

N. W.
No 215

Government House -
Fort Garry, Manitoba
October 17th 1874.

Sir,
I have the honor to enclose a letter, which was addressed to the Commissioners at Lake Du' appelle, by George Racette a metis who claims certain amounts, which he alleged to be due to him by the Government. He asserted that he had been employed by Lieutenant Governor Archibald. -

The Commissioners had had an interview with him, before the receipt of the letter and informed him, that they had no knowledge of his claims for services and could not recognize them, but that they would cause inquiry to be made with regard thereto. -

Honorable

The Secretary of State
Ottawa
