

THE WESLEYAN

An Ox from Cornwallis, of the enormous weight of 2570 pounds, on foot, was sold in this city on Thursday last.

A letter recently received from Sherbrooke states that operations have recommenced in the "Boiler Lot," by the new company, and that the quartz shows nothing in richness.

A jump of gold worth at least \$800,000, was made by the store of William Kendrick, Esq., of Halifax street.

There is an exhibition at Mr. G. S. Bolton's Store, several specimens of quartz from the blue lead at Sherbrooke. There is one piece among the number that is very rich, being spotted with gold upon every side, and the stone being broken in the middle would not separate, so firmly was it held by a large seam of gold in the center.

Three young men were recently drowned in Vermont, Co., one while running timber and two while bathing. Several houses have been struck by lightning—in one case killing three men.

Hay-making, which was commenced in parts of the country on last week, was retarded by a continuous fall of rain from Friday evening until Sunday afternoon, causing rivers and brooks to overflow the meadows, and damaging crops.

We believe the yield of hay this year, if well cared for, will be far ahead of last year. All kinds of straw look remarkably well, and what is already infested with small flies which do considerable injury. Potato roots which were cut down by frosts are again rising, and give promise of a fair production.

Colonel Biscoe, of Sydney, whilst fly-fishing on the Margate River last month, captured in his own rod a very fine Salmon, which weighed the number of which was taken within the space of five days that closed his tour there. When he left, the River was full of fish.

REMARKABLE ESCAPE.—The *Sackville Borderer* of the 8th inst., states that a boy of years, while playing near a water spring, got a speck of board covering it which giving way precipitated him to the bottom, 26 feet deep, 21 feet wide, and about 4 feet water. The child's grandfather, William Tingey, of Point de Bute, saw him, and with the aid of Rev. W. Coleman, brought the little fellow up unharmed.

Sabbath School and Temperance Societies are again becoming quite popular in these Districts. A social gathering of the latter kind took place at 184 York street, last week, which proved a decided success, and an account of a similar one at Dorchester will be found in a correspondence published in this issue.

The *Pittsburg Gazette* publishes a narrative of a recent visit of a federal chaplain who was taken prisoner at Fair Oaks.

Rev. J. J. Marks, D. D., chaplain of the 53d regiment, was taken prisoner at Fair Oaks, where he was held for several days, and then sent to Richmond, where he was held as a prisoner, but paroled for exchange.

Richmond, the doctor states, presents the appearance of a city in which considerable traffic is being carried on, but many of the stores and places of business are now closed. The city is one great hospital—one vast lazaretto—where the sick are being nursed, and the healthy are being converted into hospitals.

The Canal at Vicksburg which was intended to change the course of the Mississippi and make it a shorter route to the Gulf, has been abandoned and the negroes have been returned to their masters.

In consequence of the falling of the water the Federal fleet have withdrawn from Vicksburg. Sickness is said to prevail to a large extent among the crews of the vessels.

Cotton was sold in the Philadelphia market at an immense rate of fifty cents per pound.

A general draft has been ordered by the President, to begin on the 15th inst. It seems to be a general draft of the able-bodied men of the United States.

The *New York Herald* states that farm laborers are receiving \$2 and \$2 1/2 a day for their services. This is a most unusual thing, and is a result of the great scarcity of farm hands.

\$4,000,000 worth of breadstuffs were shipped from New York to Europe during week before last.

THE SPIRIT RATION STOPPED IN THE NAVY.—The British officer who is in command of the section of the new law concerning the sailors, which stops the spirit ration of the sailors, and will be rigidly enforced. The section reads:

Section 4. And be it further enacted, That from and after the first day of September, 1862, the spirit ration of the sailors of the United States Navy shall be discontinued, and the same shall be replaced by such other ration as the commanding officer of the vessel may see fit to provide.

Section 5. And be it further enacted, That from and after the first day of September, 1862, the commanding officer of the vessel shall be authorized to issue such orders as may be necessary to enforce the provisions of this act.

Section 6. And be it further enacted, That any commanding officer who shall violate the provisions of this act shall be liable to a court-martial, and shall be punished as a court-martial may direct.

Section 7. And be it further enacted, That any commanding officer who shall violate the provisions of this act shall be liable to a court-martial, and shall be punished as a court-martial may direct.

river has subsided. It is now reported that the New Merrimack cannot be ready for service in less than three weeks.

The Confederates are displaying great activity in the West. They have captured Brownsville and Bolivar, in East Tennessee; and are reported to be marching on Chattanooga and Nashville.

In Missouri they have a clear field for operations, and have captured several detachments of Federal troops.

Operations are being taken to organize a brigade for the defence of Washington from the blue lead in the departments. It is said that the thousands of clerks there can be enrolled for this purpose.

The government recently ordered all the employees in the Navy Yards to take the oath of allegiance. At the Brooklyn Navy Yard several refused to take the oath.

A Washington dispatch says: Col. Hawkins, of the Hawkins Zouaves, has been arrested for expressing dissatisfaction with strategic and other movements on the Peninsula.

Reports of the rebels are full of no faith placed in the rumored evacuation of Richmond. On the contrary there seems to be undeniable proof that instead of evacuating the rebel capital, the rebels are busily reinforcing it in view of a contemplated advance of Pope and McClellan.

A great meeting was held in Washington yesterday. The most vigorous and stringent measures were recommended.

ACCORDING to the captain of the Federal steamer Adirondack furnishes some facts relative to the British steamer Herald, and denies that the chase of the latter was continued within British jurisdiction.

The Herald was engaged in running the Southern blockade, with various supplies, carrying such between Nassau, N. P., and Charleston, S. C., and was commanded by Capt. Corbett, formerly of the Confederate privateer Jeff. Davis.

The Guerillas have seized a Federal steamer on the Missouri River, and transported 1000 Federal soldiers against them, from Fort Leavenworth, was captured when an additional number was sent.

The Steamer *Golden Gate*, with 230 passengers and \$1,150,000 in gold for New York and \$300,000 for England was burned off Mansfield, July 29, when about 1000 men were on board. The vessel probably saved. Half of the treasure was insured in London.

The reconnaissance in force, under Hooker, which took Malvern Hill, was reported by Confederates as an advance of the whole of McClellan's army to attack Richmond, which caused large forces of Southerners from the city, causing Hooker to march toward the river from that point, and were prepared with the necessary implements to strongly fortify themselves upon the banks of the river opposite.

Intense excitement at Nashville, in consequence of guerilla depredations, and a subsequent renegades for Gen. Cook's march.

ADVENT 9th.—The Steamship *Golden Gate* had 95 cabin, 14 second cabin passengers, and 95 crew. She took fire in the afternoon, only four of the crew escaped.

On striking the beach all not in boats jumped overboard; about one hundred were saved or washed ashore alive. Those who escaped made their way to the shore, and were taken to the steamer *St. Louis* arrived from Panama for San Francisco.

AUGUST 11th.—Porter's guerillas in the section near Kirkville with Col. McMillan, left one hundred and thirty men, and took two thousand head of cattle, and a large quantity of provisions.

Barque "Reindeer" reports that British steamship *Scott* was captured by the *Confederate* *Barbaros* for Nassau, run up Confederate flag on leaving harbor. Port Royal advice state that gunboat "Unadilla," captured the British steamer *Gedon*, and ran the blockade with heavy cargo.

Accounts from Col. Rippey represent the enemy's force in late battle 20,000 men, and that the Confederates have captured 7000. The war department has issued stringent orders to prevent escape draft. Golden Gate's treasure will probably be lost.

General Lee has been summoned to meet on the 28th inst.

DAKOTAH, October 18, 1861. I hereby certify that I have made an examination of the records of the Indian Agency at Fort Union, and have found that the same are correct and true.

MR. WOODS.—Many thanks for that valuable book of *Lozenges*. A week ago my little girl was so ill, without the ordinary symptoms of having worms; that she was unable to eat or sleep. One of the best orders of popular instruction of all times, and one which is perfectly safe, and which is perfectly safe, and which is perfectly safe.

MR. WOODS.—I can testify to the efficacy of your *Worm Lozenges*. I have given the box I got from you to my little girl, and found them a great relief. I would recommend the public to try them.

Handfuls of such flattering testimonials have been received, but the above is a good sample of the praise which they receive. I would recommend the public to try them.

about formally to recognize the Kingdom of Italy. Despatches say that Garibaldi is still at Palermo, and rumors of a fresh expedition under his leadership are unfounded.

TRUCKS.—Collisions between the Turks and Montenegrins continue to be reported almost daily. It is reported, last week, that the Montenegrins killed over two hundred Turks.

ANNAPOLIS DISTRICT.—The Financial District Meeting for the Annapolis District, will be held at Lawrence Town, on Wednesday, the 27th of August, at 9 o'clock, A. M.

WESLEYAN BOOK-ROOM.—The Book Room has been made the General Agency for this Periodical for the Lower Provinces.
