## Paavo Nurmi Defeated By Alan Helffrich In Feature Half Mile Race

-By RAY HANSEN-BOMBARDIER WELLS has found his groove. In his earlier days he fabored under the delusion that he was a boxer and it took some years of heavy hammering on the part of glove artists of diverse nations to impress upon him the fact that he was not destined for ' fame in the squared circle. Then he took up golf! And it has developed that his talents for swatting the little white spheroid have relegated to the background his erstwhile dreams for pugilistic fame. Yesterday in his first championship encounter at Westward Ho, England, he survived the opening round by defeating Captain W. H. Ricardo, five up and four to play. Perhaps the title "Bombardier" will even yet be justified.

It was his first win of the season. Two days later against Terra Haute he was driven to the showers in the third inning. Shields will have to get going or he will have a hard job making the majors. \* \* \* \* \*

WILLIE HOPPE has again demonstrated that he is more entitled to the world's three cushion billiard title than the champion, Bob Cannefax. The former balkline king has defeated Cannefax on two occasions. Last week he scored 600 points while his opponent was amassing 484. While Cannefax will still be known as the world's champion Hoppe will undoubtedly be considered the uncrowned king. The latter is undoubtedly one of the greatest billiard experts that ever handled a cue.

THE LOCAL professional clubs appear to be well balanced and their series of games should prove interesting. The introduction of the 60-40 per cent. split of the net receipts to the winners and losers has started keen rivalry and as a result every game should be bitterly contested.

SPORT LOVERS in the States seem to have cottoned to a new pastime, namely racing speed boats with the 20th Century Limited train. This undoubtedly holds a thrill, but it seems like starting something which may end in a catastrophe. Running on its regular rtain risks in order to make time, bút it is another thing to start driving them over the rails at an excessive rate of speed simply to have it to say that it can go from New York to Albany faster than a motor boat. Many people will undoubtedly want to be on the fast train during a race to enjoy the thrill, but it seems like flirting with fate. Thrills are all right in their place, but when it comes to staking one's life the price is too great.
