McKAY'S CORNERS.

H. S. Clements has kindly consented to act as chairman at a tea-meeting to be given by the ladies of St. James' Church on Nov. 28. Mrs. G. Hales and Miss Phinn returned on Saturday, after visiting friends at Highgate and Ridgeway. The task of travelling the town-line between here and Northwood is well under way. This is a very necessary work and has been neglected far too long, being one of the most travelled roads of the county.

NORTHWOOD.

Mr. and Mrs. W. H. Osterhout spent Saturday in Chatham. Mr. and Mrs. John Waddell, of Blenheim, were the guests of Mr. and Mrs. W. H. Osterhout last Sunday. Mr. and Mrs. Alfred Everitt spent Sunday at Magna Villa. The Rev. Mr. McKelvie, of Louisville, conducted a missionary meeting in the Methodist church on Sunday. Harry Stephens is having 3,000 ten inch tile put in on the Reid farm. Mr. Stephens is one of the most up-to-date farmers in this part of the country. A. Patterson was a city visitor Saturday.

This remarkable record is only one evidence of the careful management of this Company—one reason why the profits to policy-holders are larger than those paid by most companies.

You should investigate our policies before taking any other, and be sure of value as **Good as Gold**.

VIRTUE IN COPPER.

The Metal is a Death Dealer to All Disease Germs.

"Copper is a marvelous preventive of disease. If we returned to the old copper drinking vessels of our forefathers, typhoid epidemic would disappear."

The speaker, a filtration expert, took a copper cent from his pocket.

"Examine this cent under the microscope," he said, "and you will find it altogether free from disease germs. Examine gold and silver coins, and you will find them one wriggling and contorting germ mass. Yet copper coins pass through dirtier hands than gold and silver ones. You'd think they ought to be alive with micro-organisms. But no. Copper kills germs. Diphtheria and cholera cultures swarmed on a copper cent die in less than two hours."

"They have many cholera epidemics in China, but certain towns are always immune. These towns keep their drinking water in great copper vessels. Travelers have tried to buy these vessels, for they are beautiful, but the villagers will not sell them. They have a superstition that their health and welfare depend on their retention. I wish all superstitions were as true and salutary as that."

Whose Say-so is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids and doctors solely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. The invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Amongst these writers we find such medical lights as Prof. Finley Ellingwood, M.D., of Bennett Medical College, Chicago; Prof. Hale of the same city; Prof. John M. Scudder, M.D., late of Cincinnati, Ohio; Prof. John King, M.D., late of Cincinnati, Ohio; Dr. Grover Cox, of New York; Dr. Bartholow, of Jefferson Medical College, of Pa., and scores of others equally eminent.

Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, prostrates, anorexia and retroversion and other irregularities, cures painful periods, dries up and discharges, cures catarrhs and other troubles known as pelvic catarrh, and a multitude of other diseases peculiar to women. Bear in mind it is not a secret medicine, but the "Favorite Prescription" of a regularly educated physician, of large experience in the cure of women's peculiar ailments, who frankly and confidently takes his patients into his full confidence by telling them just what his "Favorite Prescription" is composed of. Of no other medicine put up for women's special ailments and sold through druggists, can it be said that the maker is not afraid to deal thus frankly, openly and honestly with every patient using the same know exactly what she is taking.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as sacredly secret and womanly confidence is never betrayed to professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

How to preserve health and beauty is told in Dr. Pierce's Common Sense Medical Adviser. It is free. For a paper-covered copy send Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps to cover mailing only; in cloth binding \$2.00 stamps. Dr. Pierce's Pellets cure constipation.

INTERNATIONAL S. S. LESSON
FOR TO-MORROW.
Jesus Before Pilate.—Luke 23, 13-25. Read Matt. 27, 3-30; John 19, 1-16.

Golden Text—"I find no fault in this man."

Let the teachers bring to their classes, if possible, the picture, "Christ Before Pilate." Here is an amazing scene to the universe, Heaven, Earth, and Hell. God disguised as a man, in the Holy One, Christ, who shall judge the quick and the dead, the supreme Judge of all mankind, their maker and preserver, standing as a defendant to receive his sentence, before the bar of a heathen, idolatrous judge, whose verdict is, "I find no fault in him."

Our classes will recollect that the crime for which the Jewish Council condemned Jesus to death was blasphemy. He taking the oath administered by Caiaphas the High Priest, that He was the divinely begotten Son of God, making Himself equal with God. Before Pilate, the Roman ruler, who despised their religion, these blind leaders of the blind accuse our Lord of three political crimes against Roman rule—

1. Arousing sedition.
2. Inciting the withholding of tribute.
3. Assuming to be a king.

Pilate examines Him privately and pronounces Him to be innocent and faultless; but they are determined He shall die, and Pilate fears to anger them.

1. Pilate adjudges Him innocent.
2. He sends Him to Herod, who returns Him unconvinced.
3. He offers to substitute scourging for the death sentence.

4. He offers to release Jesus in honor of the feast day.
5. Having scourged our Lord he presents Him bruised, bleeding and crowned with thorns to arouse their sympathy.
6. He washes his hands as clearing himself from the blood of Jesus.
7. He appeals to their Jewish patriotism, "Shall I crucify your King?"

Priests and people demand the blood of our Lord Jesus Christ, assuming the guilt Pilate desired to be free from. "His blood be on us and on our children."

Unbelief and the fear of man controlled Pilate; pride, religious bigotry and spiritual blindness the Jews; so Pilate gives the sentence they require.

Are not these things controlling the rejectors and neglectors of the Son of God to-day?

PROMINENT HOSPITALS SAY...

PE-RU-NA DOES WONDS IN RELIEVING ALL CATARRHAL DISEASE

SISTERS OF THE GOOD SHEPHERD, MONTREAL.

HOSPITALS ALL OVER THE CONTINENT FIND PE-RU-NA VALUABLE IN TREATING ALL CATARRHAL DISEASE

CATARRH of the respiratory organs is a common ailment in Canada for at least two-thirds of the year.

This condition is no doubt caused by the long, severe winters experienced in this part of the continent.

Therefore, when Peruna was discovered by Canadian people to be a reliable remedy for these catarrhal diseases, it at once became a popular medicine, not only among individuals and in families, but in the great hospitals, where it was used as a preventative and relief in hundreds of cases.

These institutions do not hesitate to give their endorsement of the remedy which has been so helpful in the treatment of their poor and sick.

Among these institutions is that of the Sisters of Good Shepherd, who gave the following endorsement:

The Peruna Company,
Columbus, Ohio.
Having used Peruna for the past few months, for our sick and poor, we are happy to say that it has given us great satisfaction.

The Sisters of the Good Shepherd,
Montreal, August 20, 1903.
After a continued use of the remedy, this institution has found no reason to change its good opinion of the remedy and expresses its satisfaction in the following terms:

Montreal, Nov. 7, 1903.

We found Peruna a relief in several cases.

We can say it is a good tonic and we are very thankful.

Sisters of the Good Shepherd.
When catarrh once fastens itself upon the system, it becomes an obstinate disease to eradicate.

A systemic remedy—one that reaches every internal organ of the body—is an absolute necessity.

Peruna is just such a remedy. It searches out the cause of the disease, healing and strengthening the mucous membranes, and thus giving Nature an opportunity to perform her part of the restorative process.

One of the many hospitals which have found Peruna of value in treating old and obstinate cases of catarrh is the Hospital St. John, who write, as follows:

"We are happy to tell you that your Peruna has given us satisfaction. Three patients have tried it, one 68 years old, Renou Dupuis, afflicted with catarrh, is much relieved, more than he has been for a number of years."

"A young girl, 15 years old, had an obstinate cough, which half a bottle of Peruna caused to disappear."

"As to myself, two bottles have convinced me that Peruna is magnificent as a tonic."

"Before the treatment I could walk for a quarter of an hour experiencing much fatigue. Now I walk a mile easily."

"Through these three cases to make known to the public the efficacy of your remedy."

Hospital St. John, of St. Province.

A later letter received from this institution reads as follows:

"Three weeks ago I wrote you how satisfactory Peruna was in curing my colds, coughs, catarrh and I have used it myself as a tonic, and the best results, taken as directed, a teaspoonful every half hour."

Peruna not only promptly cures colds and catarrh, but is equally prompt and effective in the treatment of all catarrhal diseases in the chest.

Of course, it is only to suppose that a great deal will be necessary to cure a case of catarrh than would be to relieve the ailment after it has become chronic.

Directions for taking to be found on each bottle Hartman's book, called "Life," which can be obtained from the druggist for the asking, reading it. For special instructions, write to Hartman, President of Sanitarium, Columbus, Ohio.
