

the Court will continue to draw this to the attention of all officers concerned.

- (f) In M.F.B. 355 an alteration has been added presumably by the prosecutor. i.e. "remission 26 days." This is initialed by "R.C.D." but the form is certified by Lieut. H.C. Davis and signed by him so that the person who made the alteration and initialed it does not certify the form, takes no responsibility, and this is most irregular. In future may these forms be completed by only one person, please.

3. It is not considered necessary to return the proceedings and they are therefore retained for custody. May the foregoing irregularities please be brought to the attention of the officers concerned for their future guidance.

  
Brigadier,  
Judge Advocate-General.
