnia," on a handicap allowance. The English Water Witch, owned by G. Cecil Whitaker finished second, ahead of the Kaiser's Meteor which was followed by the White Heather. There were twelve starters.

The race provided an exciting experience for the King of Spain. He was on board one of the competitors, the Nevada, which was dismantled by a squall. Fortunately nobody on board the yacht was injured.

Alfonso had had luck in the race for the 15 metre class boats in which his Hispania fouled the mark boat and was compelled to withdraw.

MEMBER OF E. D. C.

ORCHESTRA HONORED

The Every Day Club orchestra last night tendered a complimentary dinner at White's to Frank Tongue, a member of the orchestra, who is leaving for the west. The affair was a success and not only indicated the flourishing condition of the musical organization under the direction of Prof. Bowden, but gave evidence of the good feeling among the members.

The chair was occupied by R. S. Edgecombe and the vice chair by R. Vernon Armstrong. Preceding the supper several selections were rendered by the orchestra and some vocal numbers by Robert Seely and others. The toast list was as follows: The King, with musical honors, responded to by Ray Nobles, H. W. Coupe and George I. Higgins. After the toast list Mr. Edgecombe in a neat speech presented to Mr. Tongue a pair of solid ebony back military brushes enclosed in a seal case. In making the presentation he referred to the request by the orchestra members and also by the Every Day Club at the loss of Mr. Tongue, and at the same time wished him every success in the western field. He also took occasion to refer to the good work being done by the orchestra and the able leadership of Prof. Bowden. Mr. Tongue feelingly thanked the donors and referred to the pleasant relations that had always existed between the members. He would always treasure the gift which would ever remind him of the pleasant associations here. After the cigars had been passed around and a general social time spent the gathering broke up with Auld Lang Syne.

The menu was as follows: Teed Celery, Dressed Cucumbers, Tomatoes a la Francaise, Consomme Julienne Royal, Boiled Fresh Harbor Salmon, Hollandaise Sauce, Cold Potatoes, Roast Turkey, Celery Dressing, Giblet Sauce, Green Peas, Country Style

Hot Potatoes, Chicken Croquettes Bechamel, Cold Sugar Cured Ham Glace, Sautéed Chicken, Sautéed Chicken, Deep Blueberry Pie, Jelly a la Cardinal, Ice Cream, Vanilla and Strawberry Ice Cream, Marble Cake, Gold Cake, Angel Cake, Young Canadian Cheese, Huntley and Palmers Biscuits, Cigars, Demi Tasse.
