Run on Coal Oil—6c for 10 Hours

Elite Engines develop more power on cheap lamp oil than other engines do on high priced gasoline. Will also operate successfully on distillate, petrol, alcohol or gas oil. Strongest, simplest, most powerful engine made today over working parts. No cranking, no waste, easy weight, no carting, less vibration, easy to operate.

Have patent thrives, giving engines in class force feed four automobiles type. Also patent thrives, giving engines in class force feed four automobiles type. Also patent thrives, giving engines in class force feed four automobiles type.

Encouraging Progress by United Farmers

(Continued from page 2.)

grant from the western farmers' organizations, showed as follows:

Receipts: Commissions paid, \$3,883.70; commissions not yet taken, \$475.07 and returns on binder twine account, \$1,933.65. Total, \$5,292.40.

Expenditures: Organization, \$1,174.77; office expenses, \$378.54; rebates, \$383.15; rebate account, \$468.77; salaries, \$1,085.29; general expenses, \$361.57; rent, \$103, and miscellaneous expenditures, making a total of \$4,688.62. Profit, \$603.88.

Assets and Liabilities

The statement of assets and liabilities (devoid of bookkeeping frills and omitting the stock liability) showed as follows:

Assets: Bank balance, \$736.98 (note that, will you? Not too bad for a youngster, is it?); cash on hand, \$18.94; unpaid subscribed stock, \$1,202.50; accounts receivable, \$105.85; commissions not posted, \$475.07; office equipment, \$314.89. Total, \$2,943.64.

Liabilities: Accounts payable, \$96.45; unpaid salaries, \$347.56; rebates unpaid, \$468.47. United Farmers of Ontario, for membership dues, \$229.21. Total, \$1,132.69.

Organizations

Secretary M. Olson reported that he had the names of 465 farmers' organizations in the province, of which 168 were active and buying supplies through the United Farmers' Co., Fifty-two of these were local organizations, 40 were farmers' clubs and 33 were granges. Of the granges 15 held stock in the United Farmers' Co. and 12 were affiliated with the United Farmers' Association.

Stock Account

On the first of November 138 shares of stock had been sold worth \$3,450, on which \$2,338 had been paid.

With the foregoing figures before them the directors, on motion of Mr. Gurney, seconded by Mr. Pritchard, had no hesitation in declaring a dividend of seven per cent. on the paid-up money, or \$2,338. The directors of the payment of a larger dividend. Profits above seven per cent may be returned to the clubs purchasing through the Company in bonuses based on the total purchases or used for reserve purposes.

Other Gains

The foregoing statement does not of course show the thousands of dollars the Company has saved farmers on their binder twine and other supplies, nor does it show over \$700 that has been paid back to the secretaries of local farmers' clubs in commissions.

These Present.

The members of the two boards of directors present were Messrs. Anson Grob, Preston; J. H. Halbert, Melancthon; J. J. Morrison, Arthur; A. E. Vance, Forest; E. C. Drury, Barrie; A. H. Powers, Orono; John Z. Fraser, Burford; John Pritchard, Gornie; S. A. Beck, Cayuga; C. W. Gurney, Paris; L. Schurr, Shallow Lake; W. H. Hunter, Varney; R. H. Johnson, Oranmore; and E. A. Van Allan, Aultsville. All these men have done valiant service on behalf of the Company and of the Association.

President's Address

Mr. Arthur Grob, president and general manager, warned those present that while the Company has made most encouraging progress, it still has many large difficulties to overcome. Every possible care must be taken against the taking of undue risks so that the Company may be kept advancing along safe and tried lines.

It was decided to hold the annual

FRIDAY JAN. 13th
FRIDAY JUNE 13th

These dates mean nothing to a "NEW-WAY" direct-cooled engine, because it "Does and Goes Right" the year round. No hoodon days—no water to freeze—cannot overheat—Guaranteed for life.

Read the following letter from one whose word carries conviction with it:

Guaranteed for Life
House of Refuge, L'Orignal, Ont.

Dear Sir:—In reference to the two "NEW-WAY" engines which we purchased through your local agent, Mr. Howard Dumas, of (L'Orignal, Ont.), we wish to say that we are highly pleased with both of these engines. Our first "NEW-WAY" engine was purchased about a year ago and has run half of each day every day since then, pumping "A" water used in the house for an average of thirty days in summer and several attendants. This engine has also been used for cutting corn, cutting lumber, wood, etc.

About the same time that we purchased the first "NEW-WAY" engine we also purchased a water-cooled engine for use in the laundry, but as we had frequent trouble with it we finally replaced this water-cooled engine with a second "NEW-WAY" direct-cooled engine which has been running a large power washer two days of each week for every day since we purchased the "NEW-WAY" requires very little attention, and runs the days in summer. We would not think of buying any engine other than the direct-cooled "NEW-WAY." (Signed)

SISTER ST. FELIX DE VALOIS, Superior
