Poetry.

A REMONSTRANCE WITH THE IRISH AGITATORS.

(From the Puppet Show).

I.

Ye blood-preaching bigots that trouble the land,
Ye spouters of nonsence, so rabid and keen,
'Tis a spade, not a pike, that should gleam in the hand
Of the quick-witted peasants of Erin the green,
With your madness and folly you muddle his head,
Your words are pernicious, you lead him astray;
'Tis not blood that he wants, but a home and his bread—
Go out of the sunshine—get out of the way!

II.

You prate night and day about war for the right,
About swords to take vengeance for evils endured,
About harvest of Liberty gathered in fight,
And of social diseases by Anarchy cured,
'Twould not answer your purpose to tell what you know,
That never, since earth turned its zones to the day,
Did permanent Freedom from massacre flow—
Get out of the sunshine—get out of the way!

III.

To teach him, poor fellow, that Liberty springs
From Knowledge and Industry, suits not your plan:
Your lofty ambition must soar upon wings,
And feed—a foul bird—upon carrion of man,
Were Peace over Erin, your power would expire,
Were Knowledge extended your strength would decay;
It is Bloodshed you love, it is strife you desire—
Get out of the sunshine—get out of the way!

IV.

To vanity, great and voracious as yours,
Peace, Knowledge, and Labour, no chances afford;
The patriots' truth is in Truth that endures,
But folly and wickedness trust to the sword.
What matter to you if the land should be strewed
With the corpse of myriads destroyed in the fray;
If *you* can but ride on the storm you have brewed?
Get out of the sunshine—get out of the way.

V.

Cease to cram the poor peasants with furious dislikes,
Cease maxims of hatred and blood to instil,
Cease to marshall your dupes with their guns and pikes,
And leave them to hammer, to weave, and to till
Cease to vex and distract us from good to be done—
True Freedom's no growth of a midsummer day,
The seeds have been sown, and the stalks have begun—
Get out of the sunshine—get out of the way!

Important to the Public!

SPRING AND SUMMER

CLOTHING.

The subscriber has received per late arrivals, a large and varied assortment of GOODS, consisting of:—

CLOTHS, CASSIMERES, Doeskins, Cashmeres, Cassinets, Buckskins, Velvets, Satins, &c., with a large assortment of Mattrasses, Hammocks, Blankets, Sheets, Rugs, a superior article of OIL CLOTHING, Glazed, Beaver, and silk HATS.—high and low crowned, latest styles; Cloth and glazed Caps; silk and lawn Covers for do: Belts and sheaths; Knives: Lambswool, Merino and Cotton Shirts and Drawers; Regato and heavy striped do: White Cotton do., with Linen trimmings: Linen Fronts, and Collars; Red and Blue Flannel and Serge Shirts; with an assortment of *Tailor's Trimmings*, and almost every article in connection, suitable for a GENERAL CLOTHING STORE.

And, as heretofore, having made up in the concern a great part of the Cloths into *Fashionable Spring and Summer CLOTHING of the latest styles* he is now prepared with his large stock of Ready made Garments of every fabric, style and finish, for the farmer or labouring man, the gentleman of fashion or mechanic, the seafaring man, and all others; which will be hereafter proffered for sale to the public at lower prices than ever before known.

It is almost unnecessary to point out to a discerning public the vast benefit arising to the Province generally by having your Clothing made up in the place. You may safely say that every imported garment you purchase, you are actually sending one fourth of the cost unnecessarily out of the country, not to speak of the great injury you are entailing on a large class of industrious people in your own city. It is high time to look seriously into this matter, and to tell those people who import that they are the real enemies of the country, and that their slops you do not want; but patronize those, and those only, who always get their Clothing made up in the City, and sell them at a cheaper rate than imported garments can possibly be obtained; and those Goods you will now find at the

ST. JOHN COFFEE HOUSE

AND GENTLEMEN'S

OYSTER SALOON.

THE Proprietor most respectfully informs the Public of saint John, that he has taken that Commodious House in Cross street, (nearly opposite his old stand,) and formerly known as Mrs. Brook's Boarding House, and that he has, at a very great expence, and a disregard of time and trouble, fitted it up in the most approved manner, after the style of similar establishments in Great Britain and the United states. He flatters himself that he has among his friends and well wishers, a great number of highly respectable gentlemen, and to them he would now tender his most sincere thanks for the very liberal patronage he has received from them. To those who may henceforth honor the ST. JOHN COFFEE HOUSE with their patronage he will pledge himself to give every satisfaction both in the quality and style in serving up of the viands which he may place before them; as also to have at the earliest moment any and every variety which this and the American markets can produce.

TRIUMPHANT SUCCESS OF

Buchan's Hungarian Balsam of Life,

THE GREAT ENGLISH REMEDY FOR

Colds, Coughs, Asthma, and Consumption.

THE most celebrated and infallible remedy for Colds, Coughs, Asthma, and every form of Pulmonary Consumption, is the HUNGARIAN BALSAM OF LIFE, discovered by that eminent medical chemist, Dr. Buchan, of London, England, and extensively known as the "Great English Remedy.

It has been tested for upwards of seven years in Great Britain and on the continent of Europe, where it is universally considered the great, and only remedy for this awful malady, and now introduced, to the public under the immediate superintendence of the inventor. Within three years it has been distributed from Maine to Florida, and from Canada to Wisconsin, and its effects are every where alike ASTONISHING AND TRIUMPHANT.

As a preventive medicine, and an antidote to the consumptive tendencies of the climate, it is invaluable. As a remedy for severe and obstinate cough, Inflammation of the Lungs, croup, &c. it is unrivaled. But the Proprietors so confident of the merit of this great remedy, in the worst forms of consumption, that he prefers to have it used by the DYING INVALID, rather than by persons afflicted with some simple and less dangerous disorder of the throat and lungs:—this may seem strong language, but it is the result of experience in thousands of cases, sustained by the most intelligence and unimpeachable testimony. It is not pronounced an infallible remedy in all cases, but it is THE MOST INFALLIBLE remedy known to the civilized world. It is the best preventive of hereditary consumption—it is the best defender against the influences of climate—it is the best remedy for incipient consumption—and it is the great and only remedy for that fearful *softening of the lungs—inflammation of the membrane, and tuberculous decay*, which are the last effects of that dreadful scourge, and which are erroneously supposed to be beyond the reach of medical aid:—the agent or proprietors of other medicines dare not claim for their preparations a power like this: they know that in no case have such effects been produced:—the grand object and purpose of the common 'remedies' is simply to *give relief—not to cure*: this is easily done by an intelligent Physician or Druggist; but while dallying with these delusive compounds, the patient rapidly declines, and every day places him farther and farther beyond the reach of hope.

Such is not the case with the
