## Prof. Creighton Addresses Founders' Day Gathering

### WIDELY KNOWN TORONTONIAN PLEASURES MANY

Founder's Day at U.N.B. is not an old observance. However it has all the colour and impressive ceremony needed to make the event stand out in the College year. In honour of our founders February 19 was set aside for a special program. By 8:30 p.m. Memorial Hall was filled with students and visitors. After the procession of seniors, faculty, senate, and guests the program was begun with the Glee Club and Choral Club singing three verses of O Canada. Then Dr. Gregg introduced the Hon. Dr. Blakeny, Minister of Education, who in his brief remarks, gave a brief history of U. N. B., naming a few of its founders, promoters, supporters, and famous graduates. A poem, an honour roll of builders of our college, and a statement of spirit behind U.N.B., was read by Jack Jeans.

This was followed by the impressive presentation of the token for the quit rant to Lieutenant-Governor Clark by Dr. Gregg. The Lieutenant-Governor received the penny on behalf of the King. Dr. Gregg, in his introduction of the guest speaker, Prof. D. G. Creighton, lecturer, historian and author, paid tribute to the few who have done historical research in the province.

Prof. Creighton told how pleased he was to participate in our Founder's Day ceremonies. He had visited the province and U.N.B. about five years ago and was now glad to revisit here. His paper, "The Writing of History in Canada," was very interesting, informative, and coloured enough with a wit peculiar to professors to make it entertaining.

### Mac Ransom Kept Active

Last week, Rev. Malcom ("Mac") Ransom, travelling secretary of the Student Christian Movement visited this campus. During his stay at U.N.B., "Mac" interviewed students planning to enter the ministry, and those interested in mission work. He also met several members of the Faculty including Dr. Louise Thompson, and Prof. Stevens.

At noon Friday he and Al Cameron attended a banquet meeting of the York - St. Mary's Ministerial Association in the "Y" rooms. At 4:30, he was introduced to the executive of the S. C. M. and to Dr. Thompson at tea in Lucy's Ark. This reception, he later mentioned, seemed to be another unique characteristic of U.N.B. He told about the stand taken by S.C.M. groups in other universities on anti-Japanese discrimination, and on social and political problems of Canada and of the world. The question of a faculty Advisory Committee was discussed and plans were laid to make this a

### CHEMISTS MEET

Object: To explain as an interesting topic the function of Chemistry in Medicine so that the members could gather some reason for this trend.

Apparatus: One Isadore Babl and the members of the Chemical society.

Theory: Chemistry, to-day and to-morrow, plays a very important roll in Medicine and most diseases are analyzed and cured through the use of chemistry. Doctors diagnose their patients through the lab.

Procedure: Mr. Babl showed that such is the case from a full set

### Co-eds Give Smart Party

The Co-eds have done it again. For the nth time in as many years one of the smartest dances of the season has successfully been presented in the Memorial Hall, under the guiding hand of the fairer half of U.N.B.

Although scheduled to commence at 9 P.M., actual dancing was delayed for some 30 minutes due to the non-existence of a crowd. But, with the end of the first show, and the end of the Mt. A. - U.N.B. Hockey tussle, the floor began to fill with Co-eds and their choice of dancing partners.

Music was by the one and only Depot Orchestra and bars of melody floated from the instruments in various and strange fashion. But we love them just the same. The result of Co-ed ingenuity appeared in the clever adaption of selections to the different campus institutions. "Always", dedicated to Freshmen Math, "Don't Fence Me In", for the Bunnies and "I Dream Of You" in fond memory of a liquor permit

### CASUALTY LIST

Since the beginning of war September 3, 1939, many students of this college have given their lives and to them we owe much.

- Charles R. Townsend ..... '20
- Walter W. V. Foster ..... '29
- Ralph H. Daughney ..... '30
- James A. T. Ives ..... '30
- Richard L. Lee ..... '32
- R. Drury Anderson ..... '33
- Donald S. MacLean ..... '33
- Charles L. Stephenson ..... '34
- A. Stewart MacDonald ..... '35
- Samuel V. Martin ..... '36
- N. Douglas Breen ..... '37

## Drive to Begin In Near Future

### FUNPROM SATURDAY

Come on you chicks and gots, dig out those black date books and reserve Saturday, February 24, for the Funprom, an evening of mirth and gaiety, sponsored by the Class of '46.

The dance (etc.), which starts at 9 P.M. promises to be full of surprises and mysteries. Activities are scheduled to remain an enigma until the night (and maybe after).

The committee, composed of three Engineers and one Forester is headed by "Jock" Lawrence, an able Pre-Med. "Coat-Hanger" Owens will be M. C. for the evening and the rest of the committee, Charles Weyman, "Otto" Logue and George Bond will be busy officiating at the various required duties.

Advertising is expected to be unique in its line. All "Tutor" Logue would say was "Watch the campus."

Admission is \$.50 a couple, \$.25 a person. It is expected that the Depot Orchestra will be in attendance and dance items of spectacular interest are promised.

Shovel out those "four bits" and come on up to Memorial Hall. It ought to be Fun..

## Council Has King's Wins Busy Hour

Mr. Fettes after subduing the noisy rabble at the rear of the Geology lecture room brought the Student's Representative Council meeting of February 16 to order. J.B.M. Baxter still being indisposed, the President sent forth an earnest plea for a temporary Secretary which was kindly answered by Marion Morrison. The minutes of the last meeting were read and adopted.

Item One of this meeting was the College Rink. We were informed that the rink caretaker had resigned and that the city snow-plov has broken down. Discussion of where the scheduled games are to be played followed. Doug Murray stating that the Devon rink could be obtained in a pinch, and more-or-less satisfactorily explained the lack of good nights and netting.

Mr. Fettes explained that Non-Athletic Awards are bits of jewelry given by the S.R.C. for outstanding contributions by the students in non-athletic fields. The motion was passed that the Secretary receive applications for awards. The points system will be posted.

On behalf of the Ladies' Basketball team Miss F. McLean requested \$16.45 to cover the extra price of tickets and an extra meal in Saint John for the team, including a meal for Mr. Ryan too. As she explained—"The Mens' Basketball team has budgeted for him till Saturday night

(Continued on page five)

Following the meeting of the Senior Class on Wednesday, February 7, the Rink Committee rapidly got things under way. At the Committee's first meeting, February 14, a proposed plan of action was drawn up, determination of the cost of financing the drive, drawing up of the Permanent Committee, etc., were dealt with.

Saturday, February 17th, the the Senior Committee met with President Gregg and the Permanent Committee. At this meeting the proposed plan was slightly altered and then given the full support of the Permanent Committee.

So now the Rink Fund Drive has a clear field. This Sunday the first part of the 3000 letters to be mailed will be sent out. These will be to the 1800 Grads, living, of this University. These will be followed shortly by 1200, or more, to former students.

Then by some devious means, not yet solved, the Classes of '46, '47, '48 will be asked to contribute to the Fund itself. Perhaps each class can do that better by itself. The 45ers have agreed to finance the Drive itself.

From the above plans the Senior Class expects to have a substantial sum to leave behind it for the "Covered Rink". And it is the hope of the Seniors that the next Senior Committee will put final touches to the plan and attain the needed sum.

(Continued on page six)

On Friday night in the Forestry building at 8 P. M. a small but interested group of listeners heard the debate between U. N. B. and King's College (Halifax). The resolution read:

"Resolved that the interests of higher education in the Maritimes would be best served by the erection of an Interprovincial University with which all existing colleges would become affected."

Dr. Bailey presided in the chair and the judges were Peter J. Hughes, K. C., Mark Neville and W. Laurence Hall. The debate started with Leon Loggie (U. N. B.) affirmative, being the first speaker. His main points were: (1) the Maritimes have far too many degree granting institutions for the population. Scotland with five times the number of people has only one-sixth the number of Universities.

(2) College staffs are too small and too poorly paid.

(3) There is a narrowness in religious matters.

(4) The competition between colleges for freshmen lowers the entrance requirements.

(5) There are no advanced fields of study in the Maritimes at present. The first speaker for the negative was Rhodes Cooper. He delivered a very forceful speech on the problems connected with having such a University as (1) it would cost
