THE SPICE OF LIFE.

A Buffalo man stopped a newsboy in New York, saying: "See here, son, I want to find the Blank National Bank. I'll give you half a dollar if you direct me to it." With a grin, the boy replied, "All right, come along." And he led the Buffalo man to a building half a block away. The man duly paid the promised fee, remarking, "That was half a dollar easily earned, son." "Sure!" responded the lad, "but you mustn't forget that bank directors is paid high in Noo-Yawk."

Man was not meant to live alone. Instances may be found here and there in which mere men avoid matrimony and live lives that appear to be successful and satisfactory, but, as a rule, a man needs a good, honest wife, who, in the sanctity of the home and in the intimacy of holy wedlock, will tell him that he is a born fool with a tendency to make a blithering idiot of himself. Nobody can do this for a man as effectively as his wife.

A duck which had faithfully stuck to business during the summer and laid several dozen large, fawn-colored eggs, complained that she was not appreciated. "See that hen over there?" said the duck; "she has not laid so many eggs as I have, nor so big, but she has books written about her and verses composed in her honor, while nobody says a word about me." "The trouble with you is," said a wise Buff Leghorna cock that was standing near, "that you do not tell the public what you have done. You lay an egg and waddle off without letting anybody in the neighborhood know it. If you want to eat any ice in this community, you must learn to advertise."—[Troy (Kansas) Chief.

Rex Flintkote ROOFING

DAIRY BARN MAJOR DAVIS GRAND ISLE, VERMONT. COVERED WITH REX FLINTKOTE ROOFING

"LOOK FOR THE ROY" TRADE MARK

"Thoroughly Adapted for any Farm Building."

The practical farmer here quoted states from experience this truth about Rex Flintkote Roofing. Your roofing problems now were his a little while ago. He experimented just as you're experimenting—wasting money on roofs that invite fire, that expose products to the weather, that damage the buildings themselves and that require frequent replacing. He is at last satisfied because he found

Rex Flintkote Roofing

The test was severe—a dairy where heat, cold, dampness and dust must be kept out. Rex Flintkote Roofing did it. It won't warp, it clings close and fast, and has qualities that insulate against all weather extremes. It resists fire, being made of long-fibre wool, chemically treated, and an ordinary workman can lay it. But what are claims when **THERE'S A PROOF:**

"I am thoroughly satisfied with Rex Flintkote Roofing. I have sent you a picture of the barn from which you can see that it was a very difficult matter to put a roofing on a building of this shape and have it look well. Rex Flintkote Roofing wears well and makes an attractive roof in appearance when laid. I think that Rex Flintkote Roofing is thoroughly adapted for any farm building. Yours truly, (Signed) E. J. Parker, Grand Isle, Vt."

For those desiring decorative effects we offer a new red paint adapted to Rex Flintkote Roofing. Write us for sample of roofing to test with red-hot coal, also free book on roofing points. For 4c. postage, we will send another free booklet, "Making Poultry Pay."
