Whole No. 560

TO THE ACRE

The Everyday Bargain Store

Pressent and Duture Frices

Merchants as well as the buying public are watching with real amazemen steady upward frough or prices. They can see that this growth seems to be a matter of increases in everything except in production—for there is simply not the inerchandise to be had to supply the demand for it. Rising prices together with shortage should, we think, interest careful men and women. Supply your wants at this time, for we have no assurance whatever that we will be able to offer such a price for the same quality of

100 BARRELS

service and then proceeded with Is the Yield of Some Potate Fields

Probably the first carload of potatoes marketed this year was Lorne Boyer accompanied the week by Judd McGee, who got 33.60 per barrel for them delivered in the car. They were bought by Phillips, Estey & Co. of Woodstock, who shipped them to Boston. Mr. McGee said that one measured acre yielded him Night 108 barrels, and that the yield of all that he has dug so far is right Hartland around 100 barrels, and the About quality seems to be of the very in were best. R. E. Robinson, also of E. A. Britton was Lower Brighton, is loading a car nd H. A. Sippreli as temporary Co. Ltd., and he says his potatoes tary. The aims and ob- are likewise turning out about of the organization was 100 barrels to the acre and of

The following officers were chos- Hatfield & Scott are loading en to hold their posts during the this week at other points and inder of the present year : shippers all along the line will be buying right away. The price offered today is \$3.

Large shipments of turnips are being made and they have brought \$1.25, but the price is vening in every month dropping off. They are sent mostly to the Potato Products Company at Woodstock.

All sections of the province and most wints in Aroostook are reporting a big potato yield. With good weather conditions and fair prices the farmer should wear a smile.
