

THIRD ANNUAL CLEARING SALE

Starts Saturday, October 22

Remember the great Bargain Sale that opened at this store just a year ago? Great time, wasn't it? Our store crowded from opening to closing, day in and day out, for week after week, just as long as the special bargains held out. Stock-reduction time has come again and this year we sell at a loss because **PRICES HAVE DROPPED**. That is to the buyer's advantage, however, and every time we please a customer we count it a good stroke of business.

LET \$4.50 DO THE WORK OF \$7.50

In Dry Goods, Clothing, Footwear and many other lines during this sale you can buy for \$4 goods that last year would have cost you \$7.
