

Celebrated The 21st Anniversary

Large Congregations Present at Services Held in St. Matthew's Presbyterian Church Yesterday - Rev. Thomas Stewart, D. D., of Halifax was the Preacher.

The congregation of St. Matthew's Presbyterian church yesterday celebrated the twenty-first anniversary of the opening of the church building. The preacher for the occasion was Rev. Thomas Stewart, D. D., of Halifax. Large congregations were present at both morning and evening services, who listened with the closest attention to the message of Dr. Stewart.

While yesterday marked the twenty-first anniversary of the opening of the building, the congregation has been organized for nearly twenty-four years, having been founded a mission of the St. John Presbyterian on May 9, 1896. The church had its beginning in the start of a mission Sunday school in Pausley Hall, Main street, some time in the year 1895, by members of the St. John Presbyterian church. Preaching services were conducted by Rev. James Hogg and Rev. Mr. Irwin, the first regular minister being Rev. H. B. Morton, M. A., who was retained and appointed to the charge of the mission on May 26, 1896. On January 15, 1898, the provisional session and board of managers was organized by the Presbytery and on September 25 of the same year the first communion roll was formed. On December 18, 1898, the church was formally dedicated and opened for public worship, the preacher of the dedicatory sermon being Rev. Andrew Rogers, D. D.

Since that time the church has gone through a rapid rise from the status of a mission to that of an independent church, and is planning big things for the future. The congregation will tonight burn the mortgage against the building and start on its twenty-second year in the building with it free of debt. In the past couple of years a handsome memorial window has been placed and a new organ installed. The church now has about one hundred and twenty-five families on the roll and plans the raising of the present building and the provision of a modern Sunday school room on the lower floor, together with the installation of a heating plant.

The first bard of season was composed by William Draper, H. Kain, Thomas Hastings and G. H. B. Shaw. The first trustees board was J. Fraser, Gregory, James Smith, David Mages, Thomas McLeasters, William Stewart and H. Kain.

The ministers who have served the congregation are: Rev. H. H. Morton, M. A., May 26, 1896, to April 4, 1899; Rev. A. H. Foster, B. D., October 1, 1899, to April 21, 1901; Rev. J. J. McNeill, July 31, 1901, to December 22, 1910, when he resigned to enlist; Rev. John Hardwick, December 23, 1910, to November, 1917; Rev. H. L. Elwood, December 23, 1917, to date.

Dr. Thomas Stewart, delivered the most inspiring and helpful address. In the morning, basing his remarks on Acts 4:13, "Neither is there salvation in any other, for there is none other name under heaven, given among men, whereby we must be saved." He drew attention to the mission of Christ in the world, the marks known to the fact that God was the Father of all men, and that He was the way to the Father, and that it was only by accepting Christ as the Son of God men could be saved.

At the evening service he spoke of the challenge of the times to the church and the forward movement now being undertaken. He took as his text Isaiah 60:1, "Arise, shine, for thy light has come, and the glory of the Lord is risen upon thee."

This, said the speaker, was the call of the forward movement. It had been felt by the leaders in all the Protestant communions that organized Christianity had not in the past done all that it could or all that it ought to do, and it was to call forth the efforts of Christian men and women of Canada the forward movement had been undertaken. While it was true the church had not lived up to its possibilities, this did not mean it had been a failure, for if any organization on earth might claim success it was the church. The church of Christ could claim the credit for all the philanthropic and social service work going on in the world, for it was only where the teachings of Christ had been accepted such activities were being carried on.

Teaching more particularly with the forward movement as it touches the Presbyterian communion the speaker said the church had a glorious past but the men of today must not be satisfied with a past however glorious. It was their duty to be true and work that their children's children might be able to say they were worthy of the fathers who lived and worked in the early days.

The fundamental work of the church was to build men and women, not to concern itself with social and economic problems. These had their place, but the first work of the church was to make Christ known, and His words when men and women accepted Him and His teachings, bring the solution to the social problems of the day. The church had before it a great task in Canada, and they were coming on a great deal of aid from the men who having taught overseas to rid the world of the menace of evil, turned to their homes to take up burdens of life, in dealing with and committing many of the things which menaced the future of this fair land. While it was true the work in Canada was a big one, that on the foreign field was infinitely greater. Up to the present time the church has only played around the fringe of the foreign work, and if they were to carry out the command of Christ, to "Go and make disciples of all men," there must be a larger concentration of men and women of Canada, the needs of the forward movement had been undertaken.

Christian Science Lecture Delivered

Good Audience at Imperial Theatre Yesterday Who Listened Intently to Address by Charles I. Ohrenstein of Syracuse, N. Y.

An interesting lecture on Christian Science was delivered yesterday afternoon in the Imperial Theatre, by Charles I. Ohrenstein, C. S. B., of Syracuse, New York, a member of the Board of Lecturers of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass. In spite of the inclement weather, there was a good audience present who listened intently to the well delivered address. The lecture was held under the auspices of the First Church of Christ, Scientist, St. John, N. B., Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper, 3 pills uses the trade mark, price 25c, and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

God is Mind, the operation of this power must primarily be by way of ideas, thoughts. Who can straighten out his finger or bend it without thought directing the action? Who can bend it when thought directs to hold it straight? Try it. Will the hand not follow the thought? Do not put the finger or hand in merely biological reflexes. The answer to the question is in some educational system and it might be asked whether the religion of Jesus Christ provides such a system, capable of accomplishing the desired result.

The speaker asked what life is, and proceeded to show that the Bible speaks definitely on the subject saying "God is the life." The Bible is full of assurances that to know God and be obedient to Him means life and health, happiness, love and prosperity. The Old Testament, proves by many instances such as the preservation of Daniel and the three young men in the fiery furnace, that death is not inevitable. It is the teaching of the Bible to claim such things in our own day is blasphemous or that the incidents were mere legends. It is not the teaching of the Bible to say that the incidents were mere legends. It is not the teaching of the Bible to say that the incidents were mere legends.

Jesus came as the representative of God, who is Love to lead men to victory over themselves, their passions and hate. What He came to do was to lead men to victory over themselves, their passions and hate. What He came to do was to lead men to victory over themselves, their passions and hate.

Jesus came as the representative of God, who is Love to lead men to victory over themselves, their passions and hate. What He came to do was to lead men to victory over themselves, their passions and hate. What He came to do was to lead men to victory over themselves, their passions and hate.

The Hacking Cough Strains The Lungs

The terrible, hacking, lung-aching cough that sticks to you in spite of everything you have done to get rid of it is a great source of danger to your health, and the longer it is allowed to stick the more serious the disease becomes.

You can easily get rid of the cough or cold at its inception by using Dr. Wood's Norway Pine Syrup, a remedy that has been universally used throughout Canada for the past 30 years.

Mrs. Samuel Matthews, Portage, P. E. I., writes: "Last winter I caught a heavy cold, and was laid up for some time. I had such a hacking cough I could not sleep at night, and did not think I could ever get over it. One day a friend dropped in to see me and was surprised to see how bad my cough was. She advised me to use Dr. Wood's Norway Pine Syrup, so the next day I sent for a bottle and soon got relief, and by the time I had taken two bottles, my cough was all gone. I doubt there is anything to equal it."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper, 3 pills uses the trade mark, price 25c, and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Parliamentary Reminiscences

Was Subject of Able Lecture Given by H. A. Powell, K. C. in St. Vincent's School Auditorium Last Evening.

A large audience listened to a very interesting lecture delivered by H. A. Powell, K. C., in the auditorium of St. Vincent's school last evening. The lecture was a most pleasing manner in response to the audience's warm applause. Miss McInerney sang "My Task." Miss Marion Hogan was the accompanist.

Myles Agar acted as chairman for the evening in the absence of the chairman of the educational committee, Mr. O'Toole. Mr. Agar said it afforded him great pleasure in introducing the speaker of the evening to a large audience, the popularity of the Y. M. C. I. lectures was becoming apparent. The subject of Mr. Powell's address "Parliamentary Reminiscences" was one which would prove of deep interest to all, owing to the long parliamentary career of the distinguished speaker.

Mr. Powell in his opening remarks congratulated the Catholic people of St. John on the splendid hall in which it was his privilege to speak; it was one of which they might well be proud. The election to the local House in 1870, he said, marked his entry into political life. There had been plants in the House in those days, and although he had heard the ablest speakers of the parliaments of both the British Isles and the States, there were none superior in debate to those who had sat in the House in the early days of its political life. When he had been elected to the Federal House in 1875, it was to a House from which all the old worthies such as Sir John A. McDonald, McKeen-Bowell, Tupper and Sir Leonard Tilley, had departed. Mr. Powell had been elected to the House in 1875, it was to a House from which all the old worthies such as Sir John A. McDonald, McKeen-Bowell, Tupper and Sir Leonard Tilley, had departed.

Mr. Powell was much impressed by the social side of the Canadian Parliamentary life, the culture and good taste with which all social affairs were conducted at Rideau Hall was far superior to that displayed at the House of Commons.

Mr. Powell was much impressed by the social side of the Canadian Parliamentary life, the culture and good taste with which all social affairs were conducted at Rideau Hall was far superior to that displayed at the House of Commons.

OBITUARY

Mrs. Mary Chisholm, Special to The Standard. Moncton, N. B., Dec. 14.—The death of Mrs. Mary Chisholm occurred here today at St. Bernard's Parochial Home, where she had been housekeeper for the last fifteen years.

Mrs. Chisholm was 87 years of age and was a sister of Rev. Father Savage, pastor of St. Bernard's church. She is survived by one son, Edward, a returned soldier, at present undergoing treatment at the Military Sanatorium, River Glade. Timothy Savage, Chatham; Neil Savage, of the C. N. R. Moncton, and Father Edward Savage are brothers. The remains will be taken to Melrose, Westmorland County, where deceased was born, for burial.

Matthew Little, Special to The Standard. Moncton, N. B., Dec. 14.—Matthew Little, a former resident of St. John, died at his home in Cool Branch, Kent County, Saturday, at the age of 74 years. Deceased had lived in Cool Branch some thirty years. He is survived by his wife and grown-up family of eight sons and daughters. Edward Little, a C. N. R. brakeman, is one of the sons.
