NEW GLASGOW HERO-ONCE A NORMAL COLLEGE

Lately there was a Memorial Service in St. Andrew's Church, New Glasgow, for the 13 gallant soldiers of communion, who had fallen in read, one of these heroes.

George Sylvester.

and Mrs. Walter Sylvester, New Glasgow, was born on April 16th, 1889, in this town, and spent his boyhood on the playgrounds and in the schools of this place. From 1905-1907 he worked in the Steel works. In 1907 he went to Dalhousie University, graduating from there in 1911. The following year was spent at the Provincial Normal College, Truro. From there he went to Halifax, where he was principal of Tower Road School from 1912 to 1914. In October 1915, he sailed overseas. On September 26th, 1916, he was killed at Courcelette, 'Don't think I want to go," he said to one who remonstrated with him when he enlisted. "but it is my whole duty to be there." At a memorial service in Halifax, Mr. Hibbert, a, great personal friend, said, "George Sylvester was one of the noblest men-I ever knew."

Influenza

Nothing I know of will give such prompt relief from this discase as Chamberlain's Cough Remedy. The pain in the chest disappears, the fever goes down, and the whole body feels better. After effects of the disease can also be avoided by taking

Chamberlain's Cough Remedy

I have never known a single case of influenza to result in pneumonis when Chamberlain's was freely given, and the cough following influenza speedily yields to this splendid remedy. - Gramy Chamberlain

SEED IMPORTATION REGU-

Canadian farmers and gardeners are protected from the evils of planting inferior seed of many kinds of crops imported from other countries. By an order-in-council that came into effect in the autumn, importation is prohibited of unfit seed of clovers, grasses, vetches, rape, other forage plants, field root and garden vegetables in lots of ten pounds or more. In Pamphlet S-12 of the Seed Branch of the Department of Agriculture at Ottawa, and obtainable from the Pub-

lications Branch, unfit seed is described as that which does not comply with the Seed Control Act requirements respecting the sale of seed in Canada, or if it has been refused admittance into any other country on account of low vitality.

The regulations will be carried out through the Custom's officials who are required to take and forward to the Dominion Seed Laboratory for examination, sample of lots of seeds of the classes named entered for consumption be deported under Customs super-vision. The penalty for failing to ing, Feb. 9. comply with these regulations is \$500 for the first offense and not exceeding \$1,000 for the second and each subsequent offense.

Girls! Have Wavy, Thick, Glossy Hair Free From Dandruff

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish,

GR. FRANK LOCAN

Received fatal Wound in Taigh While Cleaning Rifles Leaves Brothers and Sisters in Moncton and Wife and Child in Nova Scotia

The news was received here yester-

day of the death of Gunner Frank W. Logan, under circumstances that are particularly sad. Gunner Logan, better known among the younger people of Moncton as "Tobey", was form-erly employed in the office of the Chief Engineer of the Intercolonial Railway in Mr. W. B. MacKenzie's time. A-bout ten years ago he went to Nova Scotia, where he was engaged as construction engineer on the railway from Dartmouth to Dean. On the completion of this road he was engaged in engineering work on the I.C.R. with headquarters at Truro. He enlisted there in 1915, as gunner in the 36th Battery and after a period of training at Fredericton, sailed from St. John March 2nd, 1916. He arrived in France on the 1st of July and was in some of the heaviest fighting on the Somme, escaping without serious injury, though on one occasion he was slightly gassed and given a short leave. Kings County has passed away in the When the armistice was signed he person of Dr. Henry Chipman, of was still in France and in recent let-Grand Pre. I will write you again very soon. With his best love,

Yours very sincerely, SISTER CARNEGIE,

Gunner Logan was in the 36th year of his age and is survived by a widow formerly Miss Farnell, of Halifax, and one young child, residing in Upper Musquodoboit, N.S.; also by two 524 new cases and 41 deaths. sisters, Mrs. O. J. Dunham and Miss Ina Logan, and two brothers, Chipman, recently returned from overseas. and George, of the C.G.R. shops, all of this city.

Gunner Logan was very popular in Moncton and the sympathy of the entire community will go out to the be reaved ones .- Moncton Times.

MILLS IN FLOUR CAPE BRETON.

A "Midget Marvel" flour mill has been supplied by the Nova Scotia Department of Agriculture, with the express idea of stimulating the growing of wheat, and is now in operation in Sydney.

The installation and running of the mill has been undertaken by a company. The government fixes the rates to be charged for grinding. The outlay by the department of agriculture and the company has been approximately \$15,000. The capacity of the plant is fifty barrels per day.

Similar mills are in operation in Victoria and Inverness counties.

NEW C. P. R. WIRE.

The C. P. R. Telegraph Co. is stringing a new copper wire from Halifax to Montreal. The wire is now being shipped and the work of stringing will be continued all winter to b concluded about the middle of March There are 800 miles between Halifax and Montreal and it takes 210 pounds of wire for every mile, so that the total weight will be 168,000 pounds, or 84 tons. In addition the company are to add a number of copper wires all over the system during the year

The Dominion government will spend \$15,000,000 on highways and \$60,000,000 to bring government raisways up to a standard of high effi-
