

## CATARRH CAN BE CURED.

## MY EXPERIENCE.

Eighteen years of terrible headache, disgusting nasal discharges, dryness of the throat, acute bronchitis, coughing, soreness of the lungs, raising bloody mucus, and even night sweats, incapacitating me for my professional duties, and bringing me to the verge of the grave—ALL caused by, and the results of, NASAL CATARRH. After spending hundreds of dollars, and obtaining no relief, I compounded my CATARRH SPECIFIC AND COLD AIR INHALING BALM, and wrought upon myself a wonderful cure. Now I can speak for hours with no difficulty, and can breathe freely in any atmosphere. At the call of numerous friends, I have given my cure to the public, and have now thousands of patients in all parts of the country, and thousands of happy fellow-beings whose sufferings I have relieved. My cure is certain, thorough and perfect, and is indorsed by EVERY PHYSICIAN who has examined it. If I can relieve my fellow-beings as I have been relieved of this loathsome disease, making the possessor at once disgusting to himself and others, I shall be satisfied, and feel that I have done my little toward removing the ills of mankind. REV. T. P. CHILDS.

## A DANGEROUS DISEASE.

Catarrh is a dangerous disease, yet it can be cured by the use of my "Catarrh Specific." Thousands suffer without knowing the nature of this almost universal complaint. It is an ulceration of the head. Its indications are hawking, spitting, weak, inflamed eyes, frequent soreness of the throat, dry and heat of the nose, matter running from the head down the throat, often ringing or deafness in the ears, loss of smell, memory impaired, dullness and dizziness of the head, often in its first stages, but more commonly in its advanced stages, attended with pains in chest or left side, and under the shoulder blades. Indigestion usually attends Catarrh; a hacking cough and colds are very common. Some have all these symptoms; others only a part. Very little pain attends Catarrh until the Liver and the Lungs are attacked in consequence of the stream of pollution running from the head into the Stomach. It ends in CONSUMPTION.

## The Legitimate Child of Catarrh in Bronchitis.

Bronchitis is the legitimate child of Catarrh. Trochees and all palliatives cannot by any possibility, reach the ulcerated fountain in the head, whence the polluted, festering, corrosive matter issues. Snuff, or dust of any kind, always aggravates and never cures the Catarrh. All such persons catch cold easily, and have frequently a running at the nostrils; the breath sometimes reveals to all around the corruption within, while the patient has frequently lost all sense of smell. The disease advances cautiously, until pain in the chest, lungs or bowels, startles him. He hacks and coughs, has dyspepsia, liver complaint, and is urged by his doctor to take this or that; perhaps even Cod Liver Oil is prescribed. Perfectly ridiculous! The foul ulcers in the head cannot be reached by pouring such stuff into the poor jaded stomach. The patient becomes nervous, the voice is harsh and unnatural, he feels disheartened, memory loses her power, judgment her seat, gloomy forebodings hang overhead; hundreds, yea, thousands in such circumstances, feel that to die would be a relief, and many do even cut the thread of life to end their sorrows. There is one other form of Catarrh that I must just refer to. A hard substance forms in the passages, becomes very painful, frequently breaks, and is blown with great pain and difficulty from the nose. In other cases it will eat through and discharge itself by the side of the nose, making a terrible gangrenous sore. One of my patients was in this condition. She is now getting along finely; the sore healed up, and the stench and acrid matter are all gone.

For all afflicted with Catarrh, in all its developments—not even excepting cases where the bones of the nose are affected—my Catarrh Specific affords a safe, sure and permanent cure.

## Cleanse and Heal—my Motto.

Cleanse and Heal is my motto, while at the same time one of the six remedies I send brings the nasty corruption out through the nostrils, and thus prevents it from running down the throat and into the stomach. By thus keeping the ulcers clear of matter, and of applying the proper medicine, they soon heal, and heal permanently. Also for weak nerves, chronic headache and neuralgia my Specific is invaluable.

Thousands are dying in early life with consumption who can look back a few years—perhaps only months—when it was only Catarrh. Neglected when a cure is possible, very soon it will transform the features of health and youth into the dark, pallid appearance, while the hacking cough, the excess of blood gushing from the lungs or night sweats, all significantly proclaim it is too late; and thus a neglected Catarrh ends in the consumptive's grave.

## 100 000 Die from Consumption.

More than a 100,000 die annually from consumption in these United States, and a careful classification has revealed the startling fact that fully 50,000 of these cases were caused by Catarrh in the head, and had no known connection with hereditary causes. A large share of these cases might have been cured. Many of them were in the morning of life, and their young hearts—now cold in the consumptive's grave—struggled hard against the vile enemy that laid them low.

## Physicians' Testimony.

This certifies that the undersigned are acquainted with the Rev. T. P. Childs, and believe him to be reliable and truthful, and that his mode of treating Catarrh is scientific and effectual in breaking up and curing it; and indeed it seems to be the only mode likely to effect a complete cure.

Either of the above-named physicians can be consulted by letter or otherwise.

## Be Cautious.

Five years ago, when I first announced to the world that "Catarrh could be cured," it was the only announcement of the kind then to be found. All, or nearly all, the physicians of the land said it could not be cured. A few snuffs could be had at drug stores, labelled "Catarrh Snuff." Now what? More than twenty who had advertised their "bitters" and "tonics," and nostrums of all sorts, and claimed for them almost miraculous power to cure a long catalogue of disease, slip into that catalogue "Catarrh." Is not this an after-thought? Or have they really changed their medicines to suit the development of Nasal Catarrh, which has but recently become prevalent? Be not deceived!

## Special Remarks.

This Specific is regarded by the best of judges as being the most complete system for the treatment of Nasal Catarrh ever devised. Indeed, there does not appear to be anything lacking in its perfect adaptation to the horrid disease, in all its loathsome, painful and dangerous developments. It is really two systems harmoniously combined; for in addition to the regular treatment for Catarrh in the nasal passages, it includes a fine system for inhaling warm, medicated vapor, and for passing it all along the air pipes, and even along the eustachian tubes, without pain or difficulty.

## No One Medicine

can by any possibility cure Catarrh, when it spreads, as above described, through the nasal passages, throat and bronchial tubes. Here lies the secret of the unparalleled success of my treatment. Some of the six excellent Catarrh medicines which I send, or all combined, are just sure to follow it into all of its hiding-places, search it out and destroy it, no matter where located. If it has taken root where the medicated water can not reach it, then the medicated vapor surely will.

The following are taken from thousands of testimonials in my possession.

## Boston Testimony

William Collier, 63 W. Dedham St., Boston, writes under date of Feb. 12, 1877: "I would here state that my daughter has used your Catarrh Remedy about four weeks with me, and considers herself well, and I have used it about six weeks and consider myself half well. In answer to inquiry from a gentleman what I know personally about your Catarrh Remedy, I have stated these facts to him, thanking God I ever got hold of T. P. Childs' Catarrh Remedy."

The following voluntary notice appeared in the Boston CONGREGATIONALIST, of Jan. 31, 1877: "The publishers of the Congregationalist, with multitudes of other people, are somewhat suspicious of patent medicine, as a rule, and when we received the large two-column advertisement that may be seen on another page, we at first declined its insertion; but on making inquiry, we received such satisfactory replies, and one especially from a well-known Congregational pastor not far from Rev. Mr. Childs, the proprietor of the medicines, that we withdrew our objections. Our readers will do well to read the advertisement carefully, and examine the certificates. Mr. Childs has been drawn into the manufacture of his Catarrh Cure by the calls from numbers of friends who desired relief from their infirmities."

## My Daughter is Cured.

REV. T. P. CHILDS—Dear Sir: I should have written to you long ago, to let you know what a great medicine your "Catarrh Specific" is. My daughter is cured.

L. P. JAMES.

## Conclusion.

Everything known to be good in the treatment of Nasal Catarrh, Throat, Bronchial or Lung Diseases, combined in one grand system. Two of the best Inhalents in the world, and Instruments with which to use them, in each full set, so that, with the Catarrh Specific, the enemy can be attacked all along the line, morning, noon, and night, and the fight kept up all through the day, with but little trouble. One of my Inhaling Balms produces a quicker circulation, carries the blood to the surface, and then it is quite impossible to take cold. This is fully one-half of the battle. An ounce of prevention is worth fifty pounds of cure, in this case.

Do not trifle with some cheap thing, which at best can afford but temporary relief, while the roots of the vile disease are left to strike deeper and deeper. Be in earnest and thorough or do nothing! Write at once and say what paper you saw this in. Circulars, price-lists and all necessary information can be had by addressing (with return stamp).

## THE DOMINION CHURCHMAN

IS AUTHORIZED AND SUPPORTED BY THE

## BISHOPS, CLERGY AND LAITY OF THE CHURCH.

It maintains Church principles. It discusses all subjects of interest to Churchmen. Its columns are free and open to Correspondents.

The CLERGY should see that the CHURCHMAN circulates throughout their parishes, because its interests and theirs are identical. There can be no active Church life without full sympathy with the working of other parishes and dioceses.

Every MEMBER of the Church should take the CHURCHMAN, seeing that it will contain an account of the most interesting topics of the day. Children will find good, wholesome, and attractive stories in it. It may be put into the hands of any member of the family with safety.

The DOMINION CHURCHMAN provides a reliable Church newspaper which is an increasing want of the present day. Those who value definite Church teaching will help us by getting their neighbors and acquaintances to subscribe. Our success is the success of the whole Church.

The DOMINION CHURCHMAN is not a sectarian paper. It is not a party paper. It is not a diocesan paper. In brief, it is the only paper published in the sole interest of the Church, for the whole of Canada.

It is sent from the office of publication for \$2 per annum in advance; \$3 per annum if not in advance.

We publish the following commendations received from the Metropolitan and the Bishops of Fredericton, Nova Scotia, Ontario, Toronto, Algoma, and Niagara:

BISHOP'S COURT, MONTREAL, Jan. 9, 1878.

MY DEAR SIR,—I have been glad to see during the past year that the DOMINION CHURCHMAN has been conducted with new activity and increased talent. I hope it will be found to take a moderate course on all the great questions which concern the Church.

I am, my dear sir, yours faithfully,

A. MONTREAL.

FREDERICTON, Aug. 22, 1877.

DEAR SIR,—I have much pleasure in giving my approval to the DOMINION CHURCHMAN, as at present conducted; and believing it to be a useful channel of Church information, I shall be glad to know that it is widely circulated in this Diocese.

JOHN FREDERICTON.

F. WOOTTEN, Esq.

HALIFAX, Sep. 6, 1877.

SIR,—While deeply regretting the suspension of the *Church Chronicle*, which has left us without any public record of Church matters in the Maritime Provinces, I have much satisfaction in the knowledge that the DOMINION CHURCHMAN may practically supply the deficiency, and I hope you may secure a large circulation in this Diocese. Every Churchman should be anxious to secure reliable information with reference to the work of the Church and to all matters affecting its welfare.

I am yours faithfully,

H. NOVA SCOTIA.

KINGSTON, June 24th, 1876.

I hereby recommend the DOMINION CHURCHMAN as a useful family paper. I wish it much success.

J. T. ONTARIO.

TORONTO, April 28th, 1876.

I have much pleasure in recommending the DOMINION CHURCHMAN under its present management by Mr. Wootten. It is conducted with much ability; is sound in its principles, expressed with moderation; and calculated to be useful to the Church.

I trust it will receive a cordial support, and obtain an extensive circulation.

A. N. TORONTO.

SAULT STE. MARIE, ONT., May 4th, 1876.

DEAR SIR,—In asking me to write a word of commendation in behalf of your journal, you only ask me to do that which I am glad to do, seeing that I can do it heartily.

The DOMINION CHURCHMAN, under its present form and management, seems to me well calculated to supply a want which has long been felt by the Church in Canada; and you may depend upon me to do all in my power to promote its interests and increase its circulation.

I remain, yours sincerely,

FRED'K. D. ALGOMA.

To FRANK WOOTTEN, Esq.

HAMILTON, April 27th, 1876.

I have great pleasure in recommending the DOMINION CHURCHMAN, under the management of Mr. Frank Wootten, whom I have known for several years past, and in whose judgment and devotion to the cause of true religion, I have entire confidence—to the members of the Church in the Diocese of Niagara, and I hope that they will afford it that countenance and support which it deserves.
