

SEVERE WOUNDS RECEIVED BY A ST. JOHN MAN.

Lieut. Corey, Formerly of This City, Leads Gallant Action in India.

RECAPTURED A FORT. Two Hours' Hard Fighting Culminating in Carrying by Storm the Position Held by Raiders from Persia on the Makran Coast--The Casualties Were Many.

London, Jan. 9.—A Calcutta despatch reports that a message received there from Persia on the Makran coast, and dated 20th December, reports the capture by a British force of Nodis Fort, which had been seized by a gang of raiders from Persia, under the leadership of Muhammad Ali. The latter successfully raided Kandahar, in Makran, last year, and in October last he again entered Makran from Persia, and was to have co-operated with another gang of Persians on the border. His seizure of the fort of Muhammad Umar, however, immediately blocked there by the Nazim of Makran with 400 men. The Nazim carried on the siege of this fort for 53 days, but, having no artillery, failed to capture it.

Finally Major Shores appeared on the scene with an escort under the command of Major Tighe, 27th Baluch Light Infantry, and the place was then taken by assault, after heavy fighting, which lasted two hours. The Murrumbidgee Battery having first breached the walls of the 27th Baluch Infantry, led by Lieut. Corey, and the Bombay Sappers, under Lieut. Corey, carried the fort by storm. The guns had to be brought close up, the ringleaders of the raiders resisting to the end. Many guns and rifles were captured.

Our casualties were: Lieutenants Grant and Corey, both severely wounded; three men of the Bombay Sappers and six wounded. Five of the enemy were found dead, about 15 were buried in the ruins of the fort, 14 were wounded and 63 were taken prisoner. Muhammad Ali, the leader, was killed, and his party is now broken up.

Lieut. Corey belongs to St. John, a son of Charles D. Corey. The family removed to Toronto. Lieut. Corey was a grammar school boy, and has many friends here. He graduated from the Royal Military School, Kingston, in 1885. He received a commission in the Royal Dublin Fusiliers, and served under General Buller in Natal.

REDUCTION OF INCOME TAX IN BRITAIN Suggested by Sir Robert Giffen—Press Comment on the Scheme.

Montréal, Jan. 9.—(Special)—The Star's special cable from London says: "Sir Robert Giffen, ex-president of the statistical society, who has been long associated with the Gladstonian School of Finance significantly suggests in the Times today that the income tax be reduced from 14 pence to 10 pence in the pound which would mean a loss of ten million pounds to the national exchequer and that twenty million pounds be raised by indirect taxation, including a tax of one shilling per quarter on wheat, and one shilling per load on timber."

The Westminster Gazette, a pillar of the protectionist wedge, says: "The St. James Gazette (Tory and protectionist), says: 'A grain tax, touching the central article of our commercial creed, would raise opposition which the advantage to be gained would not make it worth while to provoke.' The chancellor of the exchequer will, it adds, regard Sir Robert Giffen's suggestions as an indication of reserve to be drawn upon in case of necessity in addition to instead of substitution for the present source of revenue."

Lord Strathcona has fully recovered and resumed his duties.

Health for 1ct.

Send me no money, but simply write a postal for the book you want. I will send you an order on my bank for \$5.00. If it is not to your liking, I will refund the money. This remedy strengthens the inside nerve power that operates all vital organs. It brings back the only power that can make the organs do their duty. I have used it myself, and it has cured me of all my ailments.

It sometimes kills, but only when the trouble is organic—some trouble like cancer that causes a damage beyond repair. Such conditions are rare. My records show that out of 40 who get those six bottles pay for them. Yet no drastic accident has occurred where the patient states that the treatment failed.

This offer is too fair to need argument. You own druggists in the whole world. I want you to write me a postal to learn what I can do.

Simply state which book you want and name of your dealer and address Dr. Shoop, Box 11, Kaituma, W. Va. Book No. 1 on Rheumatism. Book No. 2 on the Heart. Book No. 3 on the Kidneys. Book No. 4 for Women. Book No. 5 for Men (sealed). Book No. 6 on Rheumatism.

EIGHTY-ONE LIVES TO SATISFY REVENGE.

South Sea Islanders by Germans—Had Killed Scientist in Defence of Their Property.

Berlin, Jan. 9.—A correspondent at Samoa writes to the Cologne Gazette, giving a hitherto unknown explanation of the killing of Dr. Menke (leader of a German scientific expedition in the South Sea Islands) and his party, by natives of St. Matthew's Island, Bismarck Archipelago. The correspondent says that Dr. Menke's party ruthlessly destroyed a number of palm trees of which there were but few on the island and that the natives acted in defence of their property. The German punitive expedition sent to avenge the killing of Dr. Menke and his party, which landed on the German exclave Corcoran near the scene of the massacre, killed 81 islanders.

"Such is the civilization," says the Vorwaerts, "that our colonial politicians are spreading."

YORK CIRCUIT COURT.

Grand Jury Commends Attorney General for Action in Case of Young Man Killed in the Woods.

Frederick, Jan. 7.—(Special)—The York circuit court opened this morning, Judge McLeod presiding. Only 17 grand jurors attended. Chas. A. Simpson was elected foreman. In the case of the King against Joseph Patterson, charged with an attempt to commit rape on one Marcon Marconi, the grand jury returned a true bill for common assault, and the trial will take place tomorrow; Geo. W. Allen, K. C., for defendant.

The second matter for the grand jury was presented at the instance of the attorney general, charged with the murder of Grant with manufacturer in the killing of Claude Law, of Canterbury Station, by the careless discharge of a rifle while hunting in September last. Deceased was hunting partridge with John Loudon, when he was shot by Grant, who fired at some bushes through which he was passing. Yet no drastic accident has occurred where the patient states that the treatment failed.

The timely remarks of his honor in presenting the case were warmly applauded, and the grand jury expressed the opinion that too frequent accidents in the province, call for special regulations governing the use of fire arms, especially by persons penetrating forests in search of game. The concluding paragraph was as follows:

The action of the attorney general in calling the attention of the grand jury to this lamentable case, evidences his anxiety to have the laws properly observed and at the same time to protect the lives of our fellow citizens.

MARCONI WILL HAVE STATION READY IN JUNE.

Leaves Canada for New York, But Will Return Soon to Ottawa.

PHASES OF SITUATION. Thought Telegraph Line Along the Intercolonial Might Be Used for Continuing Messages Overland, But Difficulty Is Met—Government Postal System.

Ottawa, Jan. 9.—(Special)—Marconi left for New York this afternoon. The plans for his new station at Glace Bay, Cape Breton, will be prepared at once and his expectation is that the station will be ready for communication across the Atlantic by the beginning of June. The contractor may be sent over from England, but Nova Scotia labor will be employed in the actual building. On his return to England Marconi will have the electric power at his Cornwall station greatly increased, so that by the time the Cape Breton station is finished he will be ready to resume transatlantic tests of his wireless telegraph system to a practical scale. He expects to return to Canada in about a month.

It is known that one of the proposals under consideration was that the government itself establish a station at Louisbourg and pay a royalty to the inventor upon all transatlantic messages.

But the chief difficulty to be overcome would not be removed by government control of the system, inasmuch as the connecting wires would still be in the hands of the Canadian Pacific Railway and the Western Union Telegraph Company, both of which have connections in Cape Breton. It was thought the telegraph line along the Intercolonial Railway between Sydney, C. B., and Montreal could be utilized, for the Intercolonial is a government line, and the Intercolonial line is practically the property of the Western Union, and that the government, although it has the right to use it for railway purposes, is precluded from doing so by the terms of the contract.

The only land lines owned by the government are those of the coast telegraph system. These, however, have their most important stations at St. John's, St. John's, and St. John's. On Thursday last she was attacked with paralysis, from which she never rallied. The deceased leaves three sons, William H. and George H. engravers, and Frederick, of the Western Union Telegraph staff, as well as two daughters, Mrs. J. W. Myers and Mrs. W. M. Fleming. Mrs. Myers was a native of Nottingham, England, and came to this city in 1872.

Mrs. Peter Conacher. Mrs. Matilda Conacher, wife of Mr. Peter Conacher, passed away Thursday morning at her home, 24 Elliott Row, after an illness of four months. She leaves the following children: Fred, of this city; William, of Sydney; Fred, of St. John's; Robert, with Boston; Rowell, of St. John's; Mrs. William Carnall, Miss Ethel and May Conacher. Mrs. Conacher was a daughter of Mrs. R. H. H. of Brussels street, and of the late Mrs. John P. Appleby. She was 48 years of age.

Sudden Death at Moncton. Moncton, Jan. 9.—(Special)—O. S. Macgowan, clerk in the I. C. R. audit office, was found dead in bed at his home this morning. He had been in poor health and had complained of heart trouble. His demise, however, was most unexpected, and was a great shock to his wife, who was the first to discover his death. He was a son of H. J. Macgowan, and brother of P. A. Macgowan, of the I. C. R. offices. He was 33 years of age and leaves a wife and five children. Mr. Macgowan was at his work as usual yesterday.

WHY CROUP IS FATAL. When croup attacks your child you must be ready for it. It comes as an accompaniment to a cold, or it may attack without warning. All ill children develop croup, and it is a very serious matter, yet there should be something at hand to cope with it with promptness. Many a child has choked to death with croup because the right remedy was not convenient. Every one should know that the right remedy for a child's croup is not the pure extract of bark and roots of the house, croup is always easily checked and relieved in every component part of it. Whenever it touches an inflamed surface, it heats and soothes. Nothing else compounded for croup is so harmless, and nothing so effective. It is a very serious matter, yet it has never lost a friend through failure. It is a very serious matter, yet it has never lost a friend through failure. It is a very serious matter, yet it has never lost a friend through failure.

EVERY LUMBERMAN KNOWS THE VALUE OF KENDRICK'S LIME. There is no remedy more valuable to have at hand. In all the operations of the telegraph lines are operated by the government, nearly all the operators are women, and a large proportion of the clerks in the post offices and treasuries are also women. Women, too, act as conductors of the transys.

OBITUARY.

Judge Gwynne. Ottawa, Jan. 7.—Judge Gwynne, of the superior court, died this morning, aged 88. He was a native of Ireland, and came to Canada in 1832. He was first appointed a judge in 1870, and was promoted to the superior court in 1878. He leaves three daughters and one son. Mrs. Coningwood Schreiber is one of the daughters. Until a week ago Justice Gwynne was in good health.

Mrs. James Ryder, St. Stephen. St. Stephen, Jan. 7.—(Special)—Word has been received that Mrs. James Ryder, formerly of this town, died at her home in Boston yesterday. Her remains will be brought here for burial. Mrs. Ryder was a sister-in-law of the late Hon. James Mitchell. Her husband, son and daughter survive her.

Miss Ada F. Storm. The death occurred suddenly Wednesday morning of Miss Ada F. Storm, a daughter of the late Captain Storm, at one time a well-known shipbuilder here. Miss Storm was housekeeper in the family of Col. George West Jones and for many years served in the same capacity with Mrs. C. N. Skinner.

John A. Winters. The death occurred in Chicago this week of John A. Winters, son of the late John Winters, of this city. Deceased, who was 54 years of age, left St. John when 16 years of age but has frequently visited St. John, where a sister, Mrs. J. T. C. McKean, resides.

Mrs. Jane Edgett, Riverside. Mrs. Jane Edgett, wife of the late Capt. Solomon Edgett, died at Riverside, Alberta county, Tuesday, after a short illness of pneumonia. Deceased leaves quite a large family.

John Kenny, Bathurst. The death occurred at Bathurst on Tuesday afternoon of Mr. John Kenny, pneumonia being the direct cause. Deceased was 60 years of age and leaves a widow and eight children.

Mrs. Bertha Cline. After illness of a year, which was accompanied by great suffering, Mrs. Bertha Cline died Thursday morning at the home of her parents, Mr. and Mrs. Alfred Cline, 17 British street. She was a bright young woman, who, by her loving ways and generous disposition, won the affection of all who knew her, and many heard with sorrow of her death. Her funeral will be held Saturday afternoon, from her father's residence, at 3.30 o'clock.

Mr. Thomas Sinnott. Mr. Thomas Sinnott died at his home at Clarendon yesterday morning. He leaves a wife and large family. Mr. Sinnott was a well-known guide and sportsman, and was a favorite with the fishermen who visited the lakes back of Clarendon.

Mrs. Mary Green. The death occurred Thursday evening of Mary, widow of R. H. Green, at the residence of her son-in-law, Walter M. Fleming, Dorchester street. Mrs. Green had been invalid for several years. On Thursday last she was attacked with paralysis, from which she never rallied. The deceased leaves three sons, William H. and George H. engravers, and Frederick, of the Western Union Telegraph staff, as well as two daughters, Mrs. J. W. Myers and Mrs. W. M. Fleming. Mrs. Myers was a native of Nottingham, England, and came to this city in 1872.

Mrs. Peter Conacher. Mrs. Matilda Conacher, wife of Mr. Peter Conacher, passed away Thursday morning at her home, 24 Elliott Row, after an illness of four months. She leaves the following children: Fred, of this city; William, of Sydney; Fred, of St. John's; Robert, with Boston; Rowell, of St. John's; Mrs. William Carnall, Miss Ethel and May Conacher. Mrs. Conacher was a daughter of Mrs. R. H. H. of Brussels street, and of the late Mrs. John P. Appleby. She was 48 years of age.

CURES. Send Name Have INSURES LO

L. W. KNAPP, M. D. How many men may sickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. L. W. Knapp, 170 Bull Bldg., Detroit, Mich., and he will gladly send free receipt with full directions so that any man may easily cure himself at home. This is certainly the most generous offer and the following extracts taken from his daily mail show what men think of his generosity.

"Dear Sir—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am as vigorous as when a boy and you can realize how happy I am."

"Dear Sir—Your method worked best. Strength and vigor have been completely restored. My health is entirely as satisfactory."

"Dear Sir—Yours were received and had no trouble in making use of the receipt as directed and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor." Improved in size, strength and vigor. Improved in size, strength and vigor.

LOYALIST'S ROUGH PASSAGE.

FURNESS LINER AT HALIFAX AFTER HARD BATTLE. Three Days Late Because of Combination of Gales—Passed a Tramp Apparently Disabled But Not Asking Assistance—German Baron Coming to St. John.

Halifax, Jan. 9.—(Special)—The Furness liner Loyalist, nearly three days overdue, came into port shortly after noon today. Captain Hoyle said it was one of the worst voyages he had ever made. The steamer sailed from London the day after Christmas and left Gravesend next day. It was almost a continuous gale from the time it left London until it reached Halifax.

The Loyalist, captained by passengers, Baron and Baroness Moyland and two servants who are on their way to St. John. They are Germans. S. J. Hill, Mrs. Hill and infant also came as passengers. The steamer has about 800 tons cargo to discharge here after which she will proceed to St. John.

Irish Delegation to United States. Dublin, Jan. 9.—John Redmond, chairman of the United Irish League, announced today that Wm. Redmond and Joseph Devlin, of Belfast, will sail for the United States at the end of the month, to complete the work of organizing the league in America, in connection with the decision arrived at by the preliminary meeting of the league, held in its headquarters yesterday.

Messrs. Redmond and Devlin are going to the United States at the urgent request of the Irish League of America, which is arranging their tour of that country.

WEARY BRAIN WORKERS. Fagged out; ideas come as slowly as molasses. You think of things just a minute or two too late. Snap's gone! The buoyancy that made work a pleasure—that's gone too. The doctor would tell you that you are run down, not eating enough, not digesting enough. Your stomach needs aid, your digestion needs a brace too. Your blood requires Phosphorus and Iron that it may be formed anew. Now Ferronol is a wonderful nerve bracer and blood maker. It's food for the blood and nerves; it will make you strong quickly and permanently. Sold by A. Chipman Smith & Co., Price 50 cents.

WHY CATARRHOUS CURES CATARRH.

It goes to every affected part and kills the germs that keep up the diseased condition. It soothes the inflamed mucous membrane, stimulates it; mucous lining of the nose, throat and lungs to normal action, and keeps the nasal passages free from offensive mucus. Now Ferronol contains no dangerous drugs or opiates, and is a delightfully pleasant and simple to use. Catarrh is an absolutely certain cure for catarrh. It is a simple and effective remedy. Sold by A. Chipman Smith & Co., Price 50 cents.
