

**Kingstonian is Not Torpedoed**

Boston, Oct. 13.—The British steamer Kingstonian, reported as among those torpedoed by a German submarine off Nantucket last Sunday, is safe in port, according to word received yesterday by John M. Thomas of this city, local manager of the Leyland Line, which owns the steamer. Mr. Thomas said his information showed that the Kingstonian was thousands of miles from Nantucket last Sunday.

As the Kingstonian is in the service of the British Admiralty, Mr. Thomas was not permitted to indicate the port at which she had arrived, but he said that it would take her two weeks of steaming at her usual speed to reach Nantucket, so that it was evident she was nowhere near the scene of the submarine's operations in these waters last Sunday.

Thomas E. Blair, a fireman on the train running between Palmerston and Durham, was mysteriously shot in the leg while attending his regular duties in the cab of his engine.

**PUT CREAM IN NOSE AND STOP CATARRH**

Tells How to Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils; let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

**Change Usage of Neutral Mail**

By Courier Lensed Wire.  
Washington, Oct. 13.—Radical changes in the treatment of mails on neutral ships are promised in the reply of the British and French Governments to the American protests against interference with mails. The changes, which are short of an abandonment of the contention of the right to search for information of value to an enemy, are regarded by the allies as sufficient to meet the wishes of the United States.

**LATTER DAY SAINTS**

Letter from Mr. R. F. Holt-erman Protests Against Their Teaching Here.

Brantford, Oct. 12, 1916.  
Editor Courier:  
No doubt many readers of the Courier have been visited at their homes, and even at their places of business, by two men who state that they are "Latter Day Saints." Now I am a very unworthy person to take up the defence of the cause of Christ and I would sooner someone else had taken the matter in hand. There is no desire to say anything unnecessary against the teachings of these men, but it is not kindness to them to let them go from door to door to the unwary and mislead them, and it is not right to allow people to take up, without warning, the doctrine of the "Latter Day Saints" or "Mormons," when the fundamental truths are unsound. I first came in contact with these people near Brookholm, a suburb of Owen Sound. At the time I was holding evangelistic meetings in a school house with the sympathy and help of Christians in the neighborhood. Being told that they were carrying on a very energetic propaganda, I went to one of their meetings. The text given out was, "Believe on the Lord Jesus Christ and thou shalt be saved." A beautiful text, but it was not mentioned in the discourse, but the baptism of the Philippian jailor was dwelt upon, and it was taught that baptism in water was a saving ordinance and washed away sins. Upon questions being put to the audience as the preacher spoke, I said: "What about the thief on the cross, he was not baptized, yet Christ said to him, 'To-day thou shalt be with me in Paradise.'" The preacher stated that I could not prove that he was not baptized. In my reply, I said, no one would take that for a reply.

Briefly, they teach baptism is a saving ordinance, and more, it is only efficient if a "Latter Day Saint" or "Mormon" elder does the immersing. They thus deny the efficacy of faith in Christ's shed blood as an atonement for sin. Next they deny what is called the "divinity of Christ" in other words, they deny that Christ came from the Glory and took upon Himself the form of a man and they deny the "Immaculate conception." Then they have what is called a "Mormon Bible," which Jos. Smith claimed to have revealed to him by God. The Bible we all recognize they call "Truth." Their so-called Bible they call "righteousness" and the passage "truth and righteousness kissed each other" (which speaks of the fruit of the atoning work of Christ), they claim is when God's own Word—the Bible, and Joe. Smith's come together. I was told by numbers that when elders were ordained a voice was heard in the air above the audience saying in an impressive way—for a name let us say, "John Smith, I ordain thee an elder of the most High God." That is a way in which they appoint elders. People may deceive themselves, and unconsciously deceive others, but most of us will find the best explanation to the above last statement is, that when ventriloquism is used to make believe, it is God's voice, there is more than unconscious deception used. I have yet to find that they preach the blood of Christ as atonement.

In closing, let me say there was a time when I strongly advocated having such things alone, but I have found out that it is a great deal less difficult to warn people of hidden evil doctrine beforehand, than to try and free them of it when it has been swallowed with a sugar coating.

Should we not (I feel sure we should) treat them with Christian kindness, but firmly and distinctly give them to understand that we have nothing in common with such teaching, and that such a passage as "If thou shalt confess with thy mouth the Lord Jesus and believe in thine heart that God hath raised Him from the dead, thou shalt be saved," condemns their teaching.

Trusting that you will find it in the interest of your readers to insert the above.

I am yours, etc.  
R. F. HOLTHERMAN.

Major James Sheppard, of Queenston, superintendent of the Welland County Good Roads System, was killed by a train while driving his auto over the railway crossing at Brookfield.

**Hot Water for Sick Headache**

Tells why everyone should hot water with phosphorus in it before breakfast

Headache of any kind, is a auto-intoxication which means poisoning. Liver and bowel called toxins, sucked into it through the lymph ducts, ex heart which pumps the blood that it congests in the arteries and veins of the head, produces violent, throbbing pain and called headache. You become, despondent, sick, feverish, miserable, your meals sour to acetanilide, aspirin or other medicines which temporarily relieve do not rid the blood of these toxins.

A glass of hot water with a spoonful of limestone phosphorus drunk before breakfast will not only wash these from your system and cure headache but will cleanse, purify and freshen the entire alimentary tract. Ask your pharmacist for a pound of limestone phosphorus, inexpensive, harmless as sugar almost tasteless, except for a tinge which is not unpleasant. If you are coated or your tongue is coated or you wake with bad taste, foul breath, colds, indigestion, biliousness, constipation or sour, acid stomach, give the limestone phosphorus. It rid your system of hot water toxins. Results are quick and it is that those who continue to fill the stomach, liver and bowels morning never have any head know a miserable moment.
