Mr. Geo. A. Davis informs the GAZETTE today that he will be a candidate for Alderman for Brooks ward under Union.

FOR HIS STOCK FARM.

Harry Townsend, while in Boston purchased three fine brood mares, which he intends putting on his stock farm at New Glasgow, N. S.

ST. JOHN AGRICULTURAL SOCIETY.

At the meeting yesterday the committee appointed to prepare a prize list for the annual show recommended that the total sum of prizes be reduced to $75 and that first and second prizes be awarded in each class. Adopted. It was voted that a variety of domestic manufactures for which prizes are to be awarded be increased. James Lee endorsed the action of the government in giving $500 as prizes for gets of their own horses. He considered the course a wise one in the interests of the country. The $500 will be the means of bringing into the city horses from all parts of the province and people would be in a position to see what the government has been doing.

PROF. SPENCER'S BENEFIT TO-NIGHT.

A night of thorough enjoyment is promised all who have procured tickets for Professor Spencer's benefit at the Domville building this evening. The ball room has been handsomely decorated for the occasion, and the waxed floor invitingly awaits the numberless daintily slippered feet which will trip so gaily along to-night. An efficient committee has been appointed to arrange for the comforts of the guests, and every one will be made welcome be he alone or with his best girl.

Professor Spencer for whom the benefit is given is unsurpassed as a dancing master, which the large number of his pupils very well demonstrates, and he deserves, for his efforts to raise dancing to its highest standard, the recognition of all lovers of that art.

Already tickets for seventy couples have been issued, and more are being asked for. The young gentlemen and ladies of this city are apparently fond of a good time.

CHIPS FROM THE SYDNEY (C. B.) REPORTER.

Mayflowers in full bloom were worn by a lady student on Monday. Mr. C. S. Jost sent to this office yesterday a magnificent specimen in full bloom.

Another curious contribution to the Island Reporter museum has arrived by mail from Whycocomagh. It is an egg laid by a this year's chicken, to the truth of which Stephen Gogo, of Whycocomagh can attest. It is the shape of a pointed cone, about 1¼ inch long and ¾ inch diameter.

"Mary," Catalone.—We will print the poetry you sent, on nice paper in beautiful clear type, several copies, for one dollar, but not in the Reporter. As we don't know your other name, we can't say positively whether we could "love you when you're old."

Death of a Centenarian.

An old land mark has been removed at North Lake Ainslie, Cape Breton, in the person of Mr. Murdoch Kennedy, who recently passed away at the patriarchal age of 108 years. The deceased served for some time at Halifax in the militia enrolled during the war 1812, and distinctly remembered seeing the Shannon with the captured Chesapeake in tow gaily sailing up the harbor. At the close of the war he returned to the county of Sydney, as it was then called, finding his way to Cape Breton—a region which at that day was a pathless wilderness and as little known as the valley of the Canyon. He was a good neighbor, hospitable as Roderick Dhu and independant as Diogenes, down upon all new fangled notions and loud in his praises of the good old time. "When we all stand at the last dread tribunal, when great and when small are assigned each a place, may the angels make room for this honest old man, who knew nothing of literature, science or art."

City Police Court.

Lizzie Ouillett, a common vagrant, was sent to jail for three months.

Wm. Carter, Thomas Spencer, Henry Higgenbottom, Robert Benson, Edward Dunkhase and George Vail, given in charge by Capt. W W Morris for deserting from the ship Theo. H. Rand, being articled seamen were detained pending the arrangements of the Captain. Vail was released from his contract with Capt. Morris to go as mate with Capt. Gibbon of Schooner Adria.

Personal.

Chas. H. Labillois M. P. P. and M. Strider, Truro, are at the Victoria.

W. L. Van West, New York and J R Pope, lumber dealer of Beverly Mass. are at the Royal.

Portland Police Court.

There was no business before the Portland Police court this morning.

—There is a great deal of glamor about the stage that disappears in real life; and "things are not (nor should they be) what they seem" behind the footlights. When the performance is over, and the curtain has fallen for the finale, the orthodox custom has been that the parties resume their normal relations and become "as you were.' If they don't there is likely to be trouble. An irate better-half (whose lord and master is an amateur) is reported to be very emphatic that there has got to be a stop put to certain park-promenading, etc., with (so-called) 'minxes,' or else there will be such a row that the neighborhood will come to the conclusion that a magazine has blown-up. —Acadian Recorder.

An amusing scene was witnessed in the house of assembly last night. Mr. Frame, M. P., for Hants, came in with a box of fresh spruce gum and five minutes afterwards every member in the house had his jaws working for all they were worth. It looked funny and it was thought there would be a stoppage in legislative business, but somehow or other the sitting dragged through. To-day the members are still chewing, and the legislative councillors, official reporters, clerks, attendants, messengers, librarians, and departmental officials have caught the fever.—Halifax Mail.

There was entered at the customs house in Moncton yesterday 33 packages dry goods and carpets by Mr. W. F. Fergusson, a direct importation from Great Britain, making one entry for duty $1470. The value of the goods previous to entry was $5300. This is probably the largest single entry of this class of goods ever made at the Moncton customs house.—Moncton Times.

The Common Council.

His Worship, Mayor Thorne, presided at the meeting of the Common Council, held yesterday.

Ald. Knodell was the only absentee.

The Finance Committee reported, recommending payment of a number of bills, and that Mr. J. R. Ruel had been before them on behalf of the Free Public Library, asking the grant of a sum of money for the publishing of a new catalogue. The committee deemed this undesirable, prior to the consummation of the union of the cities.

Messrs G. Gordon Boyne, Enoch W. Paul, R. J. Coughlan, Charles S. Melick, Robert S. Gilmour, John R. McFarlane, Patrick H. Donahoe, R. Edgson, J. McGonagle and Wm. Buchanan, were recommended as commissioners under the St. John city assessment act of 1882, for the present year. On motion these recommendations were ordered to be carried out.

The Harbor committee reported they had called for tenders for the revenues of the harbor from 1st of April next. Leave was asked to petition for the use of a dredge to be employed near Reed's Point. The report stated it was considered advisable to oppose the extension of Long Wharf 400 feet into the harbor but offered leave to extend the wharf 60 feet. The report was adopted.

A letter from Dr. Stockton was read in reference to the legislation sought in respect to this extension.

The Market committee recommended the market revenues be sold 11th of April, and that the rent of James Minehan's stall be $190. Adopted.

The Appeals committee reported that Jos. Hamm be relieved of his taxes for 1888—$13, on payment of poll tax $2.25; that Dominick Hayes be relieved of all arrears if he at once pays his taxes for 1888 and costs, and, that the estate of the late Robert Ross be relieved of balance of taxes on payment of $12.75 by the executors. Report adopted.

The Lamps committee desired to remove two gasoline lamps on the southern end of the new pier and replace them with such other light as they deem desirable.

The West Side Lands and Accounts committee reported favorably the granting a renewal lease of lots 450, 460 and 461 to Sarah Elizabeth Davis, the same to expire in 1900. That Charles E. Amos be granted a lease for 21 years of lot 503, south side of Queen street; that Gershom S. Mayes be granted a renewal lease of lots numbered 17, 18, 19 and 20 now held by him; that Thomas O'Reilly be given an annual lease during pleasure, of lots 575 and 576; that they had accepted a surrender of lease of lot 504 from Mercy A. Ferguson administratrix of Mathias Ferguson and that a lease of the same be granted to James Gallagher at a rent of $10; that a renewal lease of lot 891 be granted to John M. Trearten; they recommended also that $10.90 be paid W. D. Baskin for expenses to Fredericton and that the arrears of taxes on John Colwell's bill for 1880 be written off as all the other taxes have been paid. Report received.

The west side Fire committee recommended cancillation of Henry Lord's certificate, and that John Casey be certified as a fireman attached to No. 2 company; also that a bill of $8,99 be paid. Adopted.

The reports of the delegates to Ottawa in reference to the winter port question was received and several members spoke on the subject.

The supplementary report of the Union Commissioners and their report on the result of the vote taken on the scheme were received.

Ald. Peters moved that the sewerage commissioners be authorised to issue debentures for $700 for sewers in connection with the Dooley property. This was carried.

The 25th annual report from City Engineer Peters was received.

A communication from W. E. Fisher through his council C. A. Stockton was referred to the street committee.

A number of petitions and comuunications received from different persons were referred to the proper committees.

A resolution was introduced by Ald. Baskin and seconded by Ald. Belyea, to have a clause in the Act for the united city provide for establishing free ferry communication. This was spoken to by several members pro and con, but the motion was lost.

A motion enpowering the police committee to settle the claim of Mr. McNeill for injuries received by falling over a wagon left in the street, if so advised by the recorder, was carried and the council adjourned.

Military Matters.

The annual meeting of the officers of the 62nd Fusiliers was held at the club room last evening. The reports from the different committees were considered highly satisfactory. The band committee recommended that Prof. F. Howe Jones, at present of Seaforth, Ont., be engaged as bandmaster. The report was adopted.

The officers, as usual, decided to hand in their pay to the regimental band.

The following committees were appointed:

Regimental —Major McLean, Major Hartt. Sergt. Walker.

Band committee — Capt. Edwards, Lieuts. Cleveland and Sterling.

The battalion is disposed to assist in the June carnival, if a review should be decided upon.

The annual meeting of the artillery officers was held last night at the Victoria Hotel.

The regimental and band committees submitted their reports, which proved to be highly satisfactory, as after providing liberally for all wants, the former showed a balance of $206.10 to its credit, and the latter a balance of 111.18. A sum of $100 had been invested as a nucleus of a building fund for drill shed purposes, and in accordance with the wishes of the officers present this fund will be further augmented during the ensuing year.

A pattern of shoulder badges and numerals, provisions for obtaining which was made at last annual meeting, was submitted and approved, and these badges will be immediately procured and placed on the uniforms. The officers decided as formerly to give all their drill pay to the purposes of the brigade.

The Botsford challenge cup will be held by the battery whose non-commissioned officers obtain the highest marks at inspection.

The regimental committee was elected as follows: Captain and paymaster, George F. Smith, Surgeon Daniel and Capt. Seely.

Band Committee—Capt. Crawford, Lt. McLeod and Lt. White.

The audit committee for the ensuing year are Lts. Ritchie and McLeod.

Brevities.

Parties without fear of the law in their hearts have been trespassing on the property of the Highland Park company by cutting ice at Dark Lake without the consent of the proprietors and hauling it away to the city. The greater wrong, however, has not been sustained by the company, but by the community at large, as the ice was hauled on heavy wagons when the road was soft and in consequence this delightful drive is now and is likely to be for months to come, in an almost impassable state. Of course the ice gatherers, who employed six or eight heavy teams, had a right to the road, but the company might be able to recoup themselves in a measure for the damage by a suit for trespass.

The New Brunswick Telephone Company have added nearly 30 names to their list of subscribers in this city since the first of the month, making about 170 connexions in all.

Contributions to the amount of about $130 are acknowledged by the treasurer of the Haven.

SPIRIT OF THE TIMES.

The Ring.

The following cablegram from London was received by the Police Gazette, Wednesday:

The match between Jem Smith and Charley Mitchell, the champion of England, will take place in a few days, and will probably be private, as a number of the members of the Victoria, Turf, Pelican, Albert, Beanford and the National clubs offer to pay £25 and £50 for tickets. Mitchell, who has been training under Jack Hawkes' and Charley Rowell's mentorship at Newmarket, is in first-class condition, but as his right hand is giving him considerable annoyance. Kilrain joined Mitchell yesterday, and will assume charge of his training until Sunday next. There is considerable betting being done, and Smith, owing to Mitchell's injured hands, is a big favorite, but shrewd bookmakers such af Ben Hyams, Arthur Cooper and Tom Andrews are backing Mitchell. Baldock has not been engaged by Smith, and it is expected Kilrain and he will second Mitchell, and that Jack Harper and Jack McGarran will second Smith. There is likely to be a hitch over the referee. Mitchell is in favor of Angle, who was referee when Sullivan and Mitchell fought a draw and Pritchard fought Jim Hayes. It is estimated over $10,000 has been laid on the result of the battle, independent of the £400 stakes posted with the Sporting Life. Mitchell weighs nearly 12 stone and Smith 11 stone. Both men will be at that weight when they meet in the ring.

Two "Frisco" sports offer to back Jimmy Carroll against Jack McAuliffe, Myers or Daly for $1,000 a side or more, the battle to take place on the Pacific coast.

Baseball.

A ball club has been organized at McAdam Junction, consisting of employes of the New Brunswick railway works. The club will be open for engagements with any amateur club the coming season. The officers are as follows: Fred Morton, president; John Bartlett, secretary; James Perry, treasurer; Michael Lawlor captain.

The Bostons took their first outdoor practise Wedn'sy afternoon on the South end grounds. The grounds were in pretty good condition for this time of year. The work of removing the winter covering of the pavilion was begun yesterday.

It will be learned with regret that Sam Milligan who played second base for the Nationals last year has expressed his intention of abandoning the field. In him if he keeps to his intention, the Nationals (now the St. John A. A. club nine) lose one of their best players—a gentleman on and off the field. Sam has been connected with the Nationals for a number of years and has not only acquitted himself with an excellent playing record, but has at the same time won for himself hosts of friends and admirers. He will be missed by none more than by the players themselves.

The Turf.

A cable from London to the Boston Herald, Wednesday, says: The Lincolnshire handicap, the first important event of the racing season under Jockey Club rules, was run to-day over the old Carholme course at Lincoln, Wiseman, the favorite, winning in a field of 26 starters. Acme was second and the Baron third. Conditions:

The Lincolnshire handicap of 1000 sovs, added to a sweepstakes of 20 sovs.. each, 10 forfeit, unless declared; for 3-years-olds and upwards; penalties and allowances; the second to receive 50 sovs. out of the stakes; entrance, 5 guineas. One mile.

Sir R. Jardine's ch. c. Wiseman (4), by Wisdom, dam Sweet Jessie, 100 lbs. 1
Lord Lonsdale's b. c. Acme (4), by Dutch Skater, dam Myra, 119 lbs. 2
Mr. A. M. Cardwell's b. c. The Baron (4), by Xenophon, dam Tantrum 108 lbs. 3

Checkers.

William Fleming, of Markham, has notified Mr. Dissette that he will accept Ed. Kelly's challenge to play a match for the draught championship, and that he will sign the necessary articles as soon as the Winnipeg man forwards them. The match will be played in Markham, April 27th, for $250 a side, Kelly being allowed $75 for expenses.

War on a White Sheet.

[Halifax Herald.]

Every seat in the academy of music was occupied last night to see "War on a White Sheet" by Frederick Villiers, and hear the thrilling personal adventures of that famous correspondent. Almost as soon as the doors were open, posters announced "standing room only." Colonel Gunter, chief of Sir John Ross' staff briefly introduced the lecturer. Mr. Villiers did not appear in the conventional shirt front with a flashing solitaire, but wore the rough, ready and comfortable clothing used during his campaigning. He is of medium build; of middle age, and the imperial mustache gave him a decided French appearance, though his voice and manner were as decidedly English. His pronunciation is distinct and deliberate and though his description of the various scenes were purely conversational, they were often delivered with eloquence. After illustrating the modus operandi of sketching on the field transmitting the sketches to London and their preperation for publication, Mr. Villiers by illustration and graphic word painting took his audience through some of the most thrilling features of the Russo-Turkish, Egyptian and Soudanese campaigne, sketched by the lecturer and in which he had had many exciting experiences. The entertainment was one to be seen rather than described; and we make no pretense of even summarizing. Suffice it to say that it was frequently and enthusiastically applauded, and the distinguished correspondent is assured of crowded houses again to-night and to-morrow night.

Mr. Villiers will deliver two lectures at the Institute on the 11th and 12th of April.

"An amusing incident occured at Ohio, Yarmouth Co. N. S. a short time since. While the teacher was engaged with an oral lesson on Zoology, by a curious coincidence which probably never happened before and is unlikely to recur, a most interesting "specimen" voluntarily presented itself for examination. Amid the quiet of the schoolroom a peculiar step was heard ascending the stair, when fresh from the forest, there walked into the room a veritable live porcupine! His quills now adorn the walls as a memento of the visit."

DANGER!
People having Feather beds and Pillows do not seem to realize the danger there is in using them without being cleaned, especially in times of an epidemic, as feathers retain all the exhalations and poisonous matter exuding from the person, and by so doing spread sickness through the family.
Our steam cleansing process eliminates all the poisonous matter and leaves the feathers in a better condition than ever.
