

—The Company of the  
Policy-Holders

When you take out insurance in The Mutual Life, you become one of the owners of the company.

You have a voice in mapping out the policy of the company—a vote for the directors who appoint the officers—and you share equitably in all the profits.

There are no stock-holders—no enormous salaried positions—no expensive branch office buildings.

It is a MUTUAL Company—owned and controlled by the policy-holders

Write to the Company Head Office, Waterloo, Ont., for report showing the wonderful growth of this popular company, or call on

This cut shows an up-to-date Barn Construction, 40 feet x 70 feet, and the method of covering with Corrugated Sheets. The framework is light, as the corrugated sheets, when nailed in place, make the building very rigid. This drawing is made from actual plans and the barn has been built many times with splendid results.

The saving of wood sheathing, as compared with the ordinary barn construction, will cover the difference in cost between wooden shingles and our "Aman Quality" Corrugated Galvanized Sheets.

This galvanized covering protects your building from lightning, prevents fires from the outside, is easily and cheaply applied, and OUTLASTS A GENERATION.

Do not make a mistake and put up an old style barn, when you can secure a better and more durable construction for less money.

See the page 14 of our illustrations in our new catalogue, and write for our book of testimonials with list of users.
