

MR. C. A. JONES.

Mr. C. A. Jones, Ontario Land Surveyor and Civil Engineer, who has been elected president of the Ontario Land Surveyors' Association for 1904, was born in the Township of London, near the City of London, his grandfather, who came from London, England, having settled in the year 1823, when there were but one or two log houses where the City of London, then called "The Forks," now stands. He received his early education in the country school and completed it at what was then known as the Grammar School in London. He served part of his apprenticeship term

Mr. C. A. JONES,
President Ontario Land Surveyors' Association.

with the late Samuel Peters and part with the late James McMillan, both of London. Graduating in 1881, he practiced in London until 1894, when he moved to Petrolia, where he has continued to practice ever since. He has for some years been town engineer.

RAPID BRIDGE BUILDING.

It is learned that the Hamilton Bridge Works Company received an order from Quance Bros., Delhi, Ont., on Good Friday last, for a 50 ft. riveted Warren truss span. Although they had no previous knowledge of the contract, the bridge was completed and shipped from their works on April 7th, being less than one week. This, we think, is a record for quick work.
