Loan, to recover \$15,000, alleged to have been illegally paid the shareholders of the company.

London, Ont., is considering the question of new sources of water supply. The present springs yield 415,222 gallons per day. Five hundred thousand gallons supply would hardly relieve the existing shortage.

Mr. G. A. Love recently resigned the presidency of the Board of Trade of Red Deer, Alberta. Mr. Ouimette, of the firm of Ouimette, Wright & Co., general merchants, was elected president in his stead.

The Nova Scotia Telephone Co. is acquiring the business and plant of the Eastern Telephone Co., Sydney, on a basis of five shares of the latter for four of the former. The market value of the Nova Scotia Company's stock being 118, the Eastern Co. would receive at the rate of 94.40 for their shares.

The New York and Ontario Power Company is applying for authority to issue \$2,000,000 bonds \$2,000,000 stocks. The money is required for the purchase and development of a dam and water-power across a branch of the St. Lawrence River from the Isle au Rapid Plat to the south side of the river, furnishing power and light to Waddington and Ogdensburg.

If it be true, as has been more than once stated that not only employees of the Intercolonial Railway, but members of their families have been given passes on that road whenever they asked for free rides, public opinion will undoubtedly endorse the stand which the Minister of Railways is now taking in putting a stop to such indiscriminate abuse of privilege. It is not business.
