

OUT AUSTRIA

COMPLAINING OF
TREATMENT OF
JIMMO HELMSMANHow Do You
Measure Up?

Our young men's suits measure up to the standard—nothing higher in quality, style and make and in variety of fabrics, colors and patterns, a wide range.

Greenish mixtures, others in brownish, blueish and grayish effects.

Advance Spring styles from the 20th Century Brand concern.

A SPECIAL—A bunch of Ulsters at \$10.50, \$12.50 and \$15.50.

Gilmour's, 68 King St.

THE WEATHER

Maritime—Strong northwesterly winds; fair and cold.

Washington, Jan. 21.—Northern New England: Fair Tuesday, Wednesday, snow; moderate variable winds becoming east.

Toronto, Jan. 21.—The weather continues fair and cold in all portions of the Dominion except Southern Alberta and British Columbia, where it is comparatively mild.

Colds Cause Headache and Grip. LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

FIRE AT GRAND MERE

Quebec, Jan. 21.—Fire breaking out at Grand Mere on Sunday destroyed three large houses, including four business places and a number of dwellings. The total damage is estimated at \$60,000 with only light insurance.

Eczema

Come in and we will tell you something about what D. D. D. Prescription made in the D. D. D. Dispensary of Toronto, has accomplished in your own neighborhood. Your money back unless the first bottle relieves you.

E. Clinton Brown, Druggist, St. John, N. B.

D.D.D. The Liquid Wash

NUTRATED IRON

Increases strength of nerves, improves circulation, builds up the system, and cures all ailments of the blood.

FORFEIT

soon to appear in this paper. Ask your doctor or druggist about it. Watson's Drug Store always carry it in stock.

DIGBY CHALLENGE

Special To The Standard. Digby, N. S., Jan. 21.—The Digby hockey team, after a season of stiff resistance, is now in a position to play the Maritime Provinces. Any team desiring of competing with the Digby team please get in communication with C. B. Walker of the Victoria rink.

Mr. Seth Jones was in Moncton this week judging the poultry exhibit of the Westernland Poultry Association.

Relieves Stiff Neck

When you wake up with a stiff neck or sore muscles, strain or sprain, use Sloan's Liniment. No need to rub it quickly penetrates to the seat of pain and removes it. Cleanses the muscled tissue or rheumatism. It does not stain the skin or clog the pores. Always have a bottle handy for rheumatic aches, neuralgia, soreness, bruises and lame back. In fact, all external pain.

Cautious sized bottles at your druggist.

Sloan's Liniment

KILLS PAIN

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with your finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp stop instantly, and your hair will be shiny, lustrous, glossy, silky and soft, and look and feel a hundred times better.

CALLS ROOSEVELT "MOST POTENT AGENT OF KAISER"

SENATOR STONE OF MISSOURI
ATTACKS FORMER PRESIDENT
ROOSEVELT AND REPUBLICANS

Declares Utterances Similar to Those Made by Roosevelt if Made by Less Powerful Citizens Would Subject Them to Prosecution for Disloyalty—Republicans Desire to Take Government Over Into Their Own Hands by Partisan Criticism of Conduct of the War.

Continued Progress in Work of Bunkering Steamers at Ports in Northeastern United States.

Washington, Jan. 21.—Dr. Garfield today issued a statement in which he said: "Despite zero weather over practically all the northeastern part of the country, reports to the fuel administration today indicated continued progress in the bunkering of ships at Atlantic ports and the supplying of domestic consumers under the administration industrial curtailment plan."

"Railroad movement was reported as slackening in certain parts of the country under the tremendous pressure of the cold wave. But the general observation of the fuel administration's regulation had confined practically all of the freight now moving to coal for bunkering ship and for keeping the country warm and all of the progress made benefited these particular consumers."

"Reports of the general railroad condition in the eastern part of the country told of an increasingly rapid movement of empty coal cars from east to west."

"The railroads, unhampered by general freight movement, were in a position to clear the way through to terminals for the returning coal cars, which thus will be enabled to make an uninterrupted journey back to the mines."

HOLD INQUEST ON DEATH OF GIRL

Ottawa Physician Disclaims Liability in Brackline Case.

Ottawa, Jan. 21.—The inquest into the death of Miss Violet Brackline, a local theatre organist, who belongs to Patterson, N. J., was adjourned this afternoon until Monday next. Dr. J. C. Caskey, a prominent Ottawa physician, who was held as a material witness, has been released and served with a subpoena to appear at the post mortem.

Asked if he had any statement to make, Dr. Caskey said: "I would simply wish to assure everyone that there has been nothing illegal or wrong on my part. Further than this, I do not wish to make any statement until after the inquest."

GERMAN GOVT. WARNS HOLLAND

Washington, Jan. 21.—The Holland-American liner Nieuw Amsterdam, being detained at Rotterdam with 2,000 passengers, including the new Dutch minister to the United States, Augustus Phillips, is held because Germany has warned Holland she will not permit the liner to sail unless the Dutch government agrees that the ship shall at once return to Holland.

At the same time the United States government is insisting upon its condition that the Nieuw Amsterdam come directly back from Holland after making the one trip over.

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a moist cloth through hair and double its beauty at once.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate!—Yes! Certain!—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderuff. Also try this—moisten a cloth with water and Danderuff and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderuff dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but which please most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp.

Danderuff is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Kewtoun's Danderuff from any drug store or toilet counter and try it as directed.

KNIFE ON CORNS CAUSES LOCKJAW

Tells how to loosen a tender corn so it lifts out without pain.

Smacks of Disloyalty.

Similar utterances made by less powerful citizens, Senator Stone asserted, would subject them to prosecution for disloyalty.

Despite several conferences with other leaders, who were apprehensive of a partisan address at this time the Missouri senator delivered his speech with characteristic emphasis and figures and in full, and the Republicans openly prepared to meet the onslaught.

Replying to Senator Stone, Senator Penrose said he "pleaded guilty" to everything the Missouri senator said about him. Declaring the Republicans had supported the administration in the war, Mr. Penrose added he believed it a public duty to criticize the government's inefficiency and seek to have Republicans restored to power, believing more efficient administration would thus be secured.

Senator Lodge, Republican, declared that so far there had been no touch of political strife, but "both branches of Congress have labored together with the common desire of prosecuting the war."

"Today the Missouri senator, to my regret, made distinctly a political speech. I do not propose to imitate his example. But I must say a few words to repel his misrepresentations of the Republican party."

Senator Lodge reminded Senator Stone that the Missouri senator had voted for all the great war measures.

"Some of them would have failed without Republican votes," said he. "The Republicans have cast no party vote since April 2 last and will cast none during the war."

"The only fault I've ever found is that the administration has failed to take the best from its own party. There have been many called from what has been called the dwellers in the twilight zone. There has been a great desire to appoint men who have wandered from one party to another. They have been put in high places."

He added that too many were now exerting great powers who are characterized by their "insignificance."

MORE FUEL AVAILABLE FOR SHIPS

Continued Progress in Work of Bunkering Steamers at Ports in Northeastern United States.

GEN. LUDENDORFF ADMITS ACCURACY OF FRENCH GUNS

Master Mind of German Army Pays Unintentional Compliment to French Artillerymen — Admits French Gunners Destroyed Many German Field Pieces.

French Front, Dec. 14.—(By mail)—General Ludendorff, regarded by the Entente Allies as the master mind of the German army, pays an unintentional compliment to the accuracy of French artillery men in a memorandum issued to the troops on October 4, which has just been made available to the correspondent of the Associated Press.

In this document he admits that the French gunnery by their counter-battery fire destroyed in one German army alone in the course of a month eighty-three German field guns and seventy-two heavy cannon, while they seriously damaged and put of action also 233 field guns and 213 heavy cannon slightly injured but capable of being repaired and used again in a short time.

Many Guns Useless.

To these imposing figures of artillery losses caused by the French gunners the same German army in the same period of time had the mortification of adding an almost equally large number of losses brought about by the wearing out or breaking of guns. In this way seventy-three field guns and twenty-one heavy cannon were destroyed.

The figures collected by the German general staff point out that by the counter-battery work not only is the enemy's artillery destroyed or put out of action, but the opponent is forced to a considerable extent to turn his attention away from the doing of the enemy's infantry, which is thus able to manoeuvre with greater ease.

Argument Collapses.

Gen. Ludendorff, concluding his memorandum, points out that by the counter-battery work not only is the enemy's artillery destroyed or put out of action, but the opponent is forced to a considerable extent to turn his attention away from the doing of the enemy's infantry, which is thus able to manoeuvre with greater ease.

RESTIGOUCHE THIEF KILLS POLICEMAN

D. E. McMillan of Durham and Three Other Airmen Killed Near Toronto.

Toronto, Jan. 21.—Three cadets in training with the Royal Flying Corps here, one of whom was an American, and another reported to be a former resident of the United States, met death today as a result of accidents to their machines while in the air.

N. M. Milne, aged twenty-three, of Malden, Massachusetts, was instantly killed when the machine in which he was flying over the Armour Heights Camp, was hit by another driven by D. E. McMillan, twenty, of Durham Centre, N. B. The body of McMillan, who was killed was badly burned as a result of his gasoline tank exploding.

Axel George Bendix, a Dane, born in Copenhagen, twenty-one years ago, who is reported to have come here from the United States, was killed at the Leaside camp as a result of his machine overbalancing as he was making an ascent.

THE CORN CROP IS IN DANGER

Washington, Jan. 21.—Telegrams from the governors of Illinois, Indiana, Iowa, Ohio and Kansas, declaring that unless the corn crop is moved within the next few days, to leave of some here from the United States, was killed at the Leaside camp as a result of his machine overbalancing as he was making an ascent.

CASUALTIES

ARTILLERY. Died: D. Beare, Carleton Place, P. E. I.

CAVALRY. Prisoner of War: F. L. Barrett, Halifax.

ENGINEERS. Died: I. L. Cameron, Dominion, N. S.

GIVE THE CHILDREN PEP

as soon as the first symptoms of a cold appear. Neglected colds lay the foundation of weak constitutions, and many cases of consumption can be traced to neglected colds in childhood.

A cold should receive prompt treatment, but don't make the mistake of dosing your child with common cough mixtures, syrups, lozenges, etc. The drugs which some of these contain have a most injurious effect upon the stomach, and if these are used, in trying to cure the cold you may ruin the digestion.

The Peps treatment is the safest and surest for all colds, coughs, throat and bronchial troubles. Peps contains no harmful drugs whatever, and can be given with perfect safety in any case.

There is never any difficulty in persuading a child to take Peps—they are so pleasant to the taste, and mothers could save themselves hours of anxiety if they would only keep a supply of Peps on hand.

For chills, sore throat, laryngitis, asthma, bronchitis and weak chest, Peps are equally good. All dealers 50c. box, 3 for \$1.25.

NO HARMFUL DRUGS IN PEPS.

U. S. WANTS NEW MUST GET

WAR COUNCIL VACCINATED

Two Measures Contemplating Compulsory Vaccination and Re-Vaccination Ordered in Lines of British System Being Prepared.

Washington, Jan. 17.—Framing of legislation contemplating drastic changes in the government's war machinery, including creation of an American war council similar to those of Great Britain and France and a director of munitions, was begun today by the Senate military committee. Two bills, one proposing the war council of five members, including the secretaries of war and navy and three civilians appointed by the president and a second to centralize munitions control in the director of munitions, were prepared today by a sub-committee consisting of Chairman Chamberlain and Senators Hitchcock and Wadsworth.

The munition director measure, it is planned to present to the full committee tomorrow and immediately introduction in the Senate for early consideration with the other bill to follow soon after.

The plan of the committee for the war council is to have it under the president, but wholly independent of the cabinet.

LETTER FROM ARTHUR COLWELL

A letter has just been received by A. D. Colwell of Douglas avenue, from his son, Arthur who went from here nearly three years ago with No. 3 Co. Army Service Corps. The letter is dated from "France" and states that he is in good health and "doing his best" as a driver, and looking to get home again. He says most all the St. John papers are circulated among the boys. To use his own words: "I have seen some of them and there are some awful exaggerations in some of them, which we use as a big joke here and we have done some fine line transport such as packing ammunition and hauling machine gun material but nothing compared to the infantry."

The police believe that the thief used the clothes line in making his escape from apartments after the robbery.

Officer Reiser was thirty-six years old. He had been a member of the police force ten years.

BEST LIVER AND BOWEL LAXATIVE FOR FAMILY USE

"Cascarets" regulate women, men and children without injury.

Take when bilious, headache, for colds, bad breath, sour stomach.

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, evenly. Preparing this mixture though, at home is messy and troublesome. At little cost you can buy any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyn's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair appears, and after another application or two, your hair becomes beautifully darkened, glossy and lustrous. Gray, faded hair, though no longer a sign of old age, and as all desire a youthful and attractive appearance, get busy at once with Wyn's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful requisite and not a medicine. It is intended for the cure, mitigation and prevention of disease.

REXTON

Rexton, Jan. 18.—The death occurred at the House of Providence at Shediac, Friday, of Joseph Comeau, a well known school teacher. The body was brought to his former home at St. Louis, Kent Co., and interred there Monday morning. Rev. P. Hebert celebrated the requiem high mass.

Alexander Barnes died at his home at Molus River Friday, after a long illness. He leaves a widow and large family.

Mary Peter, relic of Noel Peter, died at Big Cove Saturday at the age of 97 years and ten months.
