Much anxiety was caused on Monday when it was rumored that wreckage belonging to H. M. S. Niche was picked up at Bank Head, on the west coaste Later it was learned that the Niobe was

absolutely safe.

It seems that the Niebe was in Bay St. George steaming slowly about. The people thought her to be a German man-of-war in to destroy the place, and everything was confusion. Women began to take for the woods and their cellars, and little children began to cry. If a train had been near, going east or west, it is thought all the women would have got aboard. It just gave the poople some idea of engine, thus greatly reducing the wearing parts below that just gave the poople some idea of the agony and fear of the poor Inventor of the famous dirigicreatures whose homes are visited by the enemy in the countries at bles that bear his name, now chiefly used to bombard hospitals and the defenceless perwar. They, however, soon found that it was a British ship, and their hearts were glad. Weat would the people of this locality do if a similar thing happened?

WE ARE MANUFACTURERS of COTTON DRIFT NETS, such as are used in the North Sea Herring Fishery. As the catch of Herring will be interferred with during the war, a good opportunity occurs for use of these Nets in Newfoundland.

WE ARE MANUFACTURERS of the celebrated STANDARD brand of Herring Nets, which is universally acknowledged to be the very best Net on the market. We are now making the CRESCENT brand Herring Net, which is the best and strongest low-priced Net made. It is mounted just the same as the Standard Net, and it is barked for preservation, not merely dyed like other cheap Nots.

WE ARE MANUFACTURERS of SQUID TRAPS, which are now legal. We make them in any size required, to order. We manufacture TARRED COTTON LINES, all sizes, for Bankers use; strong, durable and easily handled.

We make COD TRAPS, COD SEINES, CAPLIN SEINES, etc., to order, in all sizes. All the above fishery gear we can strongly recommend, and we would urge our fishermen to patronize articles of home manufacture, in order to give employment, which is so much needed this year.
