MONTREAL.

Question of Anglican Clergyman's Orthodoxy—Sir Charles Tupper Arrives—Lake Superior Quarantined.

MONTREAL, Que., May 10.—Archbishop Bond's reasons for refusing to accept the nomination of Rev. F. J. Steen, an assistant minister at the cathedral, were made public today. The reasons given are that Archbishop Norton did not want him, and that the archbishop is convinced Steen's views are not orthodox on all points. Rev. Mr. Steen, who is backed by the larger portion of the cathedral congregation, declares the archbishop has been misinformed as to his views, and says he will take steps to correct the misapprehension. The trouble does not threaten to seriously disrupt the cathedral congregation.

Sir Charles Tupper arrived here this evening from London. He left the Titanic at Rimouski and came up in a special train with other passengers. Lady Tupper is coming up in the steamer. Sir Charles is in very good health, and reports the operation on Lady Tupper's eyes by the German specialist completely successful. They will remain here a couple of days, and after visiting Ottawa will go as far west as Vancouver.

MONTREAL, Que., May 10.—The steamship Lake Superior, Taylor, from Liverpool for Montreal, is quarantined at Grosse Ile for 21 days with smallpox on board. She has seven hundred passengers on board. The fruit ship Jacona, of the Thomson line, which sailed from here this morning, ran aground near Vercheville. The accident was caused by the breaking of the steering gear. It is not expected the Jacona suffered much damage.

CAPE BRETON.

NORTH SYDNEY, N. S., May 10.—N. Y. Cuyte, of the large American firm of Cuyte Bros., railroad contractor, is here and leaves tonight for Belle Isle to make estimates as to the cost of getting out large quantities of ore. It is probable that the N. S. Steel Co. will want to ship as high as six thousand tons per day for the next six months. Mr. Cuyte is acting for the syndicate that recently bought these areas.

GLACE BAY, N. S., May 10.—A fatal accident occurred at Bridgeport on Thursday night, when John McNeil, son of James McNeil, was struck by the van of a shunting engine and knocked down, the wheels passing over his legs severing one from the body and almost the other. He died at six o'clock this evening, after being unconscious all day.

CECIL RHODES PREMIER.

CAPE TOWN, May 11.—The South African News today declares it has been decided to reconstruct the ministry, with Cecil Rhodes as premier, Dr. Jameson as colonial secretary and Sir John Gordon Sprigg as treasurer. The premier (Sir John Gordon Sprigg), however, authorizes me that there is no foundation for the reports of the reconstruction of the cabinet.

DAMAGE BY LIGHTNING.

DELAWARE, Ohio, May 11.—An electric storm swept over the southern part of the city here, and lightning struck the second Baptist church, tearing off the roof and setting the structure on fire, doing much damage. Miss Sarah Washington, who happened to be passing in front of the church, was knocked down and is yet unconscious. Two babies in a nearby house were knocked senseless and they are in a precarious condition.

AMERICAN HERO WARSHIP.

(Press Despatch yesterday.)
At Santa Barbara the residence of the chief of the fire brigade caught fire. The fire chief, who was on the street awaiting the coming of the president, was informed that his house was in flames.
"Let it burn," he replied; "I will wait and see the president. I can buy another house, but I may never have an other opportunity to see the president of the United States," and he stoically remained while his house burned to the ground.
"I saw the president," he said, when informed that his house was in ruins. "I saved the lot anyway."

DOES THE TURK WANT WAR.

CONSTANTINOPLE, May 10.—A third note evidently emanating direct from the Sultan was delivered today to the ambassadors, demanding in peremptory language the immediate suppression of the foreign post offices and reiterating the charges of smuggling against foreign officials. The ambassadors immediately returned the note to the porte, thus creating a partial cessation of relations between the embassies and the Turkish government.

STOCK MARKET.

NEW YORK, May 11.—With both the stock exchange and the consolidated exchange closed today and with practically nothing going on the curb, Wall street was very quiet. Although the exchanges were not open for business, all of the larger brokerage houses had their clerks at work straightening out the accounts of speculators and putting their books in order. In the rush days from Monday to Friday, none of the usual making out of customers statements was done, and it probably will be late tomorrow night before the balancing of accounts will be finished.

BRIEFS BY WIRE.

Park street church, Boston, last night, refused to adopt the individual cup communion service as proposed by a parishioner. The vote was 41 to 19. The schooner Fostoria collided with a huge cake of ice in the St. Clair river last night and sank almost immediately. Two sailors were drowned.

R. Westbrook Meyer, a real estate broker in New York, committed suicide yesterday by shooting. It was said he had been speculating in Wall street and had lost everything. Edward Hall, aged 65, his daughter Dora, 23, and George Sholes, 23, were drowned in the Chenango river, South of Oxford, N. Y., last evening. Their boat capsized.

The total sales of stocks in New York yesterday were 1,988,425 shares. The most active stock was Union Pacific, 394,000 shares of which changed hands at prices ranging from 91 to 112. The stock closed at the high point, an advance of 22 points as compared with Thursday night.

The shipping brokers of Boston report a great scarcity of sailors for deep water vessels. The passenger steamer Bon Voyage was burned in Lake Superior last night. Five women were drowned in getting from the boat to the shore. The steamer will be a total loss.

The body of Willie McCormick, who disappeared from his home at Highbridge, N. Y., six weeks ago, has been found in Croswell's Creek. The coroner states that he met his death by drowning. The rewards offered for his recovery aggregated \$19,000.

Fully 10,000 men and boys ran riot in the streets of Detroit, Michigan, last night. The disturbance was caused by the crowd collected about a single tax collector. The police tried to disperse the mob, and much trouble ensued. The city is now quiet.

THROWS DOWN THE GAUNTLET.

The Freeman Demands that Hon. John Costigan be Made a Minister. (St. John Freeman.)

We claim a cabinet minister. A seat on the bench of the supreme court of Canada is now vacant by the lamented death of Judge King and it is said that the Hon. Sir Louis Davies, the present minister of marine and fisheries, aspires to occupy it. This would in turn vacate a cabinet position and thus open up the desirable opportunity of securing to the Irish Catholics and to both Irish and French Catholics of the maritime provinces a representative so acceptable to all as the Hon. John Costigan. There is no belittling the fact that chronic dissatisfaction is festering in the hearts of the Irish Catholics of the dominion over the persistent neglect of their interests by the members of the present cabinet. The principle so wisely adopted by Sir John A. Macdonald of recognizing as far as possible in the personnel of his cabinets the different races which constitute the great bulk of our population has hitherto been ignored, so far as Irish Catholics are concerned, by Sir Wilfrid Laurier. And yet next to the support which he receives from his own countrymen, the French-Canadians, he must, if he desires to recognize justice in political life, rank the enthusiastic and unyielding loyalty of Irish Catholics towards his party. In the dark days, when opposition to the triumphant course of the conservatives seemed so hopeful and unavailing that defection even among Sir Wilfrid's French-Canadian followers might have found excuse in the general desperation of the liberal cause, the Irish Catholics, altho' most as a body, upheld the principles of liberalism at the polls, and were the backbone of the party. How they have been ignored in the sunshine of liberal success let history tell. Victims of political ingratitude they have been; their political sufferings for liberal principles, instead of recommending them to the men who profit by it has become a by-word; and still no sign is shown of a disposition to recognize them in the higher councils of the party. We wish to give everybody concerned notice that Irish Catholics everywhere in this maritime province demand an Irish Catholic representative in the Ottawa cabinet, and that the only man whom they can trust to represent them, work unselfishly for them, fight for them and in every way live up to the measure and duty of Irish Catholic cabinet minister is the Hon. John Costigan.

WOULDN'T HAVE NON-UNION LUMBER.

BUFFALO, May 11.—The carpenters who struck at the exposition grounds yesterday, refusing to work on "unfair" lumber, which was being used in the construction of a booth in the manufacturers and liberal arts building for an exhibitor, and those who went out in sympathy, returned this morning, the objectionable lumber having been removed from the grounds.

JAPAN IS JEALOUS.

And Will Resist Russia's Encroachment on Corea.

(Correspondence of the Associated Press.)

YOKOHAMA, May 5.—Since the back down of Russia, by which she has lost immensely in her prestige in the Orient, matters have resumed their normal course, though Japan's distrust of the northern power still remains in as full force as ever; and the nation does not in the least relax its vigilance in watching every move of the Asiatic. None save those who have long resided in Japan can form any idea of the strength of the national sentiment regarding Korea. The people have been taught for centuries that the destinies of the two countries are indissolubly united, and the conviction of this is not only ineradicable but has become part and parcel of the patriotic enthusiasm which is the nation's life. Moreover, the tide of emigration has flowed in large volume to this peninsula, which is recognized as the only field in view of the growing restrictions upon the influx of Asiatics in the west. Japan has a population of forty million upon a surface of less than that of the Atlantic states of America, and it being a mass of mountains, only one-twelfth of the soil is arable. Korea therefore becomes an absolute necessity in the near future as a field for emigration, apart from the fact that its possession by Russia would be recognized as a mortal menace to the island empire. It may therefore be readily imagined that the nation's patience is liable at any moment to be exhausted by Russia's diplomatic policy.

FOUR NEW STEAMSHIPS.

PHILADELPHIA, May 11.—The New York Shipbuilding Company, at its new yard, near Gloucester, N. J., has begun work on four steel passenger and freight steamships for the Atlantic Transportation Co. A large amount of steel has been obtained from Pittsburgh for the yard in order that there may be no delay in pushing the work on the vessels as speedily as possible. Two of the boats are to be 600 feet long and the others 500 feet, and they are to trade from Philadelphia, Baltimore, and New York to London. The steamships are not intended to be flyers, but will run at a moderate speed. They will have a carrying capacity of 600 tons of cargo, and will be ready for delivery in 1902.

A DEFAULTING PRIEST.

MEXICO CITY, May 11.—The police and citizens of Guadalajara are looking for Rev. Father Amado, a well known priest of that city and treasurer of various religious fraternities and left the city by the train yesterday. It is reported that the clergyman has decamped, taking, it is estimated, nearly \$100,000 belonging to religious societies, and also carrying off the young daughter of one of the leading families. When Father Amado left the city he placed a letter explaining things within the iron safe, the letter being addressed to Dr. Arias, head of the cathedral.

KITCHENER'S REPORT.

LONDON, May 11.—Lord Kitchener reports to the war office under date of Pretoria, May 10, as follows: "Since May 27 Boers have been killed, six wounded, 130 taken prisoners and 183 have surrendered. Nine thousand rounds of ammunition, 220 wagons, 1,500 boxes and large quantities of grain and stock have been captured."

AN OKLAHOMA LYNCHING.

WICHITA, Kas., May 10.—J. L. Chandler, an old resident farmer, of Island, Dey County, Oklahoma, was taken from his home last night, presumably by cattlemen, and lynched. There has been trouble between farmers and cattlemen and a great many cattle have died from poisoned water. Chandler was suspected and lynched as a warning to others.

RED-HEADED MONSTER.

MOSCOW, May 10.—Many young girls usually from 15 to 18 years of age, have been stabbed in the breast by a red-headed man, at night, and in public places during the past fortnight. The latest victim to these attacks is the daughter of an official. The police are using extraordinary endeavors to apprehend the criminal, but so far without result. Nearly every red-headed man in the city is under surveillance.

THE WEATHER.

TORONTO, May 11.—Strong southeasterly winds, rain Sunday, moderate to fresh southerly and southwesterly winds, showers and foggy.
WASHINGTON, May 11.—Eastern states and northern New York—Rain tonight; Sunday, fair, except rain on the coast; brisk southwesterly winds. Western N. Y.—Showers tonight; low or temperature in east and central portions; Sunday, showers, and cooler; brisk southwesterly winds.
