

PROTECTION FROM LIGHTNING

is quite a consideration now when there are so many barns and houses in the country struck by lightning every year. Do you know that if you had a metal roof on your house or barn that it would be impossible for lightning to injure them? Then, too, our **Galvanized Metal Roofs** are fireproof, storm-proof, and will easily last fifty years without attention. Chaff and dirt from the wind stackers will not affect our roofing.

American Fence Talks

AMERICAN FENCE is standard of the world. More miles of it are in use than all other fences combined.

It is made of steel that is exactly fitted for it. A woven-wire fence can be made of wire too soft or too hard. It must be exactly right to render good service.

The structure of the American Fence is perfect. It is built of big, solid, galvanized wires, all No. 9 gauge if you prefer it, with the upright or stay wires hinged; in all heights and for all purposes.

American Fence and Gates are for sale by dealers everywhere, or write us direct and we will send you a catalogue free, and tell you where you can get the fence and save money.

Galt Sure Grip Shingles

are made of best galvanized steel, and will not rust; are more quickly laid than any other, and are **fire, lightning and storm proof.** Our shingles grip tight, lie close, do not warp, and when properly applied will outlast any other roof. **Best roof made to-day.**
