Valuable Mare Dies from Loss of Blood—An Interesting Debate by Scholars.

Albert, Nov. 29.—A valuable mare owned by George McKean of St. John died at the stables on the farm in New Horton yesterday. On Monday last the animal was taken to the farrier's shop to be shod, and becoming frightened sprang backwards, breaking the halter rope. When her hind leg came in contact with a sharp instrument used for paring horses' hoofs, the wound was only a small one between the heel and the fetlock joint, but an artery was severed causing a great loss of blood before the flow was stanching.

A debate was heard last evening in the assembly hall of the Consolidated School by a large audience. Four pupils from the Hopewell Cape public school contended that Wellington was a greater general than Napoleon, while an equal number from the Consolidated school argued to the contrary. The Cape debaters were Harry Joyce, leader, supported by Carl Coonan, Mabel Steves and Marion F. Kinnie.

The opposing four were Nino Hayward of Beaver Brook, Harry Farris and Kathleen Prescott and Elsie Knapp of Albert.

The local team won by a narrow margin.

Judge Bray and Fred G. Moore, of Hopewell Hill were the judges.

At the close of the debate a musical programme was rendered after which sandwiches and coffee were served.

Ex-Governor McClellan is gradually failing.

Daniel W. Tait shipped a consignment of live sheep to St. John yesterday.

Floyds' mill has been set up on the Canada Settlement road near New Horton, to cut lumber for the Albert Lumber Company.

Miss Glendine Brewster of Hopewell Cape has accepted a position on the teaching staff of the Hillsborough Superior school.

Dr. S. C. Murray visited Cape Enrage yesterday to make a professional call on Prof. John H. Roberts, who is spending the winter there.

BREAKS A COLD IN A FEW HOURS—PAPE'S Compound relieves all grippe misery.

Don't stay stuffed-up! Don't blow and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharges or nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only twenty-five cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

WEDDINGS.

MacMara-McGovern.

A very pretty wedding was solemnized last evening at the Victoria St. Baptist parsonage, when Mary McGovern was united in marriage to Angus MacMara at 7:30 o'clock. Both principals in this happy event are residents of the city and their popularity was attested by the many valuable and useful gifts received. Mr. and Mrs. MacMara will reside on Elm street.

Need Another Window.

The growth of St. John as well as the need of a new post office is often illustrated by the congestion of stamp seekers in the lobby of the post office building. There is only one wicket whence stamps are sold, though at certain hours of the day there is an evident need of two wickets for the sale of stamps. From now on Christmas there will be a big rush of business at the post office. The St. John public office arrangements were made for enabling the public to buy stamps without waiting around in the lobby.

Nerves Are Sore and Painful

Neuritis, or inflammation of the nerves, is the most painful of nervous ailments. You may feel the soreness or tenderness throughout the body, or it may be confined to certain nerves. In the head it is called neuralgia; in the hips and legs, sciatica; in the face, tic douloureux, and in the chest, intercostal neuralgia.

The application of dry heat affords relief from the lance-like pains, but the essential thing is to build up the exhausted nervous system by the persistent use of such a restorative as Dr. Chase's Nerve Food. You will have other symptoms to warn you of the depleted condition of the nervous system, and this is your opportunity to restore to the body the energy and vigor of health.

While this great food cure is instilling new vitality into the starved nerve cells it is also forming new, firm flesh and tissue, and by noting your increase in weight, you can prove beyond doubt the benefit being obtained by its use. This is Nature's way of curing diseases of the nerves, and it is the only way to obtain lasting benefit.

IMPERIAL FEATURES PACKED THE HOUSE

Vaudeville Sketch a Scream and Vitaphone War Story a Splendid Play—Madame Schmidt.

Absolute capacity business characterized the Imperial's winter inaugural yesterday, and the show evidently delighted everybody who saw and heard it. If the applause and comments during and after its presentation are to be taken as evidence of approval, the weather was not exactly what one would expect for a "winter" opening, but it did not deter people from packing the theatre from cellar to attic as the evening goes. Novelty, high class drama, and the state of music were contained in the bill which is the first of three bumper programmes outlined for the week.

When the curtain rolled up disclosing the stage setting, both interior and exterior, and Hickman Bros. and Co. put on their side splitting face, "The Detective Detects" the people settled right back to the enjoyment of a genuine act. The comedietta is a brisk affair of twenty minutes duration, in which the detective husband and his wife, who work all sorts of ludicrous complications with a country rube through the medium of a secret panel connecting the inside of the house with the garden outside. Devoid of plot and depending entirely upon humorous acrobatics and funny sayings, this little sketch elicited roars of laughter, proving splendid foil for the heavy dramatic two-reel feature, "The Test" which followed.

In this Vitaphone production, "The Test," first depicting the social side of army life in England and then the atmosphere of medical plague camps in the interior of South Africa, a powerful story was told; a story of grave misunderstanding between a fond husband and an equally loving wife. The eternal third party in another British officer added interest to the telling of the episode. With Clara Kimball Young, Harry Northrup and Harry Barry as the principals and a most remarkable attention to the minutest details of stagecraft and locale, "The Test" can be well considered a masterpiece of photography, and will doubtless be enjoyed by further crowds before its withdrawal tonight.

Madame Furze-Schmidt gave color to the St. Andrew's Day celebration in a very artistic rendering of the little Scotch number "Laddie," for which she was loudly applauded. Another especially attractive item in the bill was a series of rugged coast and surf views in California, pictures of striking beauty, bringing forth bursts of applause at times. The bill was concluded with Edison's comedy, "Norah's Boarders," featuring Gertrude McCoy and Hanson, Ben Wilson, who has attained considerable fame among the ladies as Captain Bradford in the "Mary" series.

Tomorrow the "Mary" pictures will be resumed with an engrossing chapter in which a society lion, the sculptor, will make his best endeavors to capture the heart of the popular heroine. On Thursday "The Battle of Waterloo" in four parts will be the great attraction.

Seriously Injured in Mill—Closing Down for Season—Increase in Building Permits.

SERIOUSLY HURT.
William Wells, an employee of Randolph and Baker's mill, was painfully injured yesterday morning while engaged in his work, breaking both legs. He was driven to the hospital, where it was found that one of the fractures was a compound one. The bones were set and it will probably be some time before he recovers.

MILLS CLOSE.

Charles Miller's and John E. Moore's mills have closed down for the winter. Station and Cutler's mill is expected to run until February. During the winter dredging operations will be carried on at J. E. Moore and Co.'s mill, so as to permit of handling more logs, and continue work later in the season.

INLAND REVENUE.

The Inland Revenue receipts for November, compared with the same month last year are as follows:

1912.	1913.
Spirits	\$16,128.78
Tobacco	\$15,038.93
Raw Leaf	\$21.18
Cigars	\$69.88
Bonded Mfrs.	\$340.57
Other Receipts	\$1,830.44
	\$19,380.89
	\$18,514.50

BUILDING INCREASE.

A gain of practically two millions of dollars in building work in St. John during the eleven months ending Nov. 30, in comparison with the same period of last year, is reported by Building Inspector James Carleton. This large gain is due in a very considerable measure to such local undertakings as the elevator, the new banks, the sugar refinery, etc. During the month of November there were 14 permits issued for buildings valued at \$29,050. In the same months last year permits were given out for five buildings valued at \$27,000. The building work of the eleven months is valued at \$2,767,710, and for the same period last year the new building work was valued at \$547,700.

FARMER'S COMING.

James Gilchrist, Provincial Superintendent of Immigration, who is now touring Scotland in company with Mr. Bowler in the interests of New Brunswick, writes that he will be able to bring a large party of settlers with him to this Province when he sails on December 10th, and that sufficient men are coming to fill all the applications from farmers and others who will be brought to the Province are all experienced farmers and an excellent class of men. In addition a number of farmers with capital are making enquiries about New Brunswick and the opportunities there.

INAUGURATION OF NEW TRAIN SERVICE

Fredericton, Dec. 1st.—Inauguration of the operation of a regular train service on the Gibson and Minto railway, which was to have commenced this morning, had to be delayed until this afternoon. It was expected that the first train would be running this morning, but on account of the weather the service was postponed. The train was completed this morning, and the first train arrived from Chipman about 10:15 o'clock. This afternoon a train will leave here at four o'clock for Minto and Chipman, and at 8:45 o'clock a train will arrive from Norton and intermediate points.

Your Oven Gains by Our Oven Test

Your oven becomes a certain producer of more bread and better bread.

We can promise that. For from each shipment of wheat delivered at our mills we take a ten pound sample. We grind it into flour. We bake the flour into bread.

If this bread is high in quality and large in quantity, we use the shipment. Otherwise we sell it.

There is no guess-work about our promise of more bread and better bread from flour bearing this name.

SCREENED WITH THE TERRIBLE PAIN

"Fruit-a-Lives" Completely Cured Distressing Kidney Troubles.

St. Thomas, Ont., April 1st, 1912.
"In 1911, I was laid up with kidney trouble and not able to get out of my chair. Had tried many kidney remedies without satisfactory results. The pain was excruciating and my screams could be heard on the street. One day a friend from Ottawa came to see me, and when he found me in such poor health, said he would send me a sample of 'Fruit-a-Lives,' which he did and I commenced taking them. The results were so apparent with the first few doses that I continued to take 'Fruit-a-Lives' and was completely restored to my normal state of health. I would strongly advise anyone suffering from kidney trouble to take 'Fruit-a-Lives' and cure themselves." CHARLES CALVEART.
