

McKillop Veterinary College, CHICAGO, ILL.

(Chartered 1892.)

LARGEST PRACTICE IN THE WORLD.
Affording unlimited clinical advantages.

The College building has been recently enlarged and modernized by the addition of new laboratories, dissecting room, amphitheatre, contagious ward, hospital ward and a canine hospital. All the furnishings are of the latest improvement.

There has been added to the curriculum two important courses, Hygiene & Breeding and Veterinary Jurisprudence, making the curriculum most complete.

The College is to-day the most complete and best-equipped institution of its kind in this country, and offers to the student a scientific and practical course which cannot be obtained elsewhere.

Regular Graduate Course, acquiring the Degree of Doctor of Veterinary Medicine.

Post-graduate Course, acquiring the Degree of Doctor of Veterinary Medicine.

Meat Inspection Course, preparatory to the Civil Service Examination for Government inspectors. Special attention is given this course, in order to prepare the student for the Civil Service Examination.

Practitioners' Course—Five weeks' advanced work in Medicine, Surgery and Lameness.

SESSION BEGINS OCT. 3rd, 1905.

Write for catalogue and other information.

IMPORTANT TO HORSE RANCHERS.

The following regulation of the veterinary branch is now in force, under the order of the Governor-General-in-Council, July 22, 1905:

1. No animal which is affected, or suspected of being affected, with Maladie du Coit shall be permitted to run at large or to come in contact with any animal which is not so affected, and no such animal shall, in any case, be used for breeding purposes.

2. Any Veterinary Inspector may declare to be an infected place within the meaning of "The Animal Contagious Diseases Act, 1903," any common, field, stable, or other place, or premises, where animals are found which are affected or suspected of being affected with Maladie du Coit.

3. No animal shall be removed out of an infected place without a license signed by an Inspector.

4. The Veterinary Director General may, from time to time, order the slaughter, castration, or other disposition of animals affected with Maladie du Coit.

5. Every Veterinary Inspector shall have full power to order animals affected, or suspected of being affected, with Maladie du Coit to be collected for inspection, and, when necessary, to be detained and isolated or otherwise dealt with in accordance with the instructions of the Veterinary Director General, and no indemnity shall be allowed to the owner in case of damage arising out of or resulting from such actions, except as hereinafter provided.

6. The expenses of and incidental to the collection, isolation, seizure, castration or otherwise dealing with horses for the purposes of these Regulations shall be borne by the owners of the animals.

7. No entire horse or ridgling more than one year old shall be permitted to run at large on unfenced lands in the Province of Alberta or in that portion of the Province of Saskatchewan lying west of the third principal meridian.

8. Any entire horse or ridgling more than one year old found running at large within the area defined above may be seized and held on the order of any duly authorized Veterinary Inspector of the Department of Agriculture, who shall forthwith, whenever possible, notify the owner of the said horse of such seizure, and the said horse, if not claimed within thirty days of such seizure, may be castrated, and no indemnity shall be allowed to the owner in case of damage arising out of or resulting from said castration, seizure or detention.

9. Animals affected with Maladie du Coit may, on an order signed by a duly-appointed Veterinary Inspector, acting under special instructions from the Veterinary Director General, be forthwith slaughtered, and the carcasses disposed of as in such order provided, and compensation may be paid to the owners of such animals if and when the Act so provides.

10. Before an order is made for the payment of compensation in any of the cases aforesaid, there must be produced to the Minister of Agriculture a satisfactory report, order for slaughter, certificate of valuation and slaughter, all signed by an Inspector.

BINDER TWINE COMPANY DECIDES TO CLOSE UP.

At a meeting of its shareholders, held in the company's offices at Brandon, Man., the Brandon Binder Twine Company, Limited, decided to go out of business, and before the next meeting, which has been set for September 26th, the entire plant will be advertised for sale by tenders. The company was organized about five years ago on capital furnished by farmers of Manitoba and the Territories, and during the first years did a paying business; but eighteen months ago it was found that more capital would be necessary to continue the business. This additional capital, about forty thousand dollars, the shareholders evidently were not to raise, owing to the present forced state of the twine trade. The company's assets are estimated at sixty-five thousand dollars. The liabilities are given at the same time. Manager Wolverton's resignation was received and accepted.

CURES
