You are travelling possibly, every day of life. What if an accident should happen to you? Have you safeguarded against such a contingency, to the extent of taking out an Accident Policy? You may never be in a railway accident, but he who reckons with to-morrow to-day is assured that whatever may occur, he has seen to it that those dependent upon him are provided for.

With 11,000,000 accidents happening annually, will it not be strange if one does not happen you? To say that you have never been in an accident simply means that you are nearer the time when one is going to overtake you.

If you do recognize the fact that some day—possibly to-morrow—will find you in a railway accident, perhaps killed, have you safeguarded against the contingency? That is, have you taken out an accident insurance policy and so seen to it that your family have what it is your duty to provide for—their maintenance for years to come?

Had you not better get busy and hunt up a reliable accident company? The threatened danger may make itself apparent to-morrow, and then you will realize all too late that what you do not reckon with to-day is reckoned against you to-morrow. Why not a Triple Indemnity Policy, issued by the Ocean Accident and Guarantee Corporation, Limited. This policy provides that for a certain small consideration, your life is insured to the extent of three times the Indemnity in case of loss of life in railway accident. Is it worth while? Call at the company's office. This method will be explained fully to your satisfaction.

You would most certainly insure your house, and if your house, why not yourself? Adv.

TO any one eager to secure a most strategical position, from an advertising standpoint, in the most widely read and leading financial and commercial paper in Canada, this space should appeal. Rates on request.

GUARANTEE BONDS

The securing of a Bond in a reputable Company often opens the way to a lucrative position and is itself a recommendation. THE RAILWAY PASSENGERS ASSURANCE COMPANY OF LONDON, ENGLAND, supplies this requirement.

Liability and Workmen's Insurance

Employers should bear in mind that accidents to employees may occur, the outcome of which will not be reached until long after the expiration of the insurance term, hence in the selection of a Company too much stress cannot be laid upon the question of its financial strength, experience and lasting character. THE RAILWAY PASSENGERS ASSURANCE COMPANY meets these requirements. No higher degree of security can be furnished—experience of over half a century.
