STATE ARNOTT TREATMENT FOR ULCERS NOT NEW

Saint John Doctors Discuss Announcement Made in Toronto

SAY SAME THING BEING DONE HERE

Doctors Compare Regimen of Patients Here and the Arnott Report.

Many thousands of people across Canada, including Saint John, read with keen interest the report of Dr. D. H. Arnott of London (Ont.) submitted before the Ontario Medical Association dealing with his successful treatment of ulcers of the stomach during the last ten years. The initial announcement published a few days ago that Dr. Arnott's cure would be another price less boon to humanity and the testimony of Dr. Banting that it was of greater significance than his own insulin discovery, aroused the happiest anticipation among sufferers.

OPINIONS HERE

The Times-Star interviewed leading surgeons and diet specialists in the city this morning seeking some comment upon Dr. Arnott's treatment as published in the report in today's Telegraph-Journal. Each physician promptly asserted they did not see that the Upper Canadian doctor had discovered something new and that numerous citizens of Saint John were being treated successfully, many having already been cured by practically the same method of diet and medication.

Dr. Arnott's regimen which calls for almost complete inactivity of the muscular and secretory activities of the stomach by administering scant meals, preceded and followed by assisting medication, definite rest hours to offset fatigue and no interruption in the workaday life of the patient, was said, was all familiar to chronic ulcer patients of certain doctors in Saint John and particularly one specialist in dietetics.

SAME TREATMENT HERE

Abstinence from heavy diets, raw fruits, spicy condiments, acid foods, variety of course-grained cereals, etc., was declared to be the Saint John treatment the same as Dr. Arnott's. The only variation from the reported discovery of the Ontario physician, it was asserted, might be in the frequency of feeding hours. Some citizens here with pronounced ulceration were attending to their daily duties, improving health and losing no weight under diet and medication prescribed by local specialists, the regimen mentioned in Dr. Arnott's report. It was the consensus of professional opinion gleaned this morning as the leading doctors were assembled at the hospital duties, that Dr. Arnott had nothing new to offer on the important subject of stomach and duodenal ulcers and its best treatment to date. In every centre where this common ailment was being specialized the same basic treatment was being given with unimportant variations.

ALUMNAE SESSION

Mount St. Vincent Organization Hears Reports and Address and Selects Delegate.

Miss Elizabeth McGuffigan, president of the Saint John Chapter of the Mount St. Vincent's Alumnae, delighted the members with an address on their Alma Mater in Halifax, when she spoke at a meeting last evening. Mrs. Albert Wilson, 100 Mount Pleasant avenue, was hostess. Miss Mrs. Gaffigan presided. Encouraging reports were submitted by Miss Mary Owen, secretary, and Miss Winifred Ritchie, treasurer. They showed successful work done in the Lenten season in sewing for the poor. The society is making a complete outfit for a child who will soon make her First Communion. Miss Winifred Ritchie was appointed delegate to the annual meeting of the Alumnae in June in Halifax. The Alumnae here, said, are proud of the work being done by Alumnae in Halifax, Miss McGuffigan said in her address. The schools for the blind and for the deaf were being greatly aided. Mount St. Vincent was supplying a large share of braille for the blind young people's studies and reading. This was only one branch of the work being done.

Mrs. Wilson served dainty refreshments, assisted by several of the members. The closing meeting of the season will be at the home of Miss Bernice Borden, Douglas Avenue, later in May.

Taken to Rockwood Park For Outing

A new departure was introduced into the story telling at the army this morning. Miss Mary Gunn told them that the girls were to meet her at King Square a little before 2 o'clock and they would be taken to Rockwood Park for their story telling. The boys are to be taken another day by several young men, and these two occasions will close the story-telling for the South End children for the season at the army. Miss Marjorie Johnston was the story-teller engaged for this afternoon, and Miss Jean Doy accompanied the party to assist Miss Gunn. More than 20 girls from seven to ten were expected on the picnic party. The Boy Scout troops from the Church of the Assumption and the St. John Baptist Mission church were in attendance at the army this morning.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram on his way to work, "Com. Frink's department has hauled new earth and reseeded the boulevard on G. m. a. in below Queen street. As an experienced gardener, what would you say about it?" "Well," said Hiram, "I'd hev all the kids run over it while it's soft—an' hev 'em haul their carts over it—an' git all the dogs in the neighborhood to make tracks in it—an' make a regular playground out of it." "That would seem to me a very extraordinary thing to do," said the reporter. "Well, now, see here," said Hiram. "If you kin stop that there grass from growin' it'll hev to be planted all over again—won't it?" "Quite so," said the reporter. "An' that'll mean more taxes, won't it?" "Of course," said the reporter. "Ain't that what you want?" said Hiram. "Don't you want more taxes to grumble about? That's the way it always looks to me—yes, sir."

TEST PLOT AS SITE FOR WAR MEMORIAL

Measurements Taken Today in Square to North of W.C.T.U. Fountain.

Measurements were taken this morning to see if the Soldiers' Memorial monument could be placed in King Square on the north side of the centre walk opposite King street, at the same distance from the fountain as the Tyler monument is on the south side of the walk. It was found this could be done and still clear the water main. Commissioner Frink, under whose direction the measurements were made, said he had been asked by several members of the committee to investigate and see what could be done. He was accompanied this morning by H. T. Hayes, M. L. A., E. A. Schofield, C. B. Allan and others and the measurements were made by men from the public works department. The commissioner said that after looking the ground over these present had expressed the opinion that it would be quite feasible to erect the monument in the plot of land which would give an opportunity to get all round it and still it would be visible from King street.

COAL QUESTION AT HOSPITAL MEETING

Busy Session Fails to Complete Business—Patients Average 143 a Day.

The question as to who should order fuel, the coal committee, on the commissioner of the month, was raised yesterday afternoon at a meeting of the Board of Commissioners of the General Public Hospital. Mrs. J. V. McLellan, commissioner for the month, in her report said that J. King Kelley had ordered a car load of coal from the Emerson Fuel Company without authority, and protested against other commissioners interfering with her duty. J. L. O'Brien and W. E. Emerson, members of the coal committee, said they had agreed to the purchase of this coal as it was a test car load. Mr. Agar thought it was an unfortunate situation but everyone had been acting in the interests of the hospital. The meeting approved the action of the coal committee authorizing the purchase of coal for the present month and to call for tenders for the year's supply.

General Matters

Mr. Kelley asked if the method of placing the bill in the kitchen was not creating a fire risk, and the superintendent said the work had been approved by the fire marshal and two members of the fire insurance board.

Patients

The superintendent reported the average number of patients a day for the month had been 148. The receipts had been \$18,831.79 and expenditures \$13,946.89. Miss Belle Howe, social service nurse reported 65 visits made and four cases reported to the Women's Hospital Aid. Dr. W. W. Wallis, appointed commissioner for the month, the schedule of the meeting was unfinished and will be resumed on Wednesday.
