Canada Permanent Mortgage Corporation

MONEY TO LOAN

REPAYABLE ON THE AMORTIZATION PLAN

The Canada Permanent was the pioneer company to introduce in Canada this system of borrowing and repaying loans, which is the surest and cheapest plan yet devised for the gradual extinction of debt.

For more than **Sixty Years** this corporation has made loans repayable by the equal annuity or instalment plan, spread over a long term of years. It is prepared to lend money for terms of twenty years, when shorter terms are not preferred by the borrower, the annual repayments including principal and interest.

Weather Proof Vermin Proof

Here is absolute protection for your grain—so strongly built that it cannot blow—and yet easily set up and taken down. The Johnston Granary has a big outside door with inside sliding sections to hold the grain at any height. As a granary or as ordinary storage, it is a firm, water, wind and weather proof building.

Johnston's Granary

Ready to Erect

All framework needed is sent from our factories cut to fit and ready to nail together. The galvanized sheets lock together. They are further strengthened with wide iron hoops drawn tight with tension bolts. A large 14-inch metal ventilator is supplied—a big man hole for loading and an iron fireproof door.

Tight at Every Point

Rain or snow cannot drive in at any joint in the whole structure. The Johnston Granary gives sure protection from the elements because every seam in roof and walls is locked tight. There is no opening for vermin to get in. No exposed part for fire to catch.

Coupon will bring full information.

DINNEN GRAIN UNLOADER

A portable elevator that can be used anywhere on the farm. May be fitted to the Johnston Granary. Mail the coupon for literature and prices.
