### A Patriotic Indian.

Chief Joseph Davies of the Brunswick House Band of Ojibway Indians, and several of his tribe, who enlisted in 1916 with the 227th (Men of the North) Battalion, were among the returned soldiers who arrived home from France by the Olympic.

Chief Davies was granted by the military authorities the unique privilege of wearing upon his uniform throughout active service his official Indian chief's insignia.

On his arrival at Chapleau a welcome was extended by Indian Agent T. J. Godfrey and a large deputation of members of the tribe. A pathetic feature of the chief's homecoming is that two of his children have recently died of the "flu."

The chief's wife, traveling more than thirty miles by canoe, having to break the ice in many places to get through, bringing with her one dead child and one seriously ill with the epidemic, arrived in Chapleau too late to save the life of the second child, who died shortly after admission to the hospital.

### Favorite Hymns.

A pastor in a large western city church took a vote upon the ten favorite hymns of his young people. Beginning with the one receiving the highest number of votes, the list was as follows: "Abide With Me," "Nearer, My God, to Thee," "Rock of Ages," "Lead, Kindly Light," "Jesus, Saviour, Pilot Me," "Jesus, Lover of My Soul," "How Firm a Foundation," "O Love That Will Not Let Me Go," "All Hail the Power of Jesus' Name," "My Faith Looks Up to Thee."

### Canadian Red Cross in London.

Canadian women, whether in the Dominion or overseas, must feel honored by the appointment of Lady Drummond as Assistant Commissioner in England of the Canadian Red Cross Society. The post is one big with importance for Canadian soldiers and their friends and anyone who knows anything of Lady Drummond's splendid work, knows also that a woman big of heart and ability now fills the post.

### Join the Ordnance Corps.

Glendora—Did you know I was an ammunition girl?  
Alphone—Do you mean you make a lot of noise?  
Glendora—No, I like to have arms around me.

### Bird Life.

To conserve bird life for economic as well as sentimental reasons, the Canadian Government is offering prizes to school children for bird-houses and photographs of birds in their habitat.

### Teachers' Salaries.

If "painfully low salaries" are paid teachers now, as Hon. Dr. Cody says, what must they have been a few years ago? There is not really so much advance, however, as there seems to be, and it is well that the Minister of Education has a proper appreciation of the subject. If a teacher just fresh from the Normal School gets a salary of \$550 per annum she can't get her board for probably twice what it would have cost her a few years ago, and everything she has to buy costs her much more than it would some time ago. Then as to male teachers, though there has been an advance in salaries it is probably not equal to the increase in the cost of living. There will be people both in cities and towns, however, who will complain of the high cost of education. Education of the right kind implies a teacher of the right kind. A good teacher is worth a good price.

### Most of 'Em Do.

Widow—What do you think of Ethel's dress?  
Frosh—It does make you think, doesn't it?

### Automobiles.

In 1914 the number of automobiles in Canada was 67,415, increasing to 189,320 in 1917. It is estimated that the number of cars in use at the close of the present year will be approximately 250,000. With an estimated population of 8,000,000 this gives a proportion of one car for every thirty-two inhabitants, as against one for every 118 inhabitants four years ago. Statistics have been compiled showing the occupations of car owners throughout the country, and from this it is apparent that about 90 per cent. of all the cars in use are owned by persons whose occupations are such that the automobile in their hands is a utility enabling them to do more and better work.

### Bees Chase Police Officers.

When Provincial Officers Smith and Hannah went to search the house of John Petrysazian, an Austrian Hyling in Sandwich East, near Windsor, Petrysazian liberated a swarm of bees, which charged the bluecoats and soon had them in retreat.

### A Giant Power Light.

The giant 50,000,000-candle power light installed at Niagara Falls is one of the largest in the world and makes of its vicinity an exceedingly brilliant spot, but it has been demonstrated that it would take 32,500,000,000,000 of them to do the illuminating work of the sun. The figures are not guesses, but scientific calculations based on long and elaborate experiments.
