## EDITORIAL NOTES.

E. F. Clark called the attention of the Government to the strike of the trackmen on the G. T. Railway and asked if any offer of arbitration or conciliation had been made by the Government or any member of it. The Minister of Railways replied that his attention had been called to the matter but in his opinion the time had not yet come to warrant the Government in making such an offer, although he would be ready, if asked, to do what he could to restore peaceable relations between the Management of the railway and the trackmen.

Hon. John Dryden has been unseated for bribery by agents in South Ontario, and every respectable liberal feels humiliated by such a revelation of corruption and bribery as was made manifest at the trial. The Minister of Agriculture may be a very efficient administrator of the business in his department, but the Liberal party cannot afford to endorse such unblushing bribery by remaining silent, when the self-respect and integrity of its leaders are brought under such a cloud of suspicion. We are proud of the characters of our leading Liberals in the Province of Ontario, but such revelations show that some of the party at least have fallen as low as the lowest in their endeavours to retain office.

The Peace Conference at the Hague is making good progress. Sir Julian Pauncefote, chief of the British delegation, proposed the formal establishment of a permanent arbitration tribunal, empowered to deal with all matters in dispute capable of reference to the judgement of an empire. M. D. Staal, chief of the Russian delegation declared that Sir Julian Pauncefote having presented his proposals, they were prepared to supplement and to complete the printed suggestions just distributed by others, dealing with a permanent arbitration board. The delegates crowded round Sir Julian Pauncefote and congratulated him upon his taking the initiative in proposing an international board of arbitration. The matter was referred to a sub-committee.

## Dr. A. W. CHASE

DISCOVERED A NEW TREATMENT FOR NERVOUS DISEASES

In his study of diseases of the nerves, Dr. A. W. Chase found that in nearly every case the cause of trouble was improper nourishment. About one-fifth of all the blood in the human body is found in the brain, and unless this blood is rich and pure the nerves cannot obtain proper nourishment, and become worn out and exhausted.

Nervous depression, nervous headache, nervous dyspepsia, loss of sleep and vital force, lack of energy, are symptoms of weak, watery blood and exhausted nerves.

It was as a food for blood and nerves that Dr. A. W. Chase's Nerve Food was prepared. Its remarkable success in curing all diseases arising from thin blood and impoverished nerves is proof that Dr. Chase's theory of feeding the nerves and blood is the proper one; stimulants only urge on the tired and worn out nervous system until there comes a complete collapse.

Dr. A. W. Chase's Nerve Food creates new brain and nerve cells, and makes the blood pure and rich. It restores to the exhausted nerves the vigor of perfect health. See a large box, at all dealers, or Edmanston, Bates & Co., Toronto.

## A WRONG IDEA OF... DYSPEPSIA

Throws all the Blame on the Stomach—The Real Seat of Trouble is the Intestines—The Permanent Cure is Dr. Chase's Kidney-Liver Pills.

It is an old idea long since exploded that digestion is confined to the stomach. No modern scientist denies that by far the greater part of digestion and the more difficult part takes place in the intestines. This explains why dyspepsia is never really cured by preparations which merely aid stomach digestion and act only on the stomach.

This fact also explains why Dr. Chase's Kidney-Liver Pills have been so remarkably successful as a cure for the worst forms of dyspepsia and indigestion.

Dr. Chase's Kidney-Liver Pills act directly on the kidneys, liver and bowels, and give new tone and vigor to the intestines, and make them able to perform their work of digesting the substances on which the stomach has no effect.

Stomach treatment may do well enough for slight indigestion, but if you have chronic indigestion or dyspepsia of a serious nature you must have the assistance of some other agent.

## ffalo All-Steel Disc Harrow

This is the only Disc Harrow made or sold in Canada, having independent, adjustable spring pressure upon the inner ends of the gang discs. Giving any amount of pressure to be thrown upon the inner ends of the gangs, by the foot of the operator. By this means a perfectly flexible action is secured and the ground can be worked to a uniform depth. Examine this Machine carefully and compare with others.

## The No. 12 Cultivator

IS A MARVEL OF SUCCESS. The only Cultivator made that both lines of teeth cut an even depth in the ground. Examine it and you will see why. The only Cultivator with a moveable tooth set so that the angle of the teeth can be regulated to suit any condition of soil. Pressure can be regulated to act differently on every section requiring it. The teeth are carried between the wheels instead of trailing behind, as in other machines, thus securing lighter draft. This machine is furnished with grain and grass seed box when required. It has reversible diamond steel points for the teeth; also, extra wide thistle-cutting points can be furnished. Examine it and you will buy no other.

## The Best Drill Made.

The Hoosier Needs No Introduction

Over 40,000 Drills and Seeders of our manufacture in use in Canada. The only Drill made with lever for instant and perfect regulation of depth of hoe in all kinds of soil, while team is in motion. Sows absolutely correct to scale; saves seed, as every kernel is deposited at a proper depth to grow. Purchase only the best and you will be satisfied.

We also manufacture Binders, Reapers, Mowers, Rakes, Cultivators and Pulpers as good as the best.

M. C. DICKSON

Dist. Passr. Agt., TORONTO

Shortly after the arrival of the south train to Hanover last Tuesday afternoon, word was telephoned up town to the G. T. R. physician, Dr. Mearns, that an accident had just taken place and to come at once. On the arrival of the physician he found a man horribly crushed and who died in a few minutes after he reached his side. The deceased was a brakeman named Duncan McKinnon. He had placed two cars on the siding and had drawn the coupling pin of another when the brakebeam of car behind him caught his foot and he fell across the rail. The front trucks passed over his right foot and leg, crushing them. He was dragged on to the rail a second time and the rear trucks passed over his body, almost severing it in two above the hips. He was carried to the station and lived for half an hour, and was conscious and able to speak almost to the last. The members of the Masonic Order here took charge of the body and had it conveyed to the Gruetzner Furniture Company's undertaking rooms. The remains were taken to the station on Wednesday morning and forwarded to Hepworth, where his mother, an aged lady of 80 years, resides. The deceased was a member of Stratford Lodge A. F. and A. M. and was to have been married in a few days.

A NEW INVENTION RHEUMATISM CURED WITHOUT MEDICINE RUSTIC RHEUMATIC INSOLES
