## DEMPSEY FAILS TO IMPRESS MONTREAL

Champion Showed He Packed a Punch But He Was Lacking in Science

(Canadian Press by Louis Wire) Montreal, Nov. 3.—Jack Dempsey, world's heavy weight champion, gave a four round sporting exhibition here last night at the Mount Royal Arena. Dempsey did not create the favorable impression that Georges Carpentier did in his appearance here some time ago. He had not the finish of the European champion. He demonstrated, however, that he is a rugged fighter and can land a hard punch. Dempsey left for Quebec following the exhibition.

Alfred King, 2.13 1/4, Is Presented to Frank Fox

Caleb S. Spencer, the Boston horseman, has presented Alfred King, 2.13 1/4, to Frank Fox, who won 10 races with the black trotter this season.

## SADIE CHATHAM IS COMING HERE

Roger Bourke, of Greenfield, has sold a 4-year-old trotter by Peter O'Donnell, 2.08, to Frank Toole, of Amherst. Another recent sale of his is Sadie Chatham, 2.14, to New Brunswick parties.—Boston Globe.

Fred Edman has four head at Phoenix.

## Acadia-U. N. B. Football Game on Sloppy Gridiron at College Field

All Night Rain Has Been Followed by Perfect Downpour Today Which Has Upset the Little Advance Dope on the Teams—Talk of Severing Athletic Relations at Lively Conference Over Selection of Referee—Dr. H. E. Bigelow of Mount A. Faculty Finally Chosen.

With Prof. Bigelow of Mount Allison University faculty as the referee, the U. N. B. and Acadia football teams will play their all important game on a sloppy gridiron at College Field this afternoon.

An all-night rain was followed by a perfect downpour early today and conditions will be just about as far from satisfactory for good football as they could be. The rain has put the dopesters all astray, too, as nobody knows how either team will make out in the mud.

"We haven't had any rain at Wolfville for forty days," said one of Acadia's board of strategy, and our players have not handled a wet ball this season, so we don't know how they'll make out."

U. N. B. had a slight taste of a wet field at Sackville when they played Mount Allison last week, and it slowed up the forward line. But it is the important division under such conditions.

Little Betting on the Game. There has been little or no betting on the game, neither side appearing to care to wager even on the night before without a better line on the relative strength of the opposing teams. One Acadia man said their forward line would average 185 pounds and, if that is true, it gives the Nova Scotians a big advantage. Then it was proclaimed that Acadia's scrum had been made over to get all the speed possible, and if they have been able to get a muck with such weight and also showing speed, the advantage is still further increased.

U. N. B. forwards have become notorious for their lack of speed.

There have been contradictory reports as to whether Capt. E. G. Saunders of the U. N. B. team will play today or not. Official announcements have said that he would not line up, but it has been whispered that he might try it.

There was talk of cutting off all athletic relations between U. N. B. and Acadia during the conversations that followed. N. B. asserted they would demand that Astor referee and unless Acadia accepted they would have to forfeit the game. Acadia said that the referees had agreed that Astor was ineligible to referee because of having affiliated at U. N. B. practices and for a while it seemed there was no chance of breaking the deadlock.

Finally Dr. Bigelow was called on the long distance telephone and eventually he agreed to come here to referee. He has made personal sacrifice, and arrived this morning to take charge of the game.

Never before in the history of the intercollegiate league has there been such a night-before situation as that which existed last night, and there is a very general feeling that some steps should be taken to put intercollegiate football on a substantial basis where there can be no such eleventh hour wrangling as occurred last night. The referee matter could and should have been settled long ago.—J. D. B.

HOOF PRINTS. Tommy Barry has won 65 races.

Berney Hoyt, 2.09 1/4, is a sure enough race horse.

Dudette, 2.09 1/4, is running out at Castleton Farm.

Harry Bruce will have not far from 50 winning races to his credit this year.

Alex, 2.03 1/2, once the trotting queen, is the second dam of General Burleigh.

W. H. Kane's Good Time Stable will race entirely over mile tracks next season.

Per the Great, 2.07 1/4, is almost "a century" 2.10 sire, 97, and 22 of them in the 2.05 list.

It looks like a lot of fast record pacers would find new owners at the New York sale.

The Pittsburgh Matinee Club is to disband and the Brunos Island track will be idle next season.

Gossip has it that Galt, 2.03 1/4, now in the Murphy stable, will soon change owners at \$30,000.

Single G, 1.58, was foaled in 1910. He was bred by his present owner, W. G. Barfoot, Cambridge City, Ind.

Allewood the Great, 2.12 1/4, has started in 86 races and only three times has he finished behind the money.

Never before has New England known as fine an end of the season meet as that at Cherry Park last week.

Frisko June, 2.01 1/4, the champion three-year-old pacer, was bred by Harry Burgoyne, manager of Walnut Hill Farm.

Joe Johnson had a tough run of luck early in the season, but he made the fall campaign a most profitable one.

Jimmie Small is in winter quarters at Charter Oak with the horses owned by Frank Whitcomb of Springfield, Mass.

Charles B. Stickney, of Nashua, N. H., and Chester F. Pike, of Windsor, judges next season.—Boston Globe.

V. L. will be very much in demand as Norman Tallman is pretty high on a yearling pacer by The Northern Man, 2.06 1/4, out of Anna Bradford, 2.09 1/4.

On a slippery field, however, it would seem doubtful if he could last any length of time, and if he couldn't stick it out there would be little sense in his starting the game. Without Saunders, however, the U. N. B. team will not play as heartily as with him in the game, and they also lose some of their much-wanted speed in the forward line.

Wrangled Over Referee. Acadia and U. N. B. failed to reach an agreement on the referee question until about midnight last night, and then there was no decision until after which took place at the Y. M. C. A. building, York street.

Manager Wills of U. N. B. and Manager Lumsden of Acadia were the official representatives at the conference, but there were other participants. During the day a wire had come from Acadia expressing their willingness to accept Jack McLeath, of Moncton, but he sent word to Manager Wills that he couldn't officiate, so that when the team arrived here there had actually been no progress made whatever in the matter of a definite selection.

Shortly before 10 p. m. the conference at the Y. M. C. A. building started and at the outset Acadia let it be known that they would not accept Sergt. Major Jack Astor as referee on the grounds that he had been assisting in the coaching of the U. N. B. team and the U. N. B. squad had been accustomed to his style of refereeing to such an extent that they thought it would be unfair to ask them to play under such a handicap, although they didn't question either his ability or fairness.

There was talk of cutting off all athletic relations between U. N. B. and Acadia during the conversations that followed. N. B. asserted they would demand that Astor referee and unless Acadia accepted they would have to forfeit the game. Acadia said that the referees had agreed that Astor was ineligible to referee because of having affiliated at U. N. B. practices and for a while it seemed there was no chance of breaking the deadlock.

Finally Dr. Bigelow was called on the long distance telephone and eventually he agreed to come here to referee. He has made personal sacrifice, and arrived this morning to take charge of the game.

## Acadia is Confident With Weight and Speed to Burn

Nova Scotians Arrived Here Last Night and Impressed Onlookers by Their Husky Appearance—Alden Clark the Only Fredericton Boy on the Team

Heavier than U. N. B. and with their friends tipped off that the team had been selected with speed as the first consideration, the Acadia University football team arrived here last evening, quietly confident that they will emerge as winners from the crucial game of the western section of the intercollegiate Rugby League today.

Seventeen players were included in the Acadia party who arrived by C. P. R., having made the trip across the Bay of Fundy yesterday. Manager C. B. Lumsden, Coach Tingley, Dr. DeWitt, the University physician, and several rooters made the complete personnel number more than twenty.

They are making their headquarters at Windsor Hall and expect to leave here again this evening so as to get back to Wolfville tomorrow.

Without boasting, the Acadians soon let it be known that they came to Fredericton confident of their ability to win, although they said they expected a hard fought game with U. N. B. having the advantage of playing on their home grounds.

They said, would be at full strength as Parker, their star full-back, was in trim once more and Porter, the headliner of the half line, was in tip-top shape. The scrum has been more or less remade since their games with the Wanderers and Manager Lumsden, in discussing possibilities of the championship of the western section of the league, admitted Acadia really had never been in action as they will line up here today.

In the Pink of Condition. However, there was something impressive about the appearance of the Acadia players, even in their street clothes. They looked to be big, massive fellows—some of them carried sticks, too, by the way—and if there ever was a bunch who looked to be in the pink of condition it was Captain Atkinson and his bunch of athletic-looking fellows. They wasted little time in getting out of the hotel and down to the Imperial Cafe for a lunch after their arrival, but with the exception of those who remained to fight out the referee dispute, the squad were all in bed early for a good night's rest.

There is only one Fredericton High graduate on the Acadia team, and that is Alden Clark, who was an all-round star for the local school last year. In his first year at Acadia he has won a place on the Varsity half line, a truly creditable showing as he was not regarded as likely senior team material for his first year; he will also be a decided acquisition for Acadia when it comes time for hockey and should prove one of the best all round athletes the Nova Scotia Institute has had in recent years. "Mike" Kitchen, a former star quarterback, and other local graduates of Acadia, met the team on their arrival and there

was an air of confidence in the result today wherever Acadians gathered last night.—J. D. B.

JOHN COLLINS TO BECOME MANAGER?

Pittsfield, Nov. 2.—The directors of the Pittsfield baseball club in the Eastern League have given Manager Joe Birmingham, who headed the club for two seasons, his release.

The directors also have voted a 20 per cent. dividend on all "record stock," payable Nov. 10.—It is reported an effort will be made to obtain an effort will be made to obtain

John Collins, White Sox player, whose home is in Pittsfield, as manager in case he decides to retire from major league baseball.

Molly Knight, 2.06 1/4, is back in the Mosses stable at Memphis after a year's

absence.

Joe Johnson had a tough run of luck early in the season, but he made the fall campaign a most profitable one.

Jimmie Small is in winter quarters at Charter Oak with the horses owned by Frank Whitcomb of Springfield, Mass.

Charles B. Stickney, of Nashua, N. H., and Chester F. Pike, of Windsor, judges next season.—Boston Globe.

V. L. will be very much in demand as Norman Tallman is pretty high on a yearling pacer by The Northern Man, 2.06 1/4, out of Anna Bradford, 2.09 1/4.

## ACADIA BUILDING NEW \$125,000 GYM

Dr. DeWitt, College Physician, Tells of Progress in Physical Work

Acadia will soon have a new \$125,000 gymnasium, with better equipment than anything to be found east of Montreal. In use and is making big strides in everything pertaining to physical and athletic development, according to Dr. DeWitt, the University physician, who is here with the Acadia football team for today's intercollegiate match.

Dr. DeWitt is an Acadia graduate and a former football star at the University. He is now exclusively engaged as the physician at the University and finds it keeps him time pretty fully taken up to look after the health of the large number of students now at the Acadia educational institutions. He is enthusiastic over his work and believes the health of the students at the institutions is much benefited by the modern methods employed.

The campus of Acadia is also being enlarged so that instead of one there will be two or perhaps three fields available for football or other sports in season.

Dillon Axworthy, 2.10 1/4, is the sire of 10 three-year-olds whose records average 2.08.

Only five Grand Circuit trotters won more than \$10,000.—Peter Manning, Arion Guy, Peter Coley, Sister Bertha and Day Star.

NOTICE To Water Consumers Water consumers will please take notice that the Water Rates are now due and payable at the City Treasurer's office, City Hall.

G. R. PERKINS, City Treasurer.

## Used Robes

We have just unpacked our Stable Robes and are offering them for sale at sacrificing prices.

If you are in need of an Auto Wrap it will pay you to call and see this assortment. All have been used slightly, but are clean and well preserved.

Also Horse Blankets.

P. S. Watson SELLS EVERYTHING - DEVON, N. B.

1921 Models HAVE JUST REACHED US

They're well worth inspection whether or not you now have any intention of buying a "McLaughlin."
